Guests

John Luke, Airpark Manager
Linda Decker, Revenue Authority
Roy Lewis, Delta Airport Consultants
Colleen Angstadt, Delta Airport Consultants

The purpose of the meeting was to update the Committee on the Environmental Assessment Study (EA) for the Montgomery County Airpark. Roy Lewis, Project Manager and Colleen Angstadt, Project Planner from Delta Airport Consultants, Inc. briefed the Committee on the last phase of the EA study. As of this meeting, approximately 80 percent of the study has been completed and all text of the report has been submitted to the FAA.

Ms. Angstadt discussed briefly the purpose and need for the study which establishes the relationship between the proposed projects and the safety/enhancements at the Airpark, and the alternative analysis which identifies two alternatives for evaluation in the EA. Information on these issues is attached.

Property Interest

- 25.4 acres of land around the Airpark are slated to be acquired - 14.1 acres are for RW 14 END
- 6 commercial properties are included in the 25.4 acres - the remaining acreage to be used for RW 32 END.

Final Report

Once the FAA issues its final comments on the EA, the Final Draft document will be available for public review 30 days prior to final FAA approval. Public comments can be submitted to the Revenue Authority.

Meeting adjourned at 5:05 p.m.
