The credit issued will be for the cost of the canceled lesson(s). The credit can be applied to future aquatics lessons or any other Montgomery County Recreation program.

Please note the following:

Parents: in order to assist us in offering a quality program for your child, you may not remain at the class unless it is otherwise stated in the description. Experience has shown that children are easily distracted.

Observation is allowed from designated areas only. At some facilities, clear observation may not be possible. Observation is not possible at the MLK pool.

Class fee covers only the lessons and no other use of the facility.

Participants may enter the locker rooms ten minutes before the start of class.

Lesson questions should be directed to the facility where you wish to enroll.

For a detailed list of skills taught in each class, please inquire at the pool where you will be taking lessons.

MEDITATION

Introduction to Mindfulness Meditation

Ages 18 & Up: Cultivate a greater awareness of the unity of mind and body. Mindfulness meditation helps practitioners stop worrying about forces not under their control, using mindfulness techniques including a full-body scan, seated meditation, walking meditation and eating meditation. No prior meditation experience is needed to enroll in this class.

1 Session \$49

Instructor: Jerry Hartman
75146 Lawton CRC 1/25 Sa 10 a.m.-2:00 .p.m

Using Mindfulness to Increase Happiness

18 & Up: For most of us, happiness is dependent on outside conditions. We suffer from the "if only" disease and never have enough to be satisfied. Possessions, jobs or relationships - we're always looking for the next big thing that will finally make us happy. Eventually we realize that approach doesn't work. Mindfulness meditation gives us tools to create a lasting happiness that doesn't rely on others. We'll explore how clinging to our attitudes and possessions create dissatisfaction, and how loving, kindness, generosity and gratitude can help change your outlook on life. No prior meditation experience is required to participate in this class.

We will alternate periods of seated and walking meditation. Both beginning and experienced mindfulness practitioners are welcome.

WELLNESS

HEALTH/WELLNESS

Mindfulness of the Body

18 & Up: Of the four foundations of mindfulness, the first and most important is mindfulness of the body. As infants, we learn unconsciously to interpret everything that happens in our lives as pleasant or unpleasant based on how we experience it through the five senses in our body. And yet, as we grow, most of us forget this and live our lives from the neck up. Join us for a half day of meditation, short talks, and group discussions which will increase your awareness of the body and its relationship to the mind. No prior meditation experience is needed to enroll in this class.
