BENCHMARKING RELATIVE TO OTHER COUNTIES

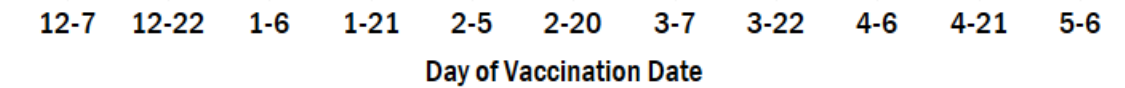

RELATIVE VACCINATION RATES OVER TIME BY RACE/ETHNICITY

RELATIVE VACCINATION RATES: 65+

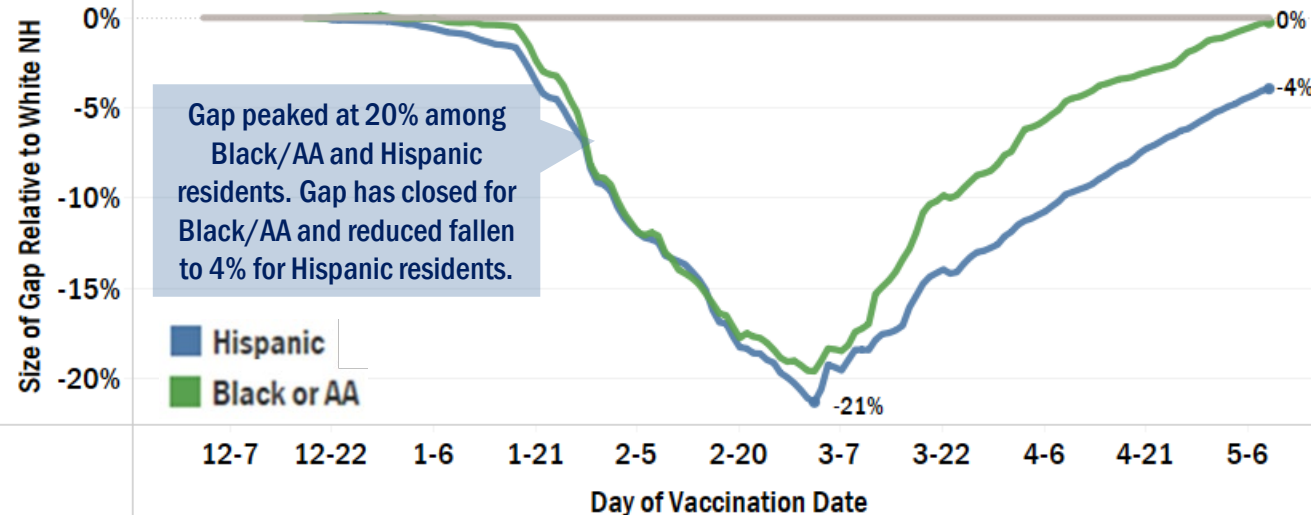

RELATIVE VACCINATION RATES: 16-64

