Right now  
Police Chief Tom Manger  
has to bargain everything  
about running his department  
with Police Union leaders.  
That makes no sense.

No other Police Union in the  
entire State has that power.

That's why the County Council  
and the County Executive  
unanimously repealed that power  
– without affecting the continued  
right of the Union to bargain  
wages, hours, working conditions,  
benefits, and safety on behalf  
of their members.

A “FOR” vote on Question B  
lets the Police Chief run the  
department in the most efficient  
and productive way to better  
protect our lives and property —  
and still protects the collective  
bargaining for police officers.
