

Benchmarking Ambassadors

The following lists stakeholders, volunteers, and energy service companies who received an orientation to the Benchmarking Law on how to properly benchmark in Portfolio Manager to comply with the Benchmarking Law. Please reach out to these Ambassadors as a resource. Many offer benchmarking and/or verification services to help you comply with the Benchmarking Law.

Disclaimer: Inclusion in this list does not confer certification, an official endorsement, or approval from the Montgomery County Government or any of its agencies.

Benchmarking Ambassadors

Technical Assistance Programs

Montgomery County Green Bank Technical Assistance

The Montgomery County Green Bank provides a Technical Assistance program to help subsidize energy benchmarking, data verification, and gross floor area measurement services. The program will match applicants with vendors in their network and help to offset the costs of these services. Support is also available for a range of other services like energy audits, electrification feasibility studies, renewable energy studies, and electric vehicle studies. Apply here: <https://mcgreenbank.org/technical-assistance-program-application-form/>

Green and Resilient Retrofit Program's Benchmarking Initiative

HUD's benchmarking initiative provides Energy and Water benchmarking servicing to HUD-assisted properties to measure usage and efficiency of those properties. This program provides complimentary benchmarking service for eligible properties. Eligible owners include owners receiving HUD rental assistance under Multifamily Section 8 project-based rental assistance, Section 202 Supportive Housing for Low-Income Elderly, and Section 811 Supportive Housing for Low-Income Persons with Disabilities. All eligible properties are encouraged to participate in this free and valuable opportunity.

Property owners and management agents who are interested in participating should email their interest and the property ID(s) for the properties they would like benchmarked to: mfbenchmarking@hud.gov and should look for official email communications regarding benchmarking services HUD's benchmarking contractor Leidos. Learn more: <https://www.hud.gov/GRRP/Benchmarking>

Benchmarking Ambassadors

Utility Resources

Building owners who need assistance obtaining aggregated energy data for their buildings can learn more on the utilities' websites or reach out to the contacts listed below:

BGE Benchmarking via BGE.com My Account Features
