To Montgomery County Council Public Hearing March 29, 2022:

Re: Casa Ruben Inc. Pediatric Mobile Medical Vehicle

My name is Tony Allen. I write in support of Casa Ruben and Dr. Ligia Peralta so that Montgomery County provides funds to buy them a mobile vehicle and operation support to expand their medical work in the community to serve those who would otherwise not have access to health care for a variety of reasons.

I have witnessed Dr. Peralta's community work and her commitment to help those most in need to provide access to the best possible health care available to them.

Sincerely,

Tony Allen
