- Data is from State-certified County truck scales Owned by County.
- Data is from State-certified truck scales, privately operated under contract to County.
- This color indicates C&D waste, which is not MSW, not eligible for recycling and is not to be included in recycling rate calculation.\*

- Notes:
- \* Construction and Demolition waste (C&D) is waste identified by place of origin - construction or land clearing sites. C&D is reported on licensed hauler reports, but there may be additional C&D tons not reported and therefore not included in stream 0.
  - \*\* Nonprocessibles are Construction & Demolition-type materials: not eligible for recycling credit, but are County-managed solid waste.
  - \*\*\* Diversion Rate = Recycle Rate + 5.0% Source Reduction Credit

- Nomenclature:
- "C&D" means "Construction and Demolition" waste, exclusive of MSW, traditionally managed by the private sector, but much now comes to County TS.
  - "CMW" means "County Management Waste". It includes all MSW, whether or not exported by private sector collectors, but only C&D delivered to TS.
  - "MSW" stands for "Municipal Solid Waste", and represents the waste eligible for recycling under the State recycling law, regulations and guidelines.
  - "TS" stands for the County's "Transfer Station", located in Derwood, Maryland, just south of Gaithersburg.
  - "MRF" stands for Material Recovery Facility
  - "RRF" stands for Resource Recovery Facility
