DESCRIPTION

This project provides for the facility planning of public improvements necessary to support the redevelopment of the super block bounded by Arliss Street, Flower Avenue, and Piney Branch Road. This block is a poorly organized and under developed commercial area that was reviewed by an Urban Land Institute panel which recommended that this block be intersected by new streets and reoriented as a Town Center for the Long Branch community. Planning will include new streets, utilities, streetscaping, public amenities, and parking necessary for the redevelopment of this area as a higher density mixed-use Town Center with retail at street level and residential above. The infrastructure will be planned in partnership with the property owners and businesses in this super block with input from the surrounding Long Branch community. M-NCPPC will assist by developing land use regulations that will facilitate this redevelopment effort.

JUSTIFICATION

The Long Branch Community is a very diverse, high density community with a large immigrant population. This community is underserved by the commercial center that is the focus of the community at the intersection of Flower Avenue and Piney Branch. The Long Branch community has been designated as a revitalization area by the County and has been designated as an Enterprise Zone by the State of Maryland. The objective of the redevelopment effort is to provide better services to the community and expand the availability of affordable housing. The effort to create a Town Center for Long Branch must be a public/private partnership to effectively accomplish these goals. This project was recommended by the Long Branch Task Force and is supported by the Silver Spring Citizens Advisory Board.

Urban Land Institute (ULI) Washington, "A Technical Assistance Panel Report, The Long Branch Community"; and the Long Branch Task Force 3rd Annual Report, May 2005.

OTHER

This project will comply with the standards of the Department of Transportation (DOT), Department of General Services (DGS), Maryland State Highway Administration (MSHA), Manual on Uniform Traffic Control Devices (MUTCD), American Association of State Highway Officials (AASHTO), and Americans with Disabilities Act (ADA).

FISCAL NOTE

Expenditures and funding were adjusted to reflect the current facility planning schedule.

OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.
