*Montgomery County is committed to foster the  
letter and spirit of Equal Housing Opportunity.*

In accordance with Title I of the Housing and Community Development Act of 1974 as amended and the regulations found at 24 CFR part 91, et. seq., the Department of Housing and Community Affairs (DHCA) has drafted Montgomery County's proposed Annual Action Plan covering the period July 1, 2025 to June 30, 2025.

The Annual Action Plan describes projects proposed for funding in County Fiscal Year 2025 - July 1, 2024 to June 30, 2025 - with CDBG, HOME, and ESG funds. All interested parties are invited to submit comments on the Plan and on the community development performance of Montgomery County.

Written statements may be submitted via US mail or by email until **4:00 PM, May 15, 2024**, and should be addressed to:

Katherine Canales, Senior Planning Specialist

# Executive Summary

## AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

### 1. Introduction

The United States Department of Housing and Urban Development HUD requires that all jurisdictions entitled to receive funding under the Community Development Block Grant CDBG, HOME Investment Partnerships HOME, Emergency Solutions Grant ESG, and Housing Opportunities for Persons with Aids HOPWA programs develop an Annual Action Plan for community development every year. Developing the plan is a collaborative process that relies on community input and provides an opportunity for strategic planning to ensure that actions taken at the local level are coordinated and comprehensively address priority housing and community development needs. The County has developed its plan consistent with the principles identified by the Office of Racial Equity and Social Justice to reduce and ultimately eliminate racial and other disparities experienced by residents of color.

This Action Plan will cover the period of July 1, 2024, through June 30, 2025, serving as Montgomery County's application for CDBG, HOME, and ESG funds for County Fiscal Year 2025. The Department of Housing and Community Affairs DHCA is the lead agency responsible for the submission of the Annual Plan to HUD. The City of Gaithersburg is eligible to receive funds directly from HUD, so it prepares its own Action Plan. The cities of Rockville and Takoma Park receive funding through the County but determine locally how CDBG funds will be used in their jurisdictions. Montgomery County prioritizes the acquisition, preservation, and production of affordable housing units using CDBG and HOME awards as well as with local County funding.

Montgomery County also prioritizes the preservation of affordable housing units through long-term affordability arrangements. One of these arrangements is the County's Moderately Priced Dwelling Unit MPDU program which provides housing for moderate-income households. The MPDU program was the first successfully implemented inclusionary zoning program in the country in 1974. Inclusionary zoning requires that a percentage of housing units in new residential developments be made available for moderate-income households. In exchange for building affordable housing, a residential developer is eligible to receive benefits, such as a density bonus or additional height. The MPDU program has successfully produced more than 17,000 affordable units since the first MPDUs were built.

The County's Office of Human Rights OHR oversees the furthering of fair housing under the Fair Housing Act through investigation of complaints, outreach, and education. It is unlawful to discriminate on the grounds of race, color, gender, gender identity, religion, national origin, citizenship status, familial status, or source of income. OHR sponsors events, as well as informative sessions for renters, managers, and owners of rental property. OHR coordinates the Montgomery County Committee on Hate/Violence, a citizen's advisory group created to work with the Office of Human Rights. Its function is to help to educate the residents of Montgomery County about hate/violence, recommend policies, programs,

legislation, or other initiatives needed to decrease and eliminate hate/violence in the county, and promote respect for social and cultural diversity.

The County has established the Office of Racial Equity and Social Justice (ORESJ) as a county-wide office focused on advancing racial equity and dismantling structural racism within County Government. The ORESJ was created in December of 2019 by the Racial Equity and Social Justice Act to help reduce and ultimately eliminate racial and other disparities experienced by residents of color across Montgomery County. ORESJ supports County Departments in normalizing conversations on race and other equity issues, organizing staff to work together for transformational change, and operationalizing new practices, policies, and procedures that are equity-centered impact plans.

## **2. Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The County Executive's FY25 Budget Recommendations include Preserving & Increasing Affordable Housing, Building Bus Rapid Transit System, Fighting Climate Change, Expanding Early Care and Education, Improving Economic & Community Development, Reimagining Public Safety, and Advancing Racial Equity & Social Justice.

