MEMORANDUM

August 9, 2010

TO: Distribution

FROM: Marjorie Williams, Tower Chairperson  
Transmission Facility Coordinating Group (TFCG)

**SUBJECT: TFCG Notice of Action for the August 4, 2010 Meeting**

At its meeting of August 4, 2010, the Montgomery County TFCG voted to **recommend** the following applications:

- Clearwire application to attach antennas at the 92' level on a 100'-high monopole on Public Storage property, 18920 Earhart Road, Gaithersburg (#201008-01).
- Clearwire application to attach antennas at the 48' level atop the 40'-high Hillandale Office building, 10230 New Hampshire Avenue, Silver Spring (#201008-02).
- Clearwire application to attach antennas at the 190' level on the penthouse walls atop the Democracy Center building, 6903 Rockledge Drive, Bethesda (#201008-03).
- Clearwire application to attach antennas at the 104' level on a 110'-high monopole on Extra Space Storage property, 19500 Frederick Road, Germantown (#201008-04).
- Clearwire application to attach antennas at the 118' and 121' levels of the Sudbury House condominium building, 2100 Washington Avenue, Silver Spring (#201008-06).

***Conditioned on screening the equipment area pursuant to the zoning requirements in this residentially zoned property:***

- Clearwire application to attach antennas at the 123' level of a 131' PEPCO transmission line tower #68-N, Riffle Ford Road, Germantown (#201008-05).

***Conditioned on approval from the Montgomery Village Foundation and on screening the equipment area pursuant to the zoning requirements in this residentially zoned property:***

- Clearwire application to attach antennas at the 140' level on a PEPCO transmission line tower #93-S, Watkins Mill Road & Club House Road, Gaithersburg (#201008-08).
