DESCRIPTION

This project, located at 22880 Whelan Lane, Boyds, provides for the design of a new Department of Correction and Rehabilitation (DOCR) Staff Training Center of approximately 12,000 GSF at the Montgomery County Correctional Facility (MCCF). The Training Center will house classrooms, administrative offices and materials for the DOCR's training programs. This new project is proposed because renovation of the existing Montgomery County Detention Center facility (Detention Center Reuse PDF#429755) was determined not to be cost effective due to the need for significant capital expenditures, life cycle costs, and continued maintenance.

The DOCR Staff Training Center will be constructed on the site of the existing MCCF proximate to security systems, equipment and facilities for practical training to Correctional Officers and to provide real world situations to Correctional Officers and other staff in the performance and their duties.

The project incorporates technical requirements from the Detention Center Reuse project in addition to updated space requirements developed by an interagency working group. Design and construction of a new Criminal Justice Complex, which was a component of the Detention Center Reuse project, will proceed as a separate project at the site of the District One Police Station under PDF No. 421100.

ESTIMATED SCHEDULE

The DOCR Staff Training Center design phase will commence during Fall 2011 and is estimated to last fifteen months, followed by approximately ten months for permitting and bidding, with a construction period of approximately eighteen months.

JUSTIFICATION

Renovation of the existing Montgomery County Detention Center (MCDC) facility (Detention Center Reuse PDF No. 429755) was determined not to be cost effective due to the need for significant capital expenditures, life cycle costs, and continued maintenance as a result of aging systems. Public Financial Management consultants and County staff determined "that the additional cost and delay (of a new project) are more than offset by the long-term advantages of having a new, modern, efficient, purpose-built facility that can serve the County well for decades".

As directed by the County Executive, an independent consultant, Public Financial Management, Inc. (PFM), worked with an interagency work group to examine alternatives to the renovation of MCDC, and issued a final report entitled "MCDC Reuse Cost Benefit and Operational Analysis."

OTHER

The project provides for only the design phase. Final construction costs will be determined during the design development phase.

FISCAL NOTE

The total project cost is anticipated to approximate \$5.3 million. This project is eligible for funding from the State of Maryland; requests will be submitted to the extent allowed.

OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.
- The Executive asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.

APPROPRIATION AND EXPENDITURE DATA

Date First Appropriation	FY11	(\$000)
