DESCRIPTION OF THE BONDS

Purpose of the Bonds

The proceeds of the Bonds will be used to (i) pay the costs of issuing the Bonds and (ii) refinance all or a portion of the County's outstanding Consolidated Public Improvement Commercial Paper Bond Anticipation Notes, 2009 Series and Consolidated Public Improvement Commercial Paper Bond Anticipation Notes, 2010 Series, which such notes were used to finance and refinance the acquisition, construction and equipping of certain Consolidated Public Improvement Projects, as described in Section 20-14 of the Montgomery County Code (the "County Code"), as amended, as follows: General County, Roads and Storm Drainage, Public Schools and Community Colleges, and Mass Transit.

Authority for the Bonds

The Bonds are consolidated and issued pursuant to Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2017 Supplement); Section 19-101 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2017 Supplement); Chapter 43 of the Laws of Montgomery County of 2006, Chapter 12 of the Laws of Montgomery County of 2007, Chapter 36 of the Laws of Montgomery County of 2008, Chapter 22 of the Laws of Montgomery County of 2009, Chapter 54 of the Laws of Montgomery County of 2010, Chapter 24 of the Laws of Montgomery County of 2011, Chapter 19 of the Laws of Montgomery County of 2012, Chapter 26 of the Laws of Montgomery County of 2013, Chapter 31 of the Laws of Montgomery County of 2014, Chapter 49 of the Laws of Montgomery County of 2015, and Chapter 26 of the Laws of Montgomery County of 2018; Resolution No. 16-1104 of the County Council of the County (the "County Council"), adopted on September 15, 2009, as amended; the County Code; certain provisions of the Montgomery County Charter (the "Charter"); and an Executive Order of the County Executive of the County, as supplemented (the "Executive Order").

Security for the Bonds

The Bonds are general obligation bonds of the County and constitute an irrevocable pledge of its full faith and credit and unlimited taxing power. Such Bonds are payable from ad valorem taxes, unlimited as to rate or amount, on all real, tangible personal and certain intangible property subject to taxation at full rates for local purposes in the County.

Additionally, Section 312 of the Charter provides as follows: "...If at any time the Council shall have failed to appropriate and to make available sufficient funds to provide for the timely payment of the interest and principal then due upon all County indebtedness, it shall be the duty of the Director of Finance to pay, or to make available for payment, to the holders of such indebtedness from the first revenues thereafter received applicable to the general funds of the County, a sum equal to such interest and principal."

Redemption Provisions

Bonds which mature on or before November 1, 2028, are not subject to redemption prior to their respective maturities. Bonds which mature on or after November 1, 2029, are subject to redemption beginning November 1, 2028 as a whole or in part at any time thereafter, in any order of their maturities, at the option of the County, at a redemption price for each bond equal to the principal amount of the Bonds to be redeemed, together with interest accrued to the date fixed for redemption, without premium.

If less than all of the Bonds of any one maturity are called for redemption, the particular bonds, or portions of such bonds, to be redeemed from such maturity shall be selected by the Director of Finance of the County, acting as bond registrar and paying agent for the Bonds, or its successor as bond registrar and paying agent (the "Bond Registrar/Paying Agent") by lot or other random means in such manner as the Bond Registrar/Paying Agent in its sole discretion may determine, except that so long as DTC or its nominee is the sole registered owner of the Bonds, the particular bonds or portion to be redeemed shall be selected by DTC, in such manner as DTC shall determine. Each \$5,000 portion of a bond shall be treated as a separate bond in the selection of the Bonds to be redeemed.

If the County elects to redeem all or a portion of a series of the Bonds outstanding, it shall give a redemption notice to the registered owners of such Bonds to be redeemed by publication at least once, at least twenty (20) days prior to the date of redemption, in a newspaper of general circulation in the County. The County shall also give a redemption notice by letter mailed first class, postage prepaid, to the registered owners of the Bonds to be redeemed at their last addresses appearing on the registration books maintained by the Bond Registrar/Paying Agent; provided, however, that so long as DTC or its nominee is the sole registered owner of such Bonds, any redemption notice will be given only to DTC. The failure to mail such notice with respect to a particular bond or any defect in such notice, or in the mailing thereof, shall not affect the sufficiency of proceedings for the redemption of any other bond. The redemption of the Bonds is conditioned upon the deposit of sufficient money for the payment of the redemption price and accrued interest on the Bonds to be redeemed on the date designated for such redemption.

