Re: Executive Order 122-20 Covid -19 Order

I oppose this order - please do not lower the number of people in groups especially in Bowling Alley from 50 people to 25 people - I frequent the Bowl America in Gaithersburg . They are extremely responsible for patrons keeping on face coverings and social distancing - and I see them disinfect bowling stations after every bowler ha finished - the patrons like myself are very appreciative that establishments are open like this. these really help keep us in better fitness - and is continually done in a safe maner. So I re-iterate - please dont revert back to smaller group numbers - we all feel safe there and I would hate to see them go out of business all together if you impose more restrictions like this.

respectfully ,

Jonathan Moser – Silver Spring
