ANDREWS TO SPEAK AT PRINCE GEORGE'S FORUM IN FAVOR OF SINGLE-MEMBER DISTRICTS

Councilmember Phil Andrews will speak at a forum on "At-Large Election Seats" at 5 PM on Saturday, October 2 at the Mt. Ennon Baptist Church, 9832 Piscataway Road in Clinton, Maryland.

Andrews will speak about Question C, which will be on the November ballot in Montgomery County and would replace the current mix of at-large and district seats with smaller, single-member districts. The initiative would make Councilmembers more accountable to the County's neighborhoods, promote good government, diminish the power of developer contributions, and elect more minorities to the Council.

Prince George's County residents will also vote on the issue come November. A developer-funded initiative there would add at-large seats to the current all-single-member-district Prince George's County Council.
