

As a Montgomery county resident, and frequent customer at White Oak Bowling Lanes, lowering the limit from 50 people to 25 people is a vast over reach. The amount of space at White Oak Lanes (and any bowling center) can certainly and safely accommodate 50 people (at a bare minimum).

Every single time I'm there, everyone is wearing their masks and social distanced properly. The business itself can't survive on 50 people at once, but is getting by. At 25 people, you'll all buy be closing another heritage Montgomery county small business...for good.

Please don't kill our sport. Please.