Notwithstanding the foregoing, so long as the Bonds are maintained under a book-entry system, selection of the Bonds to be redeemed shall be made in the manner described below under “Book-Entry Only System” and notice of redemption shall be mailed only to DTC.

Book-Entry Only System

The information contained in the following paragraphs of this subsection “Book-Entry Only System” has been extracted from a schedule prepared by DTC entitled “SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY ONLY ISSUANCE.” The County makes no representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

General. DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of the Bonds in principal amount equal to the aggregate principal amount of the Bonds of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the

Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions and defaults. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent/Registrar and request that copies of the notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

So long as a nominee of DTC is the registered owner of the Bonds, references herein to the bondholders or the holders or owners of the Bonds shall mean DTC and shall not mean the Beneficial Owners of the Bonds. The County and the Paying Agent/Registrar will recognize DTC or its nominee as the holder of all of the Bonds for all purposes, including the payment of the principal of and interest on, and the purchase price of, the Bonds, as well as the giving of notices. Neither the County nor the Paying Agent will have any responsibility or obligation to Direct or Indirect Participants or Beneficial Owners with respect to payments or notices to Direct or Indirect Participants or Beneficial Owners.

So long as the Bonds are held by DTC under a book-entry system, principal and interest payments and any premium on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct or Indirect Participant and not of DTC, DTC's nominee, the Paying Agent or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest or premium to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or its Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

Book-Entry Only System — Miscellaneous. The information in the Section "Book-Entry Only System — General" has been obtained from DTC. The County takes no responsibility for the accuracy or completeness thereof. The County will have no responsibility or obligation to DTC Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice to the DTC Participants, or the Indirect Participants, or

Beneficial Owners. The County cannot and does not give any assurance that DTC Participants or others will distribute principal and interest payments paid to DTC or its nominees, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve and act in the manner described in this Official Statement.

Discontinuation of Book-Entry Only System. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the County. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered. The County may also decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

In the event that the Book-Entry Only System is discontinued, the Bonds in fully certificated form will be issued as fully registered Bonds without coupons in the denomination of \$5,000 each or any integral multiple thereof. Such Bonds will be transferable only upon the registration books kept at the principal office of the Paying Agent/Registrar, by the registered owner thereof in person, or by an attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer in the form attached thereto and satisfactory to the Paying Agent/Registrar, and duly executed by the registered owner or a duly authorized attorney. Within a reasonable time of such surrender, the County shall cause to be issued in the name of the transferee a new registered Bond or Bonds of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the Bond surrendered and maturing on the same date and bearing interest at the same rate. The new Bond or Bonds shall be delivered to the transferee only after due authentication by an authorized officer of the Paying Agent/Registrar. The County may deem and treat the person in whose name a Bond is registered as the absolute owner thereof for the purpose of receiving payment of or on account of the principal or redemption price thereof and interest due thereon and for all other purposes.

In the event that the Book-Entry Only System is discontinued, the Bonds may be transferred or exchanged at the principal office of the Paying Agent/Registrar. Upon any such transfer or exchange, the County shall execute and the Paying Agent/Registrar shall authenticate and deliver a new registered Bond or Bonds without coupons of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the Bond exchanged or transferred, and maturing on the same date and bearing interest at the same rate. In each case, the Paying Agent/Registrar may require payment by any holder of Bonds requesting exchange or transfer of Bonds of any tax, fee or other governmental charge, shipping charges and insurance that may be required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the holder of Bonds for such exchange or transfer. The Paying Agent/Registrar shall not be required to transfer or exchange any Bond after the mailing of notice calling such Bond or portion thereof for redemption as previously described; provided, however, that the foregoing limitation shall not apply to that portion of a Bond in excess of \$5,000 which is not being called for redemption.

(1) Amounts for FY15-17 are audited.

