Subject: Legislative Tour dates

I'm sorry everyone, I've been super busy with trying to get our departmental bills into the Governor's office the past two weeks, plus we had state fair too..

So here is what I have so far and proposing;

October 16th- Montgomery County

October 24th- Anne Arundel County

October 26th- Prince George's County

Please check back to me that these dates work, I will then put together the list of farms you all sent me and send something similar that Partners for open space sent out last week, a save the date invitation.

Best,

--
