Wholesale Operations

Wholesale Facility

Based on State of Maryland House Bill 616, the Department of Liquor Control was renamed to Alcohol Beverage Services for Montgomery County, effective July 1, 2019. The Alcohol Beverage Services' (the Department) climate controlled wholesale facility (Existing Warehouse) is located on Edison Park Drive in Gaithersburg, MD. The product storage space is approximately 185,000 square feet, of which approximately 10,000 square feet is a keg facility.

The Department uses the warehouse to store approximately 7,000 SKU's of stock beer, wine and spirit products for resale to wholesale customers. Stock products are purchased in bulk and stored at the Existing Warehouse for wholesale customers to purchase, and for transfer to the 26 County retail stores. The Department also offers thousands of items as special order and will research any product a customer wants to ascertain price and availability. Special order items are obtained specifically for both wholesale and retail customers. The procurement process starts once the product is ordered. Each week, approximately 4,000 special order items are stored in the warehouse for no longer than 7 days. The Existing Warehouse also houses the Department's administrative activities.

Wholesale Customer Base

The Department's wholesale customer base comprises every licensed seller of alcoholic beverages in the County. There are over 1,000 license holders in the County, including restaurants, carry-out stores, hotels, conference centers, caterers, clubs and lodges. The Department's ten largest wholesale customers in calendar year 2022 were:

Retail Operations

Retail Facilities

The Department operates 26 retail stores located throughout the County. These stores sell non-chilled beer, wine and liquor, plus ice, bottled water and certain mixers.

The stores vary in size, from approximately 2,000 square feet to over 7,400 square feet. The Department leases the stores. The inventory in each store varies according to sales patterns and available retail space. In fiscal year 2022, no single location operated twelve months accounted for more than 7.2 percent or less than 0.6 percent of total Department retail sales.

The Department regularly reviews the operating performance of each retail store.

Beginning in fiscal year 2003, the amount of the working capital reserve has been set at the aggregate of (1) one month's operating expenses, (2) the amount of one payroll cycle (currently bi-weekly), (3) \$1.5 million for inventory purchase, and (4) major, near-future non-recurring expenses (such as start-up costs for new retail facilities).
