Letter of Support CASA RUBEN Foundation
Ref: Introduction of Special Appropriation for Pediatric Mobile Vehicle

My name is Giovanni Delfino. I am Chair of Marketing and Communications and Chair of Capital Region in The Maryland Hispanic Chamber of Commerce (MDHCC). I have seen Doctor Ligia Peralta in different television interviews and admired her work and reputation in the Latino Community. I met her in person in 2018, and I was impressed with her expertise.

In 2020 we reconnected because of her work during the COVID-19 pandemic. I wanted to help her with her mission by connecting her with Latino businesses and creating ways to start testing and later vaccination clinics during the workplace. Unfortunately, the community had seen more significant numbers of contagions and deaths. During that time, he admits the impeccable performance of his work and the initiative to help the community to obtain decent health care. I witnessed how the doctor, with her means and during the weekends, gave her time to help Latino families who often did not have the correct information about the disease processes. In addition, the doctor's leadership managed to bring welfare and primary care to many workers who strengthened our economy.

I am sure that with the necessary resources, Dr. Peralta and her Foundation, Casa Ruben, will be able to bring adequate and much-needed health services to the low-income community, which in many cases does not have health insurance.

Without further ado, I offer my support for Dr. Ligia's work in our community, and I hope to inspire you to do the same.

Sincerely,

A handwritten signature in blue ink, appearing to read "G. Delfino", with a long horizontal stroke extending to the right.

Giovanni Delfino