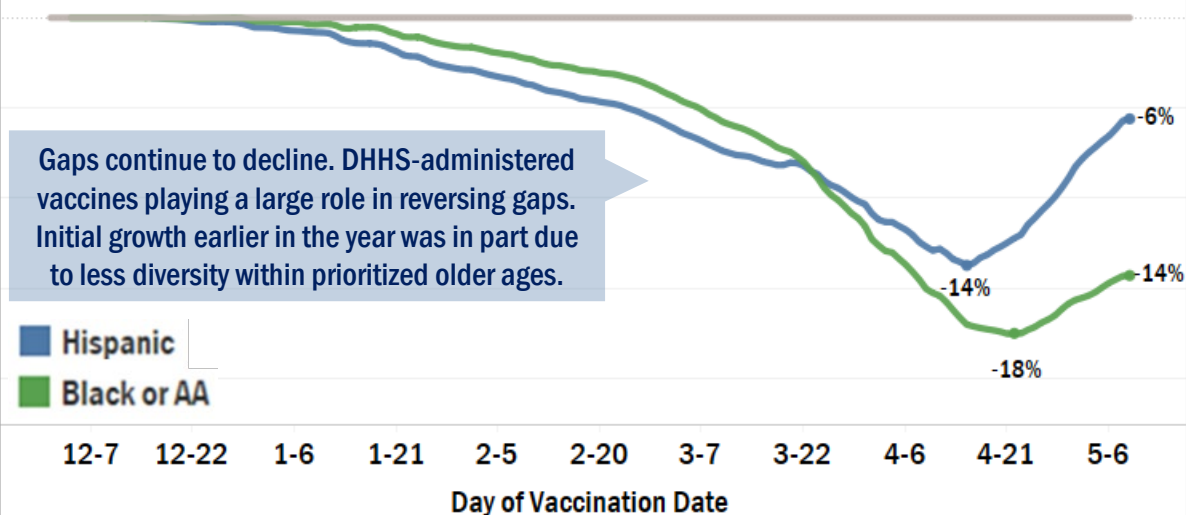

Asian & PI
Black or AA
Hispanic
White

GAP IN VACCINATION RATES RELATIVE TO WHITE (NH): 65+

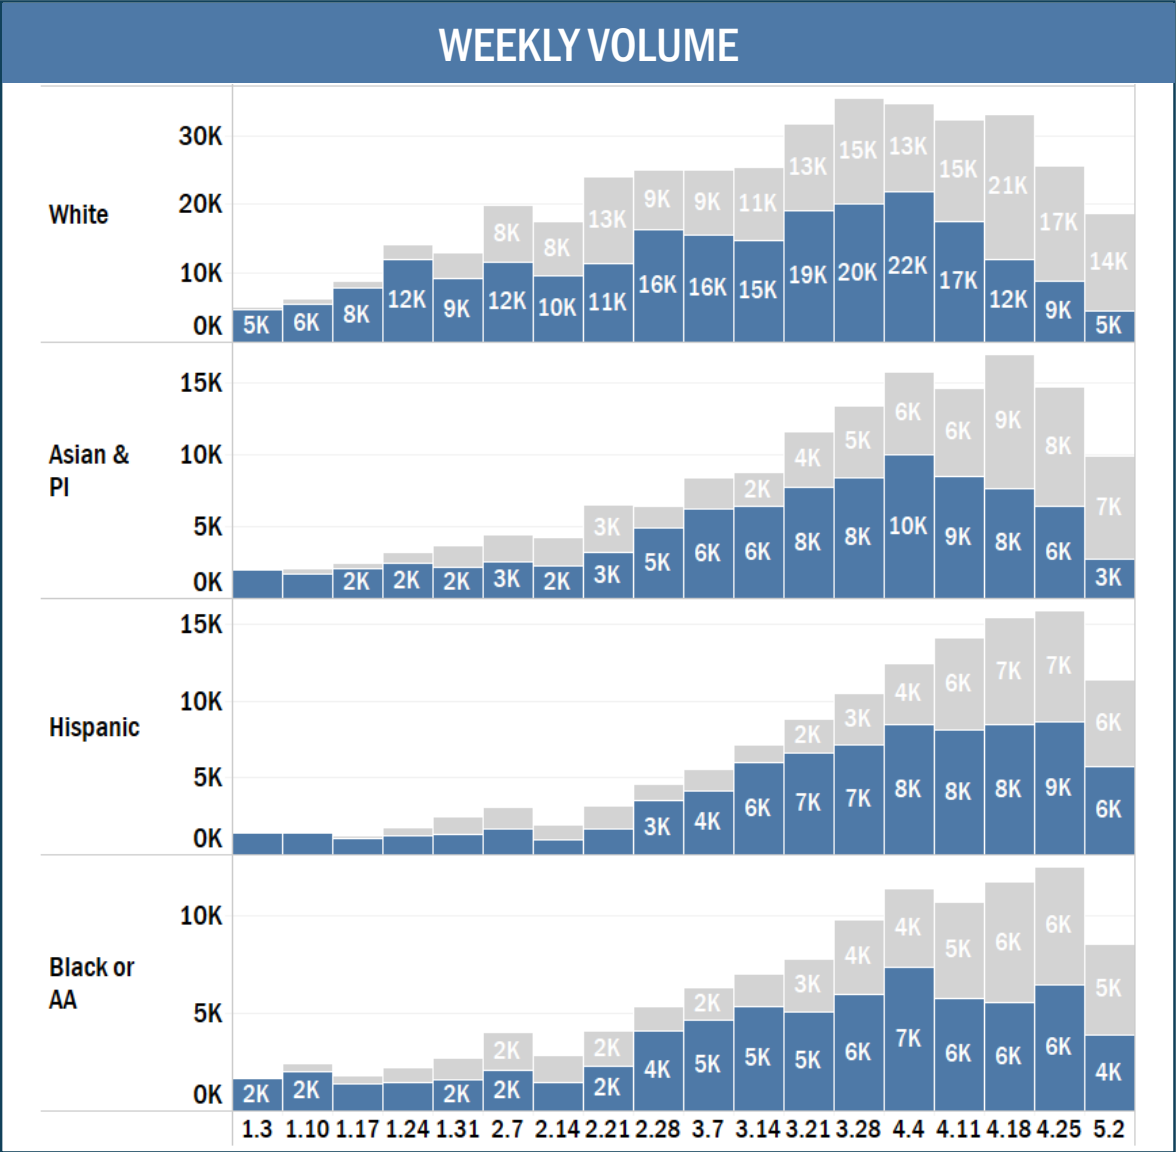

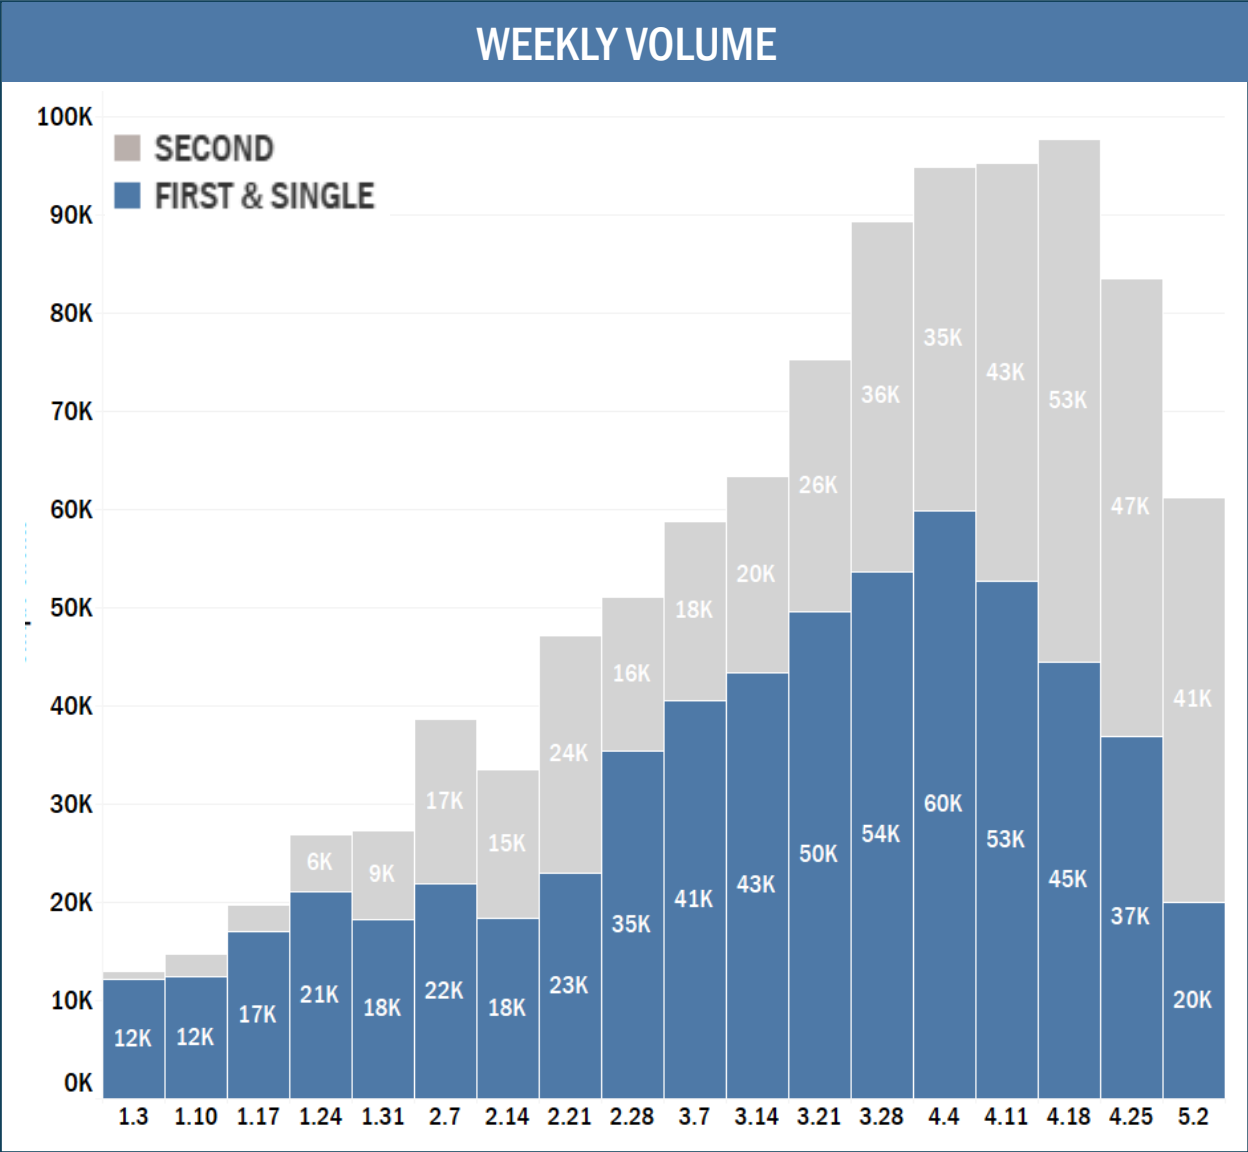

GAP IN VACCINATION RATES RELATIVE TO WHITE (NH): 16-64

Source: IMMUNET. Note: Since more than 10% of vaccine records do not include complete race/ethnicity data, the charts above under-report the actual vaccinate rate for each group. The reader should therefore focus on the relative vs. the absolute rates.