For County FY25, DHCA has made recommendations to the County Council at the recommendation of the County Executive to expand the preservation and production of housing that will be affordable to the most economically burdened residents. These recommendations include a \$161 million in funding to produce and preserve affordable housing units. This funding commitment includes the allocation of \$14 million in the Montgomery Housing Initiative MHI Fund, \$97 million in the Affordable Housing Acquisition and Preservation CIP project, and a total of \$50 million in FY24 and FY25 in the Nonprofit Preservation Fund CIP. The recommendations also include \$56 million in new resources for the Montgomery Housing Initiative Fund to continue various programs and projects dedicated to creating and preserving affordable housing, and related services.

DHCA created a new Rental Housing Division to lead a new Rent Stabilization Program that establishes maximum allowable rent increases to stabilize rents in the County while ensuring landlords can still earn a fair return on their investment. DHCA also plans to implement and enforce Bill 22-23 Short-term Residential Rental by improving the licensing application processes and enhance required housing inspections. The funding sources will come from the adjusted licensing fees that allow the program to be self-supporting.

The County is also dedicated to addressing the issue of homelessness and has had success in reducing the number of individuals and families facing homelessness through Rapid Rehousing and Emergency Rental Assistance. Housing Stabilization and Relocation Services will be available to assist households

experiencing homelessness in locating, obtaining, and retaining housing. Funds will be used for support services including linkages to mainstream services and employment, rent application fees, and security deposits to assist approximately 35 households moving into permanent housing. Eligible singles and families include those living in temporary shelters, places not meant for human habitation, or other places described in Category I of the homeless definition issued by HUD.

Furthermore, Rental Assistance will be used to provide up to an average of 9 months but up to 24 months of rental assistance to help households rapidly exit homelessness and retain permanent housing. Assistance will be provided to households that meet the criteria for Category I of the homeless definition issued by HUD upon program admission. In addition, funds will be used to provide direct shelter services.

DHCA works with property owners to execute rental agreements with properties that have expiring MPDUs, so the affordability of a number of these units may be preserved for a longer period and with for-sale MPDUs with expired controls. Changes to the MPDU law in 2005 lengthened the control period for rental MPDUs from 20 to 99 years, and the control period for for-sale MPDUs from 10 to 30 years, renewing at each sale within the control period. As the program ages, several challenges have emerged. These include:

- Some rental and resale MPDUs becoming unaffordable to the program's target population over time
- Challenges in pricing MPDUs given rising construction costs
- Policies and procedures that need to be updated
- Lack of post-purchase support for buyers of MPDUs
- High condo fees that make MPDUs in high-rise condominiums unaffordable

Despite the challenges noted above, DHCA expects to extend expiring MPDUs and secure new MPDUs in FY25, including both sales and rentals.

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The Montgomery County Community Needs Assessment by Montgomery County Community Action Agency, the Office of Community Affairs, and the Department of Health and Human Services assessed the community needs and priorities in the County. The assessment focused on County demographics, education, security, environment, housing, food security, health, and programs for vulnerable populations. The analysis indicates that the housing needs in the County include more affordable housing options, less cost-burdened households, improved housing conditions, assistance with rental payments, support for individuals experiencing homelessness, eviction prevention, housing for people with disabilities, and preventing displacement of vulnerable populations.

The Needs Assessment also reviewed the County's performance related to housing and the results were mixed. Some participants expressed satisfaction with the housing assistance they received, while others highlighted challenges and gaps in the system. Key findings from interviews include the lack of

affordable housing, frustration with high rent costs, the importance of eviction prevention programs, and the need for more resources to address homelessness. The County's rental assistance and eviction prevention programs are appreciated, but there is a need for additional resources and affordable housing options to meet the housing needs of the community.

Montgomery County's Planning also conducted a Housing Needs Assessment in 2020 to collect the information needed to develop a comprehensive housing policy that meets the needs of current and future residents. The Housing Needs Assessment had the following key findings from the forecast of future housing needs for Montgomery County:

- Between 2020 and 2040, the county is expected to add more than 60,000 new households. This number includes both working and non-working households, specifically new residents who are seniors or persons with disabilities.
- More than half of the new housing needed to accommodate new households over the 2020 to 2040 period is projected to be multifamily rental housing (including apartment and townhome/duplex/triplex/quadplex rentals).
- Planners expect that the greatest shares of new households in the 2020 to 2040 period will have incomes between \$25,000 and \$49,999 26.6% and \$125,000 and over 23.9%

In response to these recent studies, Montgomery Planning, DHCA, and the Housing Opportunities Commissions will participate in initiatives to explore ways to create and expand housing opportunities. In addition, Montgomery County entered a regional collaboration through the Metropolitan Washington Council of Governments to complete the Analysis of Impediments to Fair Housing Choice for the 2021-2025 period, as recommended under the County's 5-year Consolidated Action Plan.

