DESCRIPTION

This project, located at 22880 Whelan Lane, Boyds, provides for the design of a new Department of Correction and Rehabilitation (DOCR) Staff Training Center of approximately 12,000 GSF at the Montgomery County Correctional Facility (MCCF). The Training Center will house classrooms, administrative offices and materials for the DOCR's training programs. This new project is proposed because renovation of the existing Montgomery County Detention Center facility (Detention Center Reuse PDF#429755) was determined not to be cost effective due to the need for significant capital expenditures, life cycle costs, and continued maintenance.

The DOCR Staff Training Center will be constructed on the site of the existing MCCF proximate to security systems, equipment and facilities for practical training to Correctional Officers and to provide real world situations to Correctional Officers and other staff in the performance and their duties

The project incorporates technical requirements from the Detention Center Reuse project in addition to updated space requirements developed by an interagency working group. Design and construction of a new Criminal Justice Complex, which was a component of the Detention Center Reuse project, will proceed as a separate project at the site of the District One Police Station under PDF No. 421100.

COST CHANGE

Project was previously approved for design only. Costs will be deferred due to fiscal affordability, though preliminary planning funds are contained in the County's Facility:MCG CIP project (No. 508768).

JUSTIFICATION

The renovation of the existing Montgomery County Detention Center (MCDC) facility (Detention Center Reuse PDF#429755) which also included space for staff training, was determined not to be cost effective due to the need for significant capital expenditures, life cycle costs, and continued maintenance as a result of aging systems. It was determined to be cost effective to locate a staff training center at the Montgomery County Correctional Facility (MCCF).

OTHER DISCLOSURES

- A pedestrian impact analysis has been completed for this project.
- The Executive asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.

APPROPRIATION AND EXPENDITURE DATA

Date First Appropriation	FY11	(\$000)