VACCINATION VOLUME BY GROUP: CHANGE OVER TIME

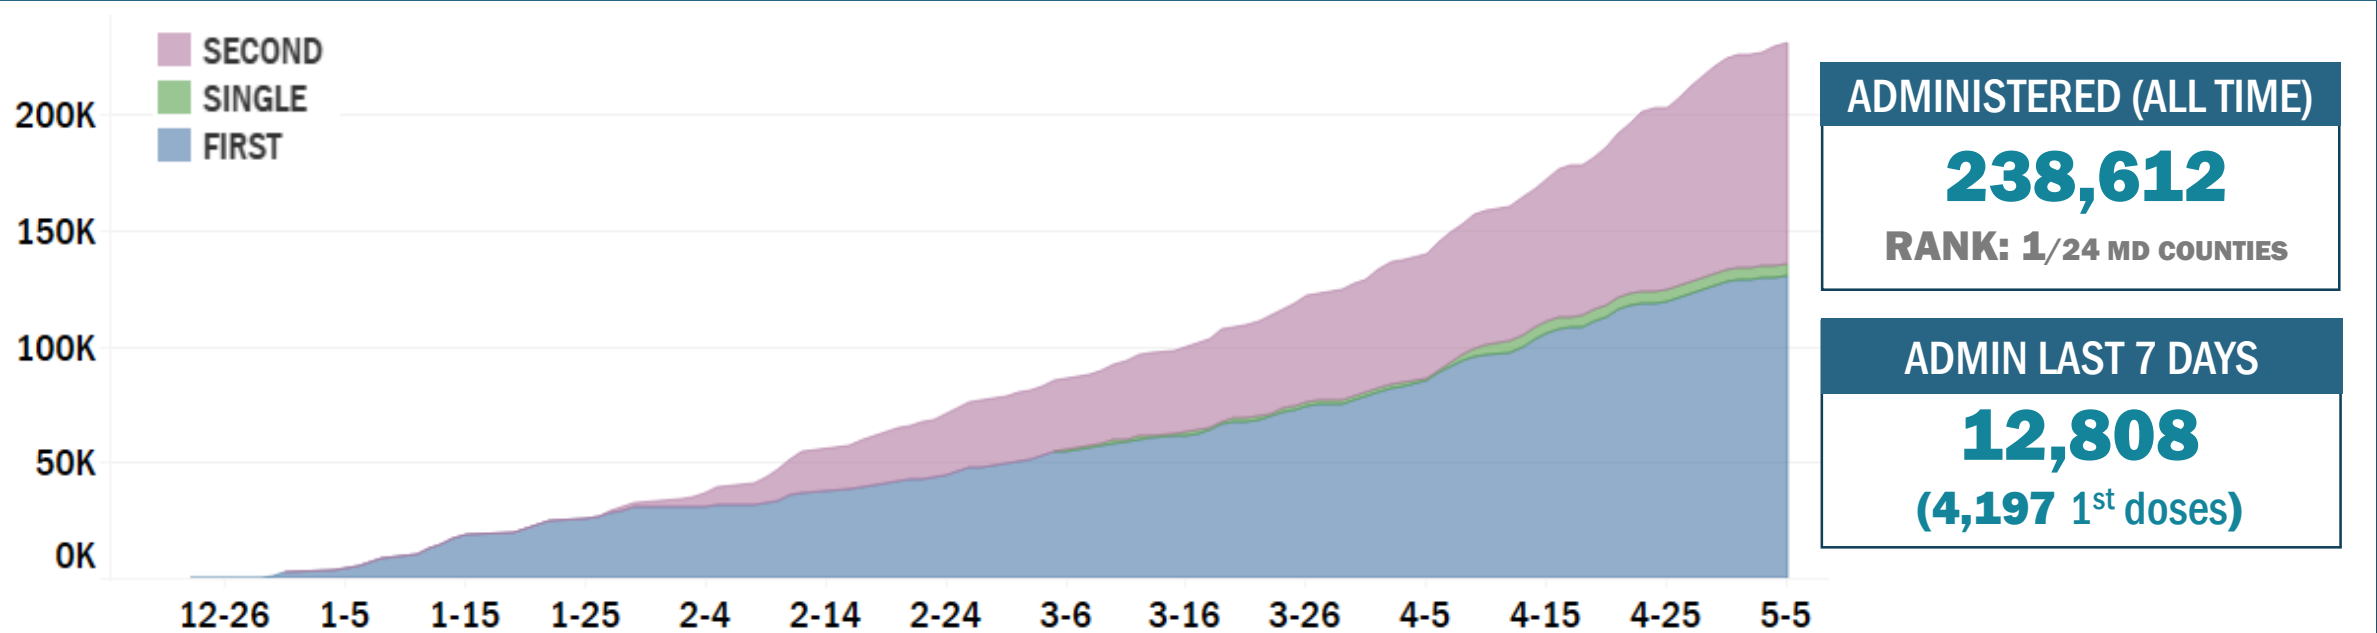

Volume has fallen across all groups. Decline in first doses among Hispanic and Black/AA residents relative to last week was less pronounced than for White and Asian residents. The 