

- The Clarksburg Square Road location in Clarksburg Town Center has been developed, and library construction could start today.
- The Town Center library land has been given to the county. The land from the other location needs to be purchased.
- Previous plans (Master Plan and various site plan approvals) were approved with a Town Center location for the library.
- County representatives promised the Town Center residents they would get a library in Clarksburg Town Center.
- The budget for the new library location has more than doubled the previous budget.
- This new library analysis has delayed the construction timeline of the library, which is unfair to the community.
- If the county wants to build affordable housing, use the Stringtown Road location to build housing and build the library as promised in Clarksburg Town Center.
