### DESCRIPTION

This project provides for the repair and replacement of paved surfaces at fire and rescue stations where existing paved surfaces are in poor and deteriorating condition.

### COST CHANGE

The increase is due to the addition of FY17 and FY18 expenditures offset by adjustments for fiscal capacity.

### JUSTIFICATION

The current candidate project list was determined by a survey conducted by the Department of General Services, Division of Building Design and Construction. The ongoing project need for exterior resurfacing at fire and rescue stations is due to the continuous use by heavy equipment such as pumpers and ladder trucks. While surfaces at some stations have lasted many years, others have deteriorated and failed in less than seven years.

### OTHER

The following stations have been identified as high priority for resurfacing: Kensington #21; Gaithersburg #8; Gaithersburg #28; Rockville #3; Kensington #25; Kensington #5; Bethesda #20; Chevy Chase #7; Sandy Spring #40; Glen Echo #11; Cabin John #10; and Cabin John 30.

Scheduling is determined through annual inspections performed by the Department of General Services, Division of Building Design and Construction, in consultation with the Montgomery County Fire and Rescue Service. The station schedule displays anticipated priorities only and may be amended, if required, due to fire station pavement safety considerations.

### FISCAL NOTE

Debt service for this project will be financed with Consolidated Fire Tax District Funds.

### OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

### APPROPRIATION AND EXPENDITURE DATA

Date First Appropriation	FY84	(\$000)
First Cost Estimate		
Current Scope	FY13	2,201
Last FY's Cost Estimate		1,617
Appropriation Request	FY13	284