This effort resulted in a set of concrete goals and strategies at the local and regional levels to address barriers to fair housing and create more equitable and inclusive communities. The process included robust community participation, an assessment of past goals and actions, an analysis of data and issues that impact fair housing, and the establishment of measurable fair housing goals and priorities. After thorough consideration of the data collected, public input, stakeholder engagements, interviews, and surveys the following goals and priorities were developed to meet the current needs of Montgomery County residents:

1. Increase the supply of housing that is affordable to low-and-moderate-income households
2. Reform zoning and land use policies to expand access to fair housing choice by increasing the development, geographic distribution, and supply of affordable housing
3. Protect the housing rights of individuals with protected characteristics
4. Expand access and affordability of public transportation for members of protected classes

### **Housing Needs Assessment Link**

The full assessment can be read here: [www.montgomeryplanning.org/wp-content/uploads/2020/07/MoCo-HNA-July-2020.pdf](http://www.montgomeryplanning.org/wp-content/uploads/2020/07/MoCo-HNA-July-2020.pdf)

MONTGOMERY COUNTY

# Housing Needs Assessment's KEY FINDINGS

**MONTGOMERY COUNTY CAPTURED 5 PERCENT OF GROWTH**

The region has added over 150,000 households since 2010. Montgomery County captured 5 percent of that growth, having one of the lowest growth rates in the region.

## MONTGOMERY COUNTY IS AGING

Montgomery County is aging. Since 2010, the population growth has been concentrated in the 55+ age group, with a net loss in the 35-54 age group.

**MONTGOMERY COUNTY'S HOUSEHOLD GROWTH HAS BEEN CONCENTRATED IN HOUSEHOLDS AT THE LOWEST (UNDER \$25K A YEAR) & HIGHEST (OVER \$125K A YEAR) OF THE INCOME DISTRIBUTION**

1 out of 2 new households to Montgomery County is earning below \$50K a year.

These trends imply that the future housing supply should contain market-rate housing, but there is an increasing need for affordable units.

## RENTERS ARE MORE LIKELY TO MOVE AROUND

Renters are more likely to move around than owners, particularly those with lower incomes.

## The HOMEOWNERSHIP RATE HAS FALLEN

The homeownership rate has fallen across incomes since 2010. While the net number of homeowners with higher incomes still grew, there was a net loss in lower-income homeowners between 2010 and 2018.

The income needed to afford the median priced home is rising faster than the median household income. In 2018, the household income required to afford the median home value was \$125,621 and the 2018 median household income was \$108,188.

**HOUSEHOLDS AT 65% AREA MEDIAN INCOME (\$70,000 FOR A FAMILY OF FOUR)**

**EVERY SUBMARKET IN MONTGOMERY COUNTY FACES A SUPPLY GAP FOR HOUSEHOLDS**

## **Housing Needs Assessment by Montgomery Planning**

### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

Montgomery County is committed to making local government open, accessible, and responsive to its residents. Montgomery County's formal Citizen Participation Plan (Appendix A of this Plan), which ensures that the U.S. Department of Housing and Urban Development's (HUD) requirements for the Action Plan are being met, is only one component of Montgomery County's extensive and ongoing efforts to provide meaningful opportunities for all county residents to fully participate in their government. The Citizen Participation Plan is reviewed and updated by DHCA staff as needed to reflect changes that enhance outreach and participation. The latest revision of the Citizen Participation Plan was completed in March 2023 and was available for public comments along with the annual action plan.

In the development of the Action Plan, DHCA staff consulted with the two public housing authorities, and numerous County agencies, such as the Office of Human Rights, and received input from sub-recipients, the Cities of Rockville and Takoma Park. The State of Maryland and surrounding area jurisdictions are formally notified of the availability of the draft and are provided access to it electronically. Additionally, throughout the year there are ongoing planning processes involving the Interagency Commission on Homelessness, which serves as the governing body for the Continuum of Care, and hearings and town hall meetings conducted by the County Executive and County Council, all of which inform the development of the Consolidated Plan.

