To whom it may concern:

I am writing in support of the special appropriation to the FY22 Operating Budget to fund a mobile medical pediatric clinic. I would urge the Council to approve this use of funding to help address health disparities among uninsured or under-insured children in Montgomery County.

As a product of the Montgomery County Public School system, I think it's paramount that we continue to invest in the health and well-being of all children in the county, regardless of their race/ethnicity or socioeconomic background. Please, consider voting in favor of this special amendment to this fiscal year's operating budget.

Sincerely,

Erick Pleitez
