

Testimony

Hi my Name is Princess Beckley and I am a senior at Gaithersburg High School. I just want to say thank you for your support and funding for the crittenton program. Because of you, throughout my 7 years in this program, I was able to gain a deeper understanding of myself, my values and my relationship with the people around me. In my sneakers group, us girls have created a safe, nonjudgmental atmosphere, where we all collectively come together to have fun and talk whatever, to then our sentimental moments that brings us closer than ever. The advice and lessons that I've grown upon from sneakers, has not only helped me become a better person for myself but a better sister to my siblings, a better daughter to my parents and a better friend to my friends. Thank you for your time and again your support for the crittenton program.