The annual selection process for CDBG public services grants allows community volunteers to serve on the Community Development Advisory Committee, which recommends funding for approximately 15 to 17 nonprofit organizations each year. During this process a Public Hearing is held, allowing the residents and local organizations to express their thoughts on affordable housing and community needs. The Community Needs Public Hearing for the County FY25 plan was held on October 11, 2023, and in addition, four public budget hearings were held on April 8th and April 9th (two sessions per day).

### **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Following the Citizen Participation plan guidelines, the plan is available for review and public comment on the department's website and upon in-person request. Notice of this was published in the Washington Times newspaper allowing 30 days for public review and comment submissions. The notice was published on April 15, 2024, and the public has until May 15, 2024, to submit their recommendations and feedback.

## 6. Summary of comments or views not accepted and the reasons for not accepting them

The public comment period is currently open.

## 7. Summary

Montgomery County prioritizes the acquisition, preservation, and production of affordable housing units using CDBG and HOME awards as well as with local County funding. Montgomery County also prioritizes the preservation of affordable housing units through long-term affordability arrangements.

For County FY25, DHCA has made recommendations to the County Council at the recommendation of the County Executive to expand the preservation and production of housing that will be affordable to the most economically burdened residents.

The County is also dedicated to addressing the issue of homelessness and has had success in reducing the number of individuals and families facing homelessness through Rapid Rehousing and Emergency Rental Assistance.

In addition, Montgomery County entered a regional collaboration through the Metropolitan Washington Council of Governments to complete the Analysis of Impediments to Fair Housing Choice for the 2021-2025 time period, as recommended under the County's 5-year Consolidated Action Plan.

 **Services for A More Equitable and Inclusive Montgomery County**

- Early Care Initiative
- Office of Racial Equity and Social Justice WorkSource Montgomery, Inc.
- Racial Equity and Social Justice Impact Assessments
- Funding to promote access to primary health care resources/community-based services for uninsured/underinsured residents
- Funding to support the production and preservation of affordable housing

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

Agencies, groups, organizations, and others who participated in the plan's development have many programs and activities that address community needs. The Housing Opportunities Commission works in Affordable Housing Development, Public Housing Management, Assisted Housing Resident Services, and Housing Resources services. The organizations selected by the Community Development Advisory Committee will provide various public services such as health, workforce development, education, homelessness prevention, and food insecurities. The Montgomery County Continuum of Care (CoC) is a partnership of public and private groups working to prevent and end homelessness in Montgomery County, Maryland. The Montgomery County Office of Broadband Programs provides various resources to narrow the digital divide, such as low-cost internet and computers for income-eligible households. The Montgomery County Office of Emergency Management & Homeland Security oversees the County's emergency response planning, including the management of flood-prone areas, public land, water resources, and emergency management agencies.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

Montgomery County's DHCA regularly works with the Housing Opportunities Commission, Rockville Housing Enterprises (local Housing Authorities), multiple non-profit developers, and many organizations that provide services to residents. HHS coordinates the County's Continuum of Care process and provides funding to programs throughout the County for homelessness-related needs. HHS also maintains extensive contact with other health, mental health, and service agencies. The Montgomery County Economic Development Corporation (MCEDC), funded by Montgomery County, is the official public-private corporation organized as a 501(c)(3) and charged with accelerating business growth and retaining existing businesses in the County. MCEDC aids with business needs such as starting or expanding a business, finding a site, or connecting with other City services. Additionally, the Local Small Business Reserve Program (LSBRP) ensures that County departments award 20 percent (with specified exceptions) of their procurements for goods, services, and construction to registered and certified local, small businesses.

The County funds dozens of organizations each year with County Executive and County Council grants that provide education, youth development, job training, mental health, and other services. These grants are targeted at low-income residents, seniors, and those with language, disability, or other special needs. Montgomery County regularly coordinates with the non-profit community.

