Adult Drug Court Treatment Program Montgomery County Circuit Court

Jenna Davis, Problem Solving Courts Coordinator
240-777-9141 (V)

Email: jenna.davis@mdcourts.gov

<https://montgomerycountymd.gov/cct/drug-court.html>

Voluntary program that offers offenders with drug/alcohol-dependency problems a new opportunity to break the chain of the cycle of drug/alcohol addiction and crime through intensive treatment and monitoring, as well as direct attention from the court.

The mission of the Adult Drug Court Program is to eliminate substance abuse, crime, and their consequence, by forging continuing partnerships with the court, health treatment providers, concerned community organizations and law enforcement. Leveraging its partnerships and authority, the court will direct substance-abusing offenders into evaluation and treatment to achieve personal responsibility and productive citizenship. The program consists of three phases and the minimum length of treatment is 20 months, but the actual length of stay is dependent on a participant's progress.

Adventist HealthCare – Intensive Outpatient Programs

1-800-204-8600 (Toll Free)

www.adventisthealthcare.com/services/behavioral-health/intensive-outpatient-programs/

Olney, MD 20832
301-774-8882 (V)

www.medstarhealth.org/services/substance-abuse-prevention

All MedStar Health patients needing addiction counseling and/or mental health help will be assessed at the hospital and a patient's first appointment for further treatment prior to being dismissed from the hospital will be established. Once a patient at MedStar Health is identified as having addiction issues, they are referred to certified addictions counselor, who conducts additional assessments and coordinates referrals to inpatient substance abuse treatment facilities or outpatient treatment facilities, depending upon the patient's level of need. In addition to the services currently provided by the Behavioral Health Unit, MedStar Health also provides ongoing substance abuse education to patients who attend the Partial Hospitalization Program, including routine assessments, brief intervention, and counseling services.

Outpatient Addiction Services – Montgomery County Dept. of Health and Human Services

981 Rollins Avenue
Rockville, MD 20850
240-777-1770 (V)

www.montgomerycountymd.gov/HHS-Program/Program.aspx?id=BHCS/BHCSOAMH-p253.html

Outpatient Addiction and Mental Health Services delivers care to individuals with mental health and substance abuse symptoms and disability. This program was formerly operated by the Montgomery County Department of Health and Human Services. Symptoms are serious enough that extensive support, monitoring and accommodation is necessary for the individual to participate in the treatment process; but there is no evidence of significant danger to self or others, a need for detoxification, or 24-hour psychiatric supervision. These individuals may have a history of suicide. Disability is defined as long-term, potentially lifelong, functional impairment as a result of substance dependence and/or a mental health disorder. This includes persons with severe and persistent mental illnesses who have a significant history of relapse, multiple recurrences of a mental health disorder, and/or evidence of continued impairment in several areas (capacity to manage relationships, job, finances and social interactions). Referrals are now made by the Access Team to contract providers in Montgomery County.