(2) Per Sections 20-64 through 20-72, inclusive, of the County Code, use of the resources in the Revenue Stabilization Fund is restricted. For financial reporting purposes, the fund is reported as part of the General Fund.

(3) Beginning in FY 2016, for GAAP financial reporting purposes, the Economic Development Fund and Urban District Funds, are required to be reported as part of the General Fund.

Revenue Stabilization Fund

The State of Maryland (the State) enacted legislation in 1992 authorizing political subdivisions in the State to establish “rainy day” or reserve funds to accommodate future funding shortfalls. Pursuant to this State law, the County, under Section 20-64 of Article XII of the County Code, established a Revenue Stabilization Fund (the “Fund”) effective July 1, 1994. The Fund supplements the reserve or operating margin the County annually sets aside, and provides a mechanism to level out the revenue stream by adjusting for year-to-year fluctuations beyond a certain baseline level.

Effective fiscal year 2011, the mandatory annual contribution to the Fund must equal the greater of 50 percent of any excess revenue or an annual amount equal to the lesser of 0.5 percent of the Adjusted Governmental Revenues (as defined below) or the amount needed to obtain a total reserve of 10 percent of the Adjusted Governmental Revenues. Excess revenue is the amount, if positive, by which total revenues from the income tax, real property transfer tax, recordation tax, and investment income for the General Fund for the fiscal year exceed the original projections for these amounts. Adjusted Governmental Revenues means tax-supported County Governmental Funds revenues, plus revenues of the County Grants Fund, County Capital Projects Fund, tax-supported funds of the Montgomery County Public Schools, not including the County’s local contribution, tax-supported funds of Montgomery College, not including the County’s local tax contribution, and tax-supported funds of the Montgomery County portion of the Maryland-National Capital Park and Planning Commission.

In fiscal year 2014, the fund balance in the Revenue Stabilization Fund was combined with the General Fund in the Comprehensive Annual Financial Report. This amount is reported as restricted fund balance in the General Fund. The County is phasing in a 10 percent reserve requirement for Adjusted Governmental Revenues and expects to obtain this level of funding by fiscal year 2020.

Current Developments

On January 28, 2013 in a case in which the County is not a party captioned *Maryland State Comptroller of the Treasury v. Brian Wynne*, et al., 431 Md. 147 (2013), the Maryland Court of Appeals ruled that the failure of the Maryland income tax law to allow a credit against the county tax of a Maryland resident taxpayer with respect to activities in another state and that is taxed in that state violates the dormant Commerce Clause of the United States Constitution. In a decision rendered on May 18, 2015, the Supreme Court of the United States upheld the decision of the Maryland Court of Appeals. This decision may cause each county in the State to realize a reduction in income tax revenue distributions from the State.

Based on refunds, including interest, issued by the Comptroller for the State of Maryland (the “Comptroller”) through March 2018 in the amount of \$143.3 million, the County estimates that the total amount of income tax refunds for tax years 2007 through 2014, including interest, attributable to the Wynne case could be \$144.0 million for the County. Since tax years 2007 through 2013 are now closed for revised tax return filings, a final amount will be available after any additional revised tax returns for tax year 2014 are filed by October 15, 2018. As the Comptroller issues refunds to eligible taxpayers, the refunds are paid from the Local Reserve Account (the “Reserve Account”), which is maintained by the State, and each county and municipality affected by the Wynne decision will reimburse the Reserve Account for its respective share of related refunds and interest. If an affected local government does not reimburse the Reserve Account in a timely fashion, the Comptroller will withhold the amount owed to the Reserve Account from the quarterly income tax distributions in twenty (20) equal installments starting after February 2021, until the Reserve Account is fully reimbursed. The County anticipates that it will allow the Comptroller to reimburse the Reserve Account by withholding quarterly income tax distributions owed to the County in four equal installments per year, beginning in 2021, and continuing for five years. In addition to refunds for prior tax years, there is an estimated annual impact of approximately \$32.0 million that started in tax year 2015 which impacts fiscal year 2017 as eligible taxpayers reduce their income tax payments to the County to reflect the deductibility of out-of-state income taxes against the local income tax. This estimated annual impact will be a permanent reduction of County income tax collections going forward.

