Council Office Building

Dear Council President Friedson,

I'm writing to express my support for Montgomery Community Media (MCM) as a needed resource in our community. The Montgomery County Council should continue its funding and support of MCM and the programs it provides.

I have been a volunteer with MCM since the year 2000. I have taken all the classes MCM offers, except for the podcast class. I have enjoyed the camaraderie with fellow volunteers and staff at MCM. I have watched productions blossom and seen the creativity of those who produce shows and the volunteer technicians who work with them in the studio. Currently, I am working on two productions (Grace, Growth & Gratitude and Project 2020) to inform the community of events that have happened. I appreciate MCM because of the quality and experience it provides me as a volunteer. MCM gives me and others a way to express our ideas, creativity, and concerns in our community.

MCM allows us to make a contribution to our local community by providing training and outlets for creators of original content, local news, information and programs that are relevant to our county residents.

I sincerely urge you and other Council Members to continue to provide funding for MCM as a vital part of our community in the expression of our views. Thank you.

Sincerely,

India Soodoo