On July 13, 2021, Montgomery County Council unanimously approved Bill 36-19 creating the County's Office of Grants Management as a non-principal office in the County's executive branch. The mission of the Office of Grants Management is to develop and support best practices for grants management throughout Montgomery County Government that are consistent with racial equity and social justice goals. In addition, the Office serves as a central point of contact regarding grants that the County receives or awards; provides technical assistance regarding grants management to Executive Branch departments and principal offices; and searches out and identifies Federal and State grant opportunities to Executive Branch departments and principal offices. It comprises two teams: Incoming Grants and Outgoing Grants.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

Montgomery County government, specifically the County's Department of Health & Human Services (DHHS), also serves as the Continuum of Care lead, and therefore all efforts to address the needs of homeless persons and persons at risk of homelessness is directly coordinated by DHHS.

Montgomery County continues to work closely with Rockville Housing Enterprises (RHE) to assist low- and moderate-income individuals and families across the City of Rockville. The RHE and the City of Rockville are supportive of the CoC. RHE partnered with the CoC to apply for Stability Housing vouchers and is working to improve data collection on housing status of applicants. The Stability Voucher initiative is an evolution of the Housing Choice Voucher (HCV) program and represents a powerful collaborative effort with Rockville Housing Enterprises, Continuums of Care, and Victim Services Providers. Its primary goal is to extend a helping hand to households experiencing or at risk of homelessness. This initiative goes beyond the traditional scope of housing assistance; it's a lifeline for those fleeing or attempting to escape domestic violence, dating violence, sexual assault, stalking, human trafficking, and even veterans and families that include a veteran family member facing such challenges. The Stability Voucher initiative was designed with a deep understanding of these challenges and recognizing that a holistic approach is needed. Additionally, the City of Rockville has a representative that serves on the ICH.

Montgomery County continuously works with the Housing Opportunities Commission (HOC), the primary PHA to expand the homeless preference in the County. In April 2023 HUD awarded HOC with twenty-five (25) stability vouchers. These vouchers provided rental assistance to people experiencing or at-risk of homelessness, including survivors of domestic violence, dating violence, sexual assault, stalking, or human trafficking. HOC accepted these vouchers in partnership with Montgomery County's Continuum of Care, which helped implement a coordinated approach to connect homeless outreach, permanent housing, health and supportive services to address homelessness among people in unsheltered settings. In the state of Maryland, HUD awarded stability vouchers to HOC (25 vouchers) and Rockville Housing Enterprises (5 vouchers), with a total value of \$4,870,352.

HOC supports the McKinney Vento Permanent Supportive Housing Programs. The McKinneys are Housing First programs for Montgomery County residents who are homeless and at least one household member has a long-term disability. Referrals come from the office of Services to End and Prevent Homelessness, Department of Health and Human Services (DHHS) in Montgomery County. Program funding comes from HUD and Montgomery County DHHS. Program participants receive case management services with the goal of maintaining housing. Each household is unique and needs assessments are provided with linkages to services, treatment, furniture, transportation, medication assistance, childcare and a variety of other household supports. The Program partners with a variety of community service providers in attempts to provide a holistic approach to housing stability. McKinney PSH participants can utilize housing in Montgomery County which meets the HUD assigned Fair Market Rent, passes inspection and a rent reasonableness comparison. Participants pay 30% of total gross household income towards rent. The McKinney Programs are operated in collaboration with the Department of Health & Human Services Continuum of Care (CoC) under the Housing First Initiative to eliminate homelessness in Montgomery County.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Montgomery County government is the sole recipient of ESG funds in the MD-601 geographic area. As both the CoC Collaborative Applicant and the administering entity for ESG funds, DHHS assures CoC input in the planning and allocation of funds. The CoC Governing Board, of which Montgomery County is a member, identifies needs based on a review of the CoC's strategic plan and a gap analysis developed by the CoC that incorporated Point-in-Time, Housing Inventory Chart, and other local data. The CoC then recommends how to best use local ESG funds. The same process was followed to allocate the ESG-CV funds. DHHS in partnership with the ICH and full CoC, determined the majority of ESG-CV funds would be used to increase Rapid Rehousing to mitigate the impact of increasing number of people seeking emergency shelter. In addition, DHHS is also a member of the Maryland Interagency Council on Homelessness (MD ICH). The MD ICH identifies gaps and needs for the State of Maryland and provides input as to how Maryland ESG funds should be allocated.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities**

**Table 2 – Agencies, groups, organizations who participated**

1	<b>Agency/Group/Organization</b>	Housing Opportunities Commission of Montgomery County

## **AP-12 Participation – 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

DHCA is continuously exploring alternative public involvement techniques, through meetings of civic associations and business groups in areas where CDBG funds are proposed to be used and reaching out through non-profit partners, the Regional Services Centers' Citizen Advisory Boards, government-sponsored Town Hall meetings at locations throughout the County and by involvement with other boards, committees, or commissions. Staff is available for presentations, upon request.

