

*In support of fully funding Montgomery Parks FY23 operating budget*

I Jonathan Mengesha, residing at [REDACTED], do hereby testify that in support of fully funding the FY23 operating budget of Montgomery parks.

The Montgomery parks has been a beacon of our community since I became an active participant in 2009. In the time I have seen how the park has helped build a positive sense of community, I have seen children growing up learning about gardening, encouraged active participation from the community and its effective educational courses.

As a resident I ask the county to fully fund its FY23 budget especially as the community starts rebuilding again post-pandemic.

Thank you,  
Jonathan Mengesha
