Howard University College of Dentistry
Dental School Clinic
600 W Street, NW
Washington, DC 20059
202-806-0008 (New Patients / Emergency Care)
202-806-0307 (Children's Dental Care 14 and under)
http://healthsciences.howard.edu/education/colleges/dentistry/patient-care/appointments
Hours: Monday, Tuesday, Thursday, and Friday, 10am to 1pm, Monday through Friday, 2pm to 5pm, Wednesday, 9am to 12pm.
Clinic offers an extensive range of dental treatments and oral healthcare services for adults and children. Dental treatment in the pre-doctoral clinic is rendered by their dental and dental hygiene students under the supervision of the faculty. The first appointment will be for evaluation to determine the patient's dental needs. Preliminary diagnostic radiographs are taken, and your record is forwarded to the patient pool for assignment to a student. Assignment is determined by your dental needs and how those needs will assist the student in obtaining his/her clinical experiences. Special services are offered to children in the Pediatric Dentistry and Orthodontic Clinics. Fees may be paid in the form of cash, check or credit card. Payment is due on the date service is provided. Patients with insurance must also pay at the time service is rendered. The College of Dentistry will complete an insurance claim for submission to your insurance carrier for reimbursement.

Live Healthy Program – Dental Discount Program
Montgomery County Government
1-877-573-2395 (Toll Free)
www.montgomerycountymd.gov/OPI/live-healthy.html
Low-fee dental discount program that provides discounts on check-ups, cleanings, fillings, crowns, root canals and more. Residents can save 15% to 50% off most dental procedures. There are no deductibles and no benefit maximums. There are more than 500 participating dental professionals, including general dentistry, orthodontics and oral surgery, in Montgomery County. Monthly and annual discount programs are available for individuals and families. Partnership between Montgomery County and the National Association of Counties (NACo).

Maryland Foundation of Dentistry
Donated Dental Services Program
Nikole Garland, Patient Care Coordinator
410-964-1944 (V)
E-mail: ngarland@mfdh.org
https://mfd-dds.org/
Non-profit organization made up of volunteer dentists throughout the state who donate their services and dental laboratories. Volunteers do not provide emergency services. Applicants must lack adequate income to pay for dental care and have a permanent disability or qualify as medically fragile. Call for application and anticipated waiting time.

Muslim Community Center Medical Clinic

Clinic Hours: Monday and Friday, 8:30am to 4pm (closed daily from 12pm to 1pm)
www.dental.umaryland.edu/patients/shady-grove-oral-health-services/
provides residents of Montgomery County and the greater Washington, DC area with the same comprehensive dental and emergency care as the clinics located at the School of Dentistry Baltimore campus. The community-based site offers quality dental care in an educational environment. University of Maryland School of Dentistry (UMSOD) students provide services and care under the close supervision of our experienced UMSOD faculty dentists. Our providers are leaders in their fields and collectively share their extensive knowledge in every area of oral health care. UMSOD students conduct thorough evaluations to diagnose each patient's needs and develop a comprehensive treatment plan. Appointments are required. The Dental Clinic and Patient Care Facility does NOT accept walk-ins. Generally, patients pay for treatment at the time of services, unless prior arrangements have been made. As a courtesy, the clinic will submit dental insurance claims to assist the patient with the maximum reimbursement to which they may be entitled. UMSOD will accept the insurance payments received and apply to patient balance. However, there is no guarantee of payment from the insurance company. Ultimately, please be aware, the full fee for treatment is the responsibility of the patient. Dental Clinic and Patient Care Facility parking is located in the Traville Gateway Garage/Shady Grove Garage on levels 2 through 6. The garage is open 24 hours a day, 7 days a week. The rate is $3/hour or $15/day. NOTE: The Dental Clinic does NOT validate parking.

Special Care and Geriatrics Services:
Comprehensive, special care is available for persons with disabilities including persons who use wheelchairs, persons with complex medical problems, and older adults.
General Dentistry Adults: Patients are assigned to a student dentist who arranges appointments, provides general dentistry services, and arranges for specialty consultations and treatment. Services for adults include fillings, crowns, bridges, implant restorations, dentures, endodontics (root canals), esthetic dentistry (basic teeth whitening, bonding services, and tooth-colored fillings), periodontics (treatment of gum disease) and oral pathology consultations. Appointments are available Monday, Wednesday and Friday in the morning and afternoon. There is a $50 non-refundable deposit to become a new patient at the school. This fee will be applied to any dental care that you have. The patient admissions appointment will include a detailed medical and dental history, basic exam, and any necessary diagnostic x-rays.
Pediatric Dentisty: Comprehensive oral health care services are available for children from infancy through age 18 in their Pediatric Dentistry Clinic in an environment designed especially for children. Services include comprehensive oral evaluation; assessment of risk of tooth decay; teeth cleaning; fluoride treatments; sealants; tooth-colored fillings; space maintainers (to save space for adult teeth); athletic mouth guards; teeth whitening (for adolescents); cosmetic dentistry; and emergency dental care.
Advanced General Dentistry: Post-doctoral clinic that offers comprehensive dental care, including routine cleanings and exams, fillings, crowns, bridges, implant restorations, dentures, and treatment of more complex general dentistry cases. In this clinic, dentists who have completed dental school and are receiving 1-2 additional years of training in advanced general dentistry provide treatment under the supervision of faculty dentists. Fees at the Advanced General Dentistry Clinic are slightly higher than at the Pre-Doctoral Clinics, though they are still lower than the fees charged by dentists in private practice.

Washington Hospital Center
Oral and Maxillofacial Surgery
110 Irving Street, NW
Washington, DC 20010