The CDAC Public Hearing was advertised in the Washington Times newspaper and was posted on the Grants Administration homepage. The outreach disseminated to the public also encouraged them to comment during and after the public hearing. Comments and remarks were collected during the hearing and following the hearing.

Following the CDAC public hearing, subcommittees of the CDAC met weekly during October and November for CDBG public service grant applicant interviews and to develop recommendations for CDBG fund recipients during CFY25. The Education Subcommittee met on October 18th and 25th, the Health Subcommittee met on October 18th, 25th, and November 1st, and the Subcommittee for Food, Housing and Youth met on October 17th, 24th, and November 2nd 2023.

A personalized virtual invitation to the four FY25 Public Budget Hearings was also sent out to groups that the CDAC did not recommend to attend and sign up to testify.

The Action Plan draft is available for public review and comment from April 15, 2024, through May 15, 2024.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

For County FY25, DHCA has made recommendations to the County Council at the recommendation of the County Executive to expand the preservation and production of housing that will be affordable to the most economically burdened residents. These recommendations include a \$161 million in funding to produce and preserve affordable housing units in Montgomery County. This funding commitment includes the allocation of \$14 million in the Montgomery Housing Initiative (MHI) Fund, \$97 million in the Affordable Housing Acquisition and Preservation CIP project, and a total of \$50 million in FY24 and FY25 in the Nonprofit Preservation Fund CIP. \$56 million in new resources for the Montgomery Housing Initiative Fund to continue various programs and projects dedicated to creating and preserving affordable housing, and related services. The funding will provide for the renovation of distressed housing, creation of housing units for special needs residents, rental assistance and rapid rehousing, homeless prevention and relocation assistance, homeowner downpayment assistance, home accessibility rehabilitation, services to the "Building Neighborhoods to Call Home", "Housing First" programs, and the creation of mixed-income housing.

In addition, DHCA continues to actively underwrite affordable housing loans to preserve and produce affordable housing. DHCA currently has approximately 1,804 affordable units in its development pipeline that are scheduled to close in FY24. The FY24 DHCA pipeline includes senior, family, and special needs housing. The County will leverage its HIF funding with other private and public resources to support the development of approximately 1,200 units. To date, 576 units are anticipated for completion of rehabilitation and/or construction in FY24. These projects will

be funded by a combination of HIF, CDBG, and/or HOME funds.

The affordable housing and housing-related initiatives for FY25 presented by the County Executive include:

- Preserving and increasing affordable housing
- Revitalization of troubled and distressed common ownership communities
- Rental assistance programs
- Programs to build neighborhoods and provide support services
- Initiatives for accessible and adaptable housing
- Homeownership assistance
- Funding for Montgomery Housing Initiative
- Creation of a new Rental Housing Division
- Support for the implementation and enforcement of Short-term Residential Rental bill

**Anticipated Resources**

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	4,893,353	500,000	4,485,181	9,878,534	13,689,975	There are prior year CDBG resources available for CDBG-funded projects during the plan year. During recent years, Focused Neighborhood projects have taken longer for completion. The delays in project finalization have caused an accumulation of CDBG prior year resources; during the last couple of years, increasing costs have contributed to the majority of the accrual of CDBG funds. There are at least two projects in the pipeline that may be eligible for CDBG funding, scheduled to close in County FY24.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	2,234,948	500,000	16,332,795	19,067,743	6,578,794	There are prior year HOME resources available for HOME funded projects during the plan year. The HOME prior year resources have accumulated due to delays in project completions. Some HOME projects have encountered unforeseen challenges that have caused delays, mainly due to constraints as a result of ongoing cost increases.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re-housing (rental assistance) Rental Assistance Services Transitional housing	432,528	0	182,528	615,056	850,202	The entirety of the ESG source of funds are typically used during each plan year. There may be no uncommitted ESG funds remaining in prior year resources by time the plan is submitted to HUD.

