**NOTICE OF EMERGENCY PIPE REPLACEMENT PROJECT
ON NEWBRIDGE DRIVE**

Arthur Holmes, Jr.
Director

Dear Resident:

This letter is to inform you of the upcoming emergency drainage improvement project in your area to be managed by the Montgomery County Department of Transportation (MCDOT). The emergency culvert replacement will require a short term closure of Newbridge Drive at the creek, between Mayberry Court and Hunt Valley/Twin Creek Court.

The work will be performed under contract by D & F Construction, and will include: Replacement of three (3) metal pipes with Reinforced Concrete Pipes (RCP), and the installation of a new headwall and end wall on each end of the new drainage culvert. The county right-of-way in front of your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the storm drain repairs and during construction activities.

The culvert replacement is scheduled to start on or about June 14, 2014, and will require approximately six (6) weeks to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m., Monday through Friday. However, the contractor will be permitted to work Saturdays, if necessary, to maintain work schedules and/or expedite the completion of the project. Variable message signs will be placed at the closure points along Newbridge Drive. Daily, the message boards will supply you with closure information as well as reopening information as the project proceeds. **Please follow the detour signs for alternative routes.**

We will make every effort to expedite the work to facilitate an accelerated completion with the least amount of inconvenience. If you should have any questions or comments feel free to contact either myself at 240-777-7608 or Josh Faust, the Public Outreach Manager for the Division of Highway Services, at 240-777-7642.

Should you have any further questions or concerns after the work is completed, you may wish to contact the MC311 Call Center at <http://www3.montgomerycountymd.gov/311/>

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Randy Paugh, Chief
Pavement Management Section
