Adjudication

Adjudication encompasses support staff for the Judiciary and DCM. Conceptually, this division monitors case assignment (criminal, civil, and family cases), provides expedited case disposition for incarcerated offenders, and provides judicial supervision consistent

with the complexity of each case filed. Adjudication and DCM improves the efficiency of case processing and reduces the demand for judicial intervention at various stages of litigation. To minimize case delay, each case is assigned to an appropriate track that allows for the performance of pre-trial tasks and allocates the appropriate level of judicial intervention. Tracks are monitored for performance and are evaluated based on established performance measures.

Family Division Services

This program provides a variety of services for children and families, most of them funded by the Family Law Grant. Services include case managers that provide day-to-day management of cases between Family Division Masters, judges, counsel, and litigants; custody mediation involving litigants in an effort to obtain a settlement of custody issues prior to litigation; the Family Law Self Help Center (formerly the Pro Se Project) staffed by attorneys and paralegals to help individuals representing themselves in uncomplicated family law cases involving divorce, custody and child support; psychological evaluations when psychological testing is necessary as an adjunct to arriving at a decision in the best interest of the children; best interest attorney (formerly guardian ad litem) appointments to specifically represent the interests of children; and operating expenses associated with managing the division.

Family Division Services also handles adoption investigations and child custody and visitation evaluations. After the establishment of a Court Order, independent evaluations for child custody and visitation, and adoption investigations are conducted by Court staff possessing substantial experience in social science or suitable credentials in the field of social work. The evaluator meets with the litigants and children and interviews professionals and collateral references to ascertain the appropriate custodial situation for the children.

The Juvenile Division is also a part of Family Division Services and is responsible for oversight of delinquency petitions, CINA petitions, TPR petitions, Voluntary Placement petitions, and Petitions for Peace Orders. These matters, which are governed by strict statutory timeframes, require a high degree of judicial oversight by the Court on a long term basis.

Grants

The Family Law Grant is funded by the State and provides services to families to reduce conflict and introduce the parties involved in litigation to problem-solving techniques to help reduce future litigation. See the Family Division Services Program for a description of the services supported by this grant.

The Trial Court Research Partnership Grant supports two Trial Court Researchers assigned to the Administration Program. These individuals provide research, analysis, statistical support, and related reports on County and judiciary-wide research projects.

The Montgomery County Juvenile and Adult Office of Problem Solving grants are funded by the State. The mission of the Juvenile Drug Court is to reduce substance abuse and delinquent conduct among youthful offenders by providing them and their families with intensive, comprehensive, individualized services. The mission of the Adult Drug Court is to eliminate drug abuse, crime, and their consequences by forging continuing partnerships with the Court, health treatment providers, concerned community organizations, and law enforcement. By leveraging its partnerships and its authority, the Court directs substance-abusing offenders into evaluation and treatment to achieve personal responsibility and productive citizenship.

The Rule of Law Grant is designed to improve the capacity of international legal institutions to implement reform. This initiative has been instrumental in the development of educational programs for bar associations, judges, lawyers, administrators, and - more recently - the executive and legislative branches of government. It has promoted the adoption of alternative dispute resolution methods, provided instruction in the use of technology, and trained legal professionals to effectively implement reforms to bring justice to citizens and help ensure a more democratic society.