Table 5 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The County uses local funds, as well as federal and state resources, to create and preserve affordable housing by partnering with housing providers to provide flexible financing designed to leverage other sources of funds and to be responsive to unique project requirements. Montgomery County has used a number of strategies to address affordable housing priorities, developing a range of tools and incentives, including a locally funded housing trust fund and an award-winning inclusionary zoning program.

HOME's 25% matching requirements will be satisfied primarily through the use of Montgomery County's Housing Initiative Fund. Similarly, ESG's matching requirements will be satisfied through local Government funding.

Montgomery County does not receive or distribute Section 8 funding. Any LIHTC funding is distributed to developers directly through the State of Maryland and does not involve Montgomery County in the process. McKinney-Vento Homeless Assistance Act funds are distributed directly to Montgomery County Public Schools, DHCA is not involved in this process.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Montgomery County is committed to the integration of affordable housing on publicly owned land. The recommendations in the FY25 budget address the need for affordable housing by allocating funds for the expansion of affordable housing, providing rental assistance programs, supporting the acquisition and preservation of affordable housing units, partnering with organizations for redevelopment projects, underwriting affordable housing loans, increasing capacity in programs serving vulnerable populations, increasing licensing fees, adding positions to manage and administer affordable housing programs, and creating a new division to enhance collaboration and service delivery. These measures aim to produce and preserve affordable housing units, address the needs of distressed communities, and ensure accessibility to affordable housing options for low-income residents in Montgomery County.

**Discussion**

The divisions within DHCA work together to serve Montgomery County residents with their housing and community development needs.

Asset Management actively monitors the Department’s \$300 million in housing loans from local and federal funding sources, leveraging \$1.5 billion in affordable real estate. Assets also ensure compliance guidelines are followed for all affordable housing units supported by federal funds under the Community Development Block Grant Program (CDBG) and the HOME Investment Partnerships Program (HOME) as well as under local Housing Initiative Fund (HIF) loans, rental agreements, and Payments in Lieu of Taxes (PILOT).

Grants Administration handles over \$7 million in annual federal grants received by the County from the Community Development Block Grant Program (CDBG), the HOME Investment Partnerships Program (HOME), and the Emergency Solutions Grant Program (ESG). These annual allocations, along with any special federal appropriations, are earmarked to provide housing assistance and public services for low- and moderate-income residents. In addition, Grants administers almost \$3 million in County-funded grants to non-profit organizations serving Montgomery County.

The Code Enforcement section is responsible for the preservation and improvement of housing and property standards through the enforcement of Chapter 26, Housing and Building Standards, Chapter 48, Solid Waste and Chapter 58, Weeds, of the Montgomery County Code.

The Affordable Housing section coordinates and enforces the County’s moderate-income housing programs including the Moderately Priced Dwelling Unit (MPDU) Program and the Workforce Housing (WFH) program. The Section also oversees both the Montgomery County Energy Efficiency Program (MCEEP) to provide weatherization assistance to single-family housing and previous Single-Family Home

Improvement loans and grants.

The Office of Landlord-Tenant Affairs (OLTA) enforces Chapter 29 - Landlord-Tenant Relations of the Montgomery County Code, along with parts of Title 8 - Landlord-Tenant of the Real Property Article, Annotated Code of Maryland. OLTA strives to educate the public of the general rights and responsibilities of landlords and tenants by providing relevant and accurate information to help the parties avoid problems and make the landlord-tenant relationship work as efficiently as possible. When necessary, through our formal complaint process, and as our authority permits, we offer free support to the named parties to assist them in amicably resolving disputes.

Multifamily Housing works to preserve and produce affordable rental housing for Montgomery County residents. Primarily using resources from the Montgomery County Housing Initiative Fund and the federal HOME program Multifamily Housing provides flexible financing resources to assist in the preservation and production of affordable housing.