Under Maryland law, taxpayers are generally eligible for interest on certain tax refunds calculated at an annual rate of interest equal to the greater of (i) three percentage points above the average prime rate of interest or (ii) 13%. In 2014, the Maryland General Assembly adopted legislation that set the annual interest rate for an income tax refund that is a result of the final decision under the *Wynne* case to a percent, rounded to the nearest whole number, equal to the average prime rate of interest. This legislation substantially lowers the interest rate on tax refunds due as a result of the *Wynne* decision from 13% to 3%. Further, the legislation was intended to be effective retroactively.

On November 13, 2015, lawyers for Michael J. Holzheid filed a class action complaint, *Michael J. Holzheid v. Comptroller of the Treasury of Maryland, et al*, in the Circuit Court for Baltimore City challenging the State legislation. On January 16, 2018, the Circuit Court for Baltimore City dismissed the complaint having determined that the court lacked jurisdiction of the matter based upon the plaintiffs’ failure to exhaust administrative remedies. On May 23, 2018, the Maryland Tax Court ordered that legislation adopted by the Maryland General Assembly to lower the rate on tax refunds due as a result of the Wynne decision was unconstitutional. On June 15, 2018, the Comptroller of

Maryland appealed the order of the Maryland Tax Court in the Circuit Court for Anne Arundel County. If the Maryland Tax Court decision becomes final after all appeals are decided, the estimated amount of interest on refunds owed by each Maryland county would increase. Other taxpayers may also file claims or appeals challenging the State legislation. If such claims or appeals are successful, the estimated amount of interest on refunds owed by each Maryland county would increase.

TAX MATTERS

In rendering its opinion with respect to the Bonds, Bond Counsel will rely without investigation on certifications provided by the County with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

The following is only a general summary of certain provisions of the Internal Revenue Code of 1986, as amended (the “Code”) as enacted and in effect on the date hereof and does not discuss all aspects of federal income taxation that may be relevant to a particular holder of the Bonds in light of such holder’s particular circumstances and income tax situation. Each holder of the Bonds should consult such holder’s tax advisors as to the specific consequences to such holder of the ownership and disposition of the Bonds, including the application of state, local, foreign and other tax laws.

Maryland Income Taxation

In the opinion of Bond Counsel, under existing law, the Bonds, their transfer, the interest payable on them, and any income derived from them, including any profit realized in their sale or exchange, shall be exempt from taxation of any kind by the State of Maryland, by any of its political subdivisions, or any other public entity. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon. Interest on the Bonds may be subject to state or local income taxes in jurisdictions other than the State of Maryland under applicable state or local tax laws. Purchasers of the Bonds should consult their own tax advisors with respect to the taxable status of the Bonds in jurisdictions other than Maryland.

Federal Income Taxation

In the opinion of Bond Counsel, assuming compliance with certain covenants described herein and under existing statutes, regulations, and decisions, interest on the Bonds will be excludable from gross income for federal income tax purposes.

Under the provisions of the Code, there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the Bonds in order that the interest thereon be excludable from gross income. These include the following: (i) a requirement that certain earnings received from the investment of the proceeds of the Bonds be rebated to the United States of America under certain circumstances (or that certain payments in lieu of rebate be made); (ii) other requirements applicable to the investment of the proceeds of the Bonds; and (iii) other requirements applicable to the use of the proceeds of the Bonds and the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income, for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Bonds and to take such other actions as may be required to maintain the excludability from gross income for federal income tax purposes of interest on the Bonds.

Further, under existing statutes, regulations and decisions, interest on the Bonds is not included in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. The application of the alternative minimum tax to corporations has been eliminated effective for taxable years beginning after December 31, 2017. For taxable years that began before January 1, 2018, for purposes of calculating the corporate alternative minimum tax, a corporation subject to such tax will be required to increase its alternative minimum taxable income by 75% of the amount by which its “adjusted current earnings” exceed its alternative minimum taxable income (computed without regard to this current earnings adjustment and the alternative minimum tax net operating loss deduction), and apply an appropriate blended rate. For such purposes, “adjusted current

earnings” may include, among other items, interest income from the Bonds. In addition, interest income on the Bonds will be subject to the branch profits tax imposed by the Code on certain foreign corporations engaged in a trade or business in the United States of America.

