

# TECHNICAL ENVIRONMENTAL SERVICES, LLC

May 9, 2024

Mr. Jamie C. Foster  
Department of Environmental Protection  
Division of Solid Waste Services  
16101 Frederick Road  
Derwood, MD 20855

Dear Jamie:

Enclosed is the monthly meteorological report for the Gude Drive Landfill sites meteorological instrumentation for April 2024. All the instrumentation functioned normally during the period. Data recovery for all the parameters was near 100%. The Gude meteorological site had a precipitation total of 2.16 inches during April 2024. All of the instruments were calibrated on April 25<sup>th</sup> and found to be functioning normally with the possible exception of the rain gauge that was inhabited with ants. They were cleaned out and the rain gauge is now working properly.

Attached is a wind rose for April 2024 and a table showing the data collection percentage for each parameter in 2024.

If you have any questions, please call or e-mail them to me.

Best regards,

Mark Abrams  
President - TES
