

## **Testimony from Arlet Koseian-Beckham**

Owner & Founder of extendYoga Yoga Studio, located in Rockville, MD

We have been in business for 10 years. I have been a resident of Montgomery Country my whole life.

### **TESTIMONY:**

I am a small business owner and the mask mandates are negatively impacting my business immensely. We can't be expected to go back and forth (masks on/off). This is poor leadership and sends an extremely confusing message to our residents (and my clients).

We are working hard to abide by all the restrictions and going above and beyond safety/cleaning measures. Our staff and clients are vaccinated. We are following the rules. We haven't had one case of Covid in our establishment to date.

Please let us move forward and not backwards!!! Thank you for your time and opportunity to share.