Certain Other Federal Tax Considerations

There are other federal tax consequences of ownership of obligations such as the Bonds under certain circumstances, including the following: (i) deductions are disallowed for certain expenses of taxpayers allocable to interest on tax-exempt obligations, as well as interest on indebtedness incurred or continued to purchase or carry tax-exempt obligations and interest expense of financial institutions allocable to tax-exempt interest, (ii) for property and casualty insurance companies, the amount of the deduction for losses incurred must be reduced by 25% of the sum of tax-exempt interest income and the deductible portion of dividends received by such companies; (iii) interest income that is exempt from tax must be taken into account for the purpose of determining whether, and what amount of, social security or railroad retirement benefits are includable in gross income for federal income tax purposes; (iv) for S corporations having Subchapter C earnings and profits, the receipt of certain levels of passive investment income, which includes interest on tax-exempt obligations such as the Bonds, can result in the imposition of tax on such passive investment income and, in some cases, loss of S corporation status; (v) net gain realized upon the sale or other disposition of the Bonds generally must be taken into account when computing the 3.8% Medicare tax with respect to net investment income imposed on certain high income individuals and certain trusts and estates; and (vi) receipt of certain investment income, including interest on the Bonds, is considered when determining qualification limits for obtaining the earned income credit provided by Section 32(a) of the Code.

Purchase, Sale and Retirement of Bonds

Except as noted below in the case of market discount, the sale or other disposition of a Bond will normally result in capital gain or loss to its holder. A holder’s initial tax basis in a Bond will be its cost. Upon the sale or retirement of a Bond, for federal income tax purposes, a holder will recognize capital gain or loss upon the disposition of such security (including sale, early redemption or payment at maturity) in an amount equal to the difference between (a) the amount received upon such disposition and (b) the tax basis in such Bond, determined by adding to the original cost basis in such Bond the amount of original issue discount that is treated as having accrued as described below under “TAX MATTERS -- Tax Accounting Treatment of Discount Bonds.” Such gain or loss will be a long-term capital gain or loss if at the time of the sale or retirement the Bond has been held for more than one year. Present law taxes both long and short-term capital gains of corporations at the rates applicable to ordinary income. For noncorporate taxpayers, however, short-term capital gains are taxed at the rates applicable to ordinary income, while net capital gains are taxed at lower rates. Net capital gains are the excess of net long-term capital gains (gains on capital assets held for more than one year) over net short-term capital losses.

Market Discount

If a holder acquires a Bond after its original issuance at a discount below its principal amount (or in the case of a Bond issued at an original issue discount, at a price that produces a yield to maturity higher than the yield to maturity at which such bond was first issued), the holder will be deemed to have acquired the Bond at “market discount,” unless the amount of market discount is *de minimis*, as described in the following paragraph. If a holder that acquires a Bond with market discount subsequently realizes a gain upon the disposition of the Bond, such gain shall be treated as taxable interest income to the extent such gain does not exceed the accrued market discount attributable to the period during which the holder held such Bond, and any gain realized in excess of such market discount will be treated as capital gain. Potential purchasers should consult their tax advisors as to the proper method of accruing market discount.

In the case of a Bond not issued at an original issue discount, market discount will be *de minimis* if the excess of the Bond's stated redemption price at maturity over the holder's cost of acquiring the Bond is less than 0.25% of the stated redemption price at maturity multiplied by the number of complete years between the date the holder acquires the Bond and its stated maturity date. In the case of a Bond issued with original issue discount, market discount will be *de minimis* if the excess of the Bond’s revised issue price over the holder’s cost of acquiring the Bond is less than 0.25% of the revised issue price multiplied by the number of complete years between the date the holder acquires

the Bond and its stated maturity date. For this purpose, a Bond's "revised issue price" is the sum of (i) its original issue price and (ii) the aggregate amount of original issue discount that is treated as having accrued with respect to the Bond during the period between its original issue date and the date of acquisition by the holder.

