2. Section 305 of the County Charter requires 7 affirmative votes if the property tax revenue in FY 2009 from real property that existed in FY 2008 (with certain exceptions listed in Section 305) increases more than the rate of inflation. The property tax levied under this resolution will result in a revenue increase that exceeds the rate of inflation. Therefore, 7 affirmative votes are required to adopt this resolution.
3. For the State, the Council sets the following tax rates on all assessable real property in Montgomery County for FY 2009. The rates are expressed in dollars per \$100 of assessed value.

On the real property of public utilities	\$0.280
On all other real property	\$0.112
4. Section 310 of the Charter limits the target reserve in the General Fund planned for the end of FY 2009 to a maximum of 5% of the revenue in the General Fund in FY 2008. Revenue in the General Fund in FY 2008 is estimated in Schedule A-4 in the Executive's FY 2009 Recommended Budget to be \$2,585.5 million, and 5% of this is \$129.3 million. The target reserve in the General Fund planned for the end of FY 2009 does not exceed the Charter limit.
5. The constant yield tax rate requirement applies only to the General Fund tax rate for real property. The State calculated this rate to be \$0.570 for FY 2009. The Council sets the General Fund rate at \$0.661 for FY 2009. Since the rate the Council sets for the General Fund exceeds the constant yield tax rate, the Council was required to have previously informed the public and to have held a public hearing to give the public a chance to comment. On April 1, 2008, in Resolution 16-491, the Council stated its intent to consider a General Fund rate of \$0.760, which exceeds the constant yield tax rate. The Council placed an advertisement of this intent in a newspaper of general circulation, and the Council held the public hearing on April 22, 2008.

This is a correct copy of Council action.