16-54 population continued to account for over 80% of vaccinations last week (not shown in charts).

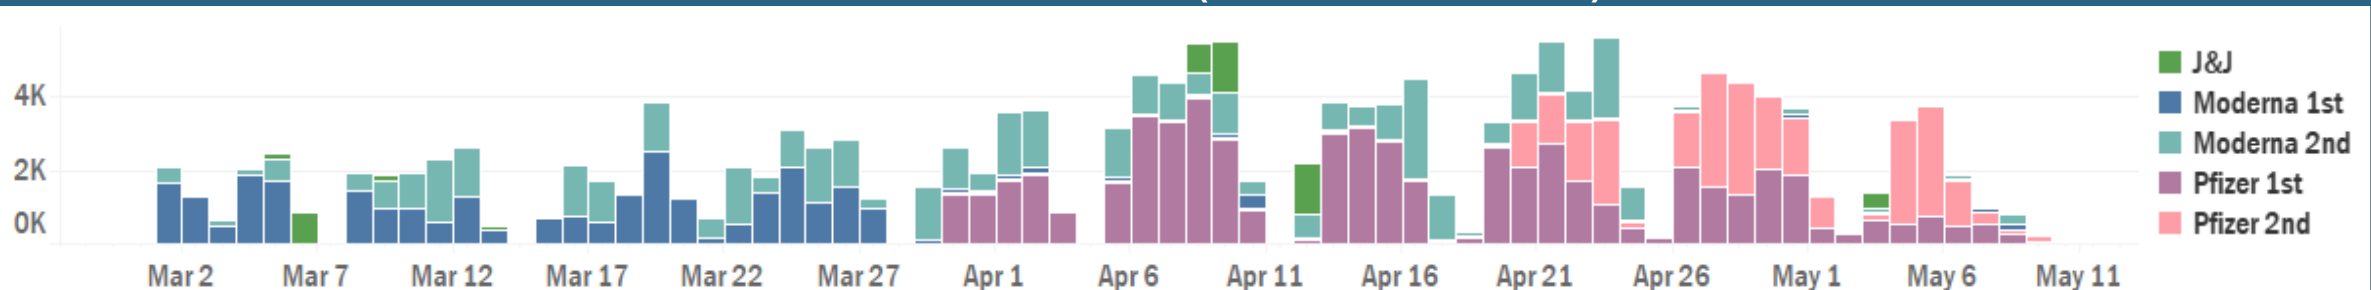

COUNTY GOVERNMENT COORDINATED VACCINATIONS

Primary sites now at Mont College (Germantown) and Silver Spring Civic Center.