Amortizable Bond Premium

A Bond will be considered to have been purchased at a premium if, and to the extent that, the holder's tax basis in the Bond exceeds the amount payable at maturity (or, in the case of a Bond callable prior to maturity, the amount payable on the earlier call date). Under tax regulations applicable to the Bonds, the amount of the premium would be determined with reference to the amount payable on that call date (including for this purpose the maturity date) which produces the lowest yield to maturity on the Bonds. The holder will be required to reduce his tax basis in the Bond for purposes of determining gain or loss upon disposition of the Bond by the amount of amortizable bond premium that accrues, determined in the manner prescribed in the regulations. Generally, no deduction (or other tax benefit) is allocable in respect of any amount of amortizable bond premium on the Bonds.

Tax Accounting Treatment of Discount Bonds

Certain maturities of the Bonds may be issued at an initial public offering price which is less than the amount payable on such Bonds at maturity (the "Discount Bonds"). The difference between the initial offering price, at which a substantial amount of the Discount Bonds of each maturity was first sold, and the principal amount of such Discount Bonds payable at maturity constitutes original issue discount. The amount of such original issue discount which is treated as having accrued with respect to such Discount Bonds is added to the original cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, early redemption or repayment at maturity). For federal income tax purposes (a) any holder of a Discount Bond will recognize gain or loss upon the disposition of such Discount Bond (including sale, early redemption or payment at maturity) in an amount equal to the difference between (i) the amount received upon such disposition and (ii) the sum of (1) the holder's original cost basis in such Discount Bond, and (2) the amount of original issue discount attributable to the period during which the holder held such Discount Bond, and (b) the amount of the basis adjustment described in clause (a)(ii)(2) will not be included in the gross income of the holder.

Original issue discount on Discount Bonds will be attributed to permissible compounding periods during the life of any Discount Bonds in accordance with a constant rate of interest accrual method. The yield to maturity of the Discount Bonds of each maturity is determined using permissible compounding periods. In general, the length of a permissible compounding period cannot exceed the length of the interval between debt service payments on the Discount Bonds and must begin or end on the date of such payments. Such yield then is used to determine an amount of accrued interest for each permissible compounding period. For this purpose, interest is treated as compounding periodically at the end of each applicable compounding period. The amount of original issue discount which is treated as having accrued in respect of a Discount Bond for any particular compounding period is equal to the excess of (a) the product of (i) the yield for such Discount Bond (adjusted as necessary for an initial short period) divided by the number of compounding periods in a year multiplied by (ii) the amount that would be the tax basis of such Discount Bond at the beginning of such period if held by an original purchaser who purchased at the initial public offering price, over (b) the amount actually payable as interest on such Discount Bond during such period. For purposes of the preceding sentence, the tax basis of a Discount Bond, if held by an original purchaser, can be determined by adding to the initial public offering price of such Discount Bond the original issue discount that is treated as having accrued during all prior compounding periods. If a Discount Bond is sold or otherwise disposed of between compounding dates, then interest which would have accrued for that compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Holders of Discount Bonds should note that, under the tax regulations, the yield and maturity of Discount Bonds are determined without regard to commercially reasonable sinking fund payments, and any original issue discount remaining unaccrued at the time that a Discount Bond is redeemed in advance of stated maturity will be treated as taxable gain. Moreover, tax regulations prescribe special conventions for determining the yield and maturity of certain debt instruments that provide for alternative payment schedules applicable upon the occurrence of certain contingencies.

The yields (and related prices) furnished by the successful bidder for the Bonds as shown on the inside cover of this Official Statement may not reflect the initial issue prices for the purpose of determining the original issue discount for federal income tax purposes.

The foregoing summarizes certain federal income tax consequences of original issue discount with respect to the Discount Bonds but does not purport to deal with all aspects of federal income taxation that may be relevant to particular investors or circumstances, including those set out above. Prospective purchasers of Discount Bonds should consider possible state and local income, excise or franchise tax consequences arising from original issue discount on the Discount Bonds. In addition, prospective corporate purchasers should consider possible federal tax consequences arising from original issue discount on such Discount Bonds under the alternative minimum tax or the branch profits tax. The amount of original issue discount considered to have accrued may be reportable in the year of accrual for state and local tax purposes or for purposes of the alternative minimum tax or the branch profits tax without a corresponding receipt of cash with which to pay any tax liability attributable to such discount. Purchasers with questions concerning the detailed tax consequences of transactions in the Discount Bonds should consult their tax advisors.

