To Montgomery County Council Public Hearing March 29, 2022:

Re: Casa Ruben Inc. Pediatric Mobile Medical Vehicle

I fully support the approval of Montgomery Council funding for Casa Ruben, Inc. The Foundation and Montgomery County would create a public-private initiative to use a mobile medical clinic to connect uninsured, under-insured, and under-resourced children and youth (ages 0-21 years) to healthcare and vaccinations.

My ten-month-old son is a patient of the doctor since he was five months and has been in good care with Dr. Peralta. She pays attention to my concern as a first-time mother and asks detailed questions about my child's development. She and the staff are very caring and loving towards my baby and we are well taken care of during all our visits. The care we receive is something we want other people in the community to experience since Dr. Peralta's priority is the well-being of her patients.

Sincerely,

Xiomara Urias