Legislative Developments

Legislative proposals recently under consideration or proposed after issuance and delivery of the Bonds could adversely affect the market value of the Bonds. Further, if enacted into law, any such proposal could cause the interest on the Bonds to be subject, directly or indirectly, to federal income taxation and could otherwise alter or amend one or more of the provisions of federal tax law described above or their consequences. Prospective purchasers of the Bonds should consult with their tax advisors as to the status and potential effect of proposed legislative proposals, as to which Bond Counsel expresses no opinion.

CONTINUING DISCLOSURE UNDERTAKING

In order to enable the Underwriter to comply with the requirements of paragraph (b)(5) of Rule 15c2-12 of the Securities Exchange Act of 1934 (“Rule 15c2-12”), the County will execute and deliver a continuing disclosure agreement (the “Continuing Disclosure Agreement”) on or before the date of issuance and delivery of the Bonds, the form of which is attached to this Official Statement as Appendix C. Potential purchasers of the Bonds should note that the definition of Reportable Events in Appendix C is intended to completely restate the events specified in Rule 15c2-12. It is noted that certain Reportable Events are expected to have no applicability to the Bonds, such as the possibility of unscheduled draws on debt service reserves and matters affecting collateral for the Bonds.

With the exception of the following, the County has complied in all material respects with its continuing disclosure undertakings pursuant to Rule 15c2-12 during the last five years. The County has established procedures to ensure that the County will fulfill the requirements of its continuing disclosure obligations for its bonds in the future.

- The County failed to file notices of ratings changes in connection with: (i) the upgrade by Standard & Poor’s Rating Group in January 2016 of the County’s Revenue Bonds (Water Quality Protection Charge), Series 2012, (ii) the upgrade by Fitch Ratings in April 2016 of the County’s Taxable Limited Obligation Certificates (Facility and Residential Development Projects), and (iii) the upgrade by Fitch Ratings in April 2016 of the County’s Lease Revenue Project and Refunding Bonds (Metrorail Garage Projects). The County subsequently filed notices of such upgrades on EMMA.

LEGALITY OF THE BONDS

The authorization, sale, issuance and delivery of the Bonds will be subject to legal approval by McKennon Shelton & Henn LLP, Bond Counsel, and a copy of their unqualified approving legal opinion with respect to the Bonds will be delivered upon request, without charge, to the successful bidder for the Bonds. The opinion is expected to be substantially in the form of the draft opinion attached to this Official Statement as Appendix A.

LITIGATION

The County is currently processing numerous claims for damages and is also a defendant in a number of lawsuits which are expected to be paid, when applicable, through its self-insurance program. In addition to those suits in which claims for liability are adequately covered by insurance, the County is a defendant in various suits involving tort claims, violations of civil rights, breach of contract, inverse condemnation, and other suits and actions arising in the normal course of business. In the opinion of the County Attorney, the possible liability of the County in the resolution of these cases will not materially affect the County's ability to perform its obligations to the holders of the Bonds.

As described herein under "THE COUNTY – Current Developments," the United States Supreme Court upheld the decision of the Maryland Court of Appeals which held that the failure of the Maryland income tax law to allow a credit against the county tax of a Maryland resident taxpayer with respect to activities in another state and that is taxed in that state, violates the dormant Commerce Clause of the United States Constitution. For a discussion regarding the financial impact of the Wynne litigation to the County please see "THE COUNTY – Current Developments."

FORM OF APPROVING OPINION OF BOND COUNSEL

(This page has been left blank intentionally)

[Form of Approving Opinion of Bond Counsel]

County Executive and County Council
of Montgomery County, Maryland
Rockville, Maryland

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance by Montgomery County, Maryland (the "County") of its Consolidated Public Improvement Bonds of 2018, Series A (the "Bonds")

The Bonds are dated the date of their initial delivery and are issued in fully registered form in the denomination of \$5,000 each or any integral multiple thereof. The Bonds are issued pursuant to (i) Section 10-203 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2017 Supplement), Section 19-101 of the Local Government Article of the Annotated Code of Maryland (2013 Replacement Volume and 2017 Supplement), Chapter 36 of the Laws of Montgomery County of 2008, Chapter 22 of the Laws of Maryland of 2009, Chapter 54 of the Laws of Montgomery County of 2010, Chapter 24 of the Laws of Montgomery County of 2011, Chapter 19 of the Laws of Montgomery of 2012, Chapter 26 of the Laws of Montgomery County of 2013, Chapter 31 of the Laws of Montgomery County of 2014, Chapter 49 of the Laws of Montgomery County of 2015 and , Chapter 26 of the Laws of Montgomery County of 2018; (ii) Resolution No. 16-1104 adopted by the County Council of the County (the "County Council") on October 20, 2009, as amended ("Resolution No. 16-1104"); (iii) Chapter 20 of the Montgomery County Code (the "County Code"); (iv) provisions of the Montgomery County Charter (the "Charter"); and (v) an Executive Order of the County Executive of the County, as amended and supplemented (the "Order").

In rendering this opinion, we have relied without investigation on the County's Tax and Section 148 Certificate dated this date made on behalf of the County by officers thereof with respect to certain material facts within the knowledge of the County relevant to the tax-exempt status of interest on the Bonds.

With respect to the executed and authenticated Bond that we have examined, and the Bonds similarly executed and identical thereto in form except for numbers, interest rates, denominations, and maturities, and under existing statutes, regulations, and decisions, we are of the opinion that:

(a) The County is a validly created and existing body politic and corporate and political subdivision of the State of Maryland, possessing authority under the Enabling Laws, the Charter, the Code, the Resolutions and the Order to issue the Bonds.

(b) The Bonds constitute an irrevocable pledge of the full faith and credit and unlimited taxing power of the County, and for the payment of which the County is empowered to levy ad valorem taxes upon all assessable property within the corporate limits of the County.

(c) To provide for the payment of the principal of and interest on the Bonds, the County has covenanted to levy or cause to be levied ad valorem taxes upon all the assessable property within the corporate limits of the County, in rate and amount sufficient for that purpose in each fiscal year in which provision must be made for the payment of such principal and interest.

(d) The Bonds, their transfer, the interest payable on them and any income derived from them, including any profit realized in their sale or exchange, shall be exempt from taxation of any kind by the State of Maryland, by any of its political subdivisions, or any other public entity. No opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds or the interest thereon.

(e) Assuming compliance with certain covenants referred to herein, interest on the Bonds will be excludable from gross income for federal income tax purposes under existing statutes, regulations and decisions. It is noted that under the provisions of the Internal Revenue Code of 1986, as amended (the "Code"),

there are certain restrictions that must be met subsequent to the delivery of the Bonds, including restrictions that must be complied with throughout the term of the Bonds, in order that the interest thereon be excludable from gross income. These include (i) a requirement that certain investment earnings received from the investment of the proceeds of the Bonds be rebated (or that certain payments in lieu of rebate be made) to the United States of America under certain circumstances; (ii) other requirements applicable to the investment of the proceeds of the Bonds; and (iii) requirements applicable to the use of the proceeds of the Bonds and the use of the facilities financed or refinanced with such proceeds. Failure to comply with one or more of these requirements could result in the inclusion of the interest payable on the Bonds in gross income for federal income tax purposes, effective from the date of their issuance. The County has covenanted to regulate the investment of the proceeds of the Bonds and to take such other actions as may be required to maintain the excludability of interest on the Bonds from gross income for federal income tax purposes.

(f) Interest on the Bonds is not includable in the alternative minimum taxable income of individuals as an enumerated item of tax preference or other specific adjustment. Interest income on the Bonds will be subject to the branch profits tax imposed by the Code on foreign corporations engaged in a trade or business in the United States of America.

The opinions expressed above are limited to the matters set forth above, and no other opinions should be inferred beyond the matters expressly stated. We assume no obligation to supplement this opinion if any applicable laws or interpretations thereof change after the date hereof or if we become aware of any facts or circumstances that might change the opinions expressed herein after the date hereof.

Very truly yours,