## Annual Goals and Objectives

### AP-20 Annual Goals and Objectives

#### Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Affordable Housing in an Inclusive Community	2021	2025	Affordable Housing	Countywide CDBG-eligible areas Rockville Takoma Park	Affordable Housing Healthy and Sustainable Neighborhoods Prevent and End Homelessness	CDBG: \$0 HOME: \$2,234,948 ESG: \$0	Other: 18 Other
2	Promote Healthy and Sustainable Neighborhoods	2021	2025	Affordable Housing Non-Housing Community Development	Countywide CDBG-eligible areas Rockville Takoma Park	Affordable Housing Healthy and Sustainable Neighborhoods Prevent and End Homelessness	CDBG: \$4,893,353 HOME: \$0 ESG: \$0	Other: 15840 Other
3	Prevent and End Homelessness	2021	2025	Homeless Non-Housing Community Development	Countywide CDBG-eligible areas Rockville Takoma Park	Affordable Housing Healthy and Sustainable Neighborhoods Prevent and End Homelessness	CDBG: \$0 HOME: \$0 ESG: \$432,528	Tenant-based rental assistance / Rapid Rehousing: 70 Households Assisted

**Table 6 – Goals Summary**

## Goal Descriptions

1	<b>Goal Name</b>	Affordable Housing in an Inclusive Community
	<b>Goal Description</b>	<ol style="list-style-type: none"> <li>1. Provide affordable housing opportunities for low and moderate-income households through housing rehabilitation activities that eliminate code violations and make other necessary improvements, including accessibility and energy conservation improvements, and through the construction, acquisition, and/or rehabilitation of housing for low and moderate-income households, in cooperation with CHDOs, the private sector, non-profits and/or the Montgomery County Housing Opportunities Commission (HOC). The County uses no HOME funds for homebuyer programs.</li> <li>2. Assist non-profit providers in rehabilitating group homes occupied by lower-income, special needs persons.</li> <li>3. Address community needs for neighborhood preservation and enhancement.</li> </ol>
2	<b>Goal Name</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Goal Description</b>	<ol style="list-style-type: none"> <li>1. Conduct activities that serve to affirmatively further fair housing choice. Activities may include sales, rental and lending testing, education/outreach, training, and research. Activities will be administered by the Office of Human Rights.</li> <li>2. Provide Code Enforcement service in CDBG-eligible areas. Consistent enforcement of the County Codes will help to improve the quality of life for Montgomery County citizens; stabilize neighborhoods; provide safe, decent, and clean dwelling units; maintain and enhance property values; and prevent blight.</li> <li>3. Provide funding for Public Service grants providing services to low-income residents, such as workforce readiness training, college and career planning services, support for a medical clinic, emergency financial assistance and eviction prevention, mental health education, and programming, and food services. Eligible applicants for CDBG Public Service grants apply annually for funding through a competitive process involving the Community Development Advisory Committee, whose role is to make funding recommendations.</li> </ol>

3	<b>Goal Name</b>	Prevent and End Homelessness
	<b>Goal Description</b>	<ol style="list-style-type: none"> <li>1. Assist households experiencing homelessness to locate, obtain, and retain housing assisting approximately 35 households move into permanent housing.</li> <li>2. Provide rental assistance to help households rapidly exit homelessness and retain permanent housing serving approximately 35 households.</li> <li>3. Provide shelter services.</li> </ol>

## Projects

### AP-35 Projects – 91.220(d)

#### Introduction

The Action Plan provides details on projects using CDBG, HOME, and ESG funds that address a wide range of community needs, including housing assistance, public services for low-income residents, homelessness prevention, Rapid Re-housing, and emergency shelter services.

#### Projects

#	Project Name
1	Housing Acquisition and Preservation
2	Group Home Rehabilitation
3	Focused Neighborhood Assistance
4	Code Enforcement

36	Administration - HOME
37	ESG - Montgomery County
38	City of Takoma Park

**Table 7 - Project Information**

**Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

The CDBG fund allocations for Public Service Grants are prioritized based on the needs of the community as determined by the Community Development Advisory Committee. The committee is composed of 15 to 20 members of the public who volunteer their time for this purpose and are appointed by the County Executive. The Committee participates in a public hearing where they learn about the needs of the County from subject-matter experts and community advocates, such as Health and Human Services Representatives for example. The information obtained from the public hearing and funding guidelines is referred to when interviewing CDBG grantee candidates advocating to get funding to provide public services to County Residents.

Our federal funds provide an important contribution to meeting these needs. Federal funds are being used currently to revitalize older residential neighborhoods, help low- and moderate-income residents through the creation and preservation of affordable housing, and support the activities of non-profit organizations providing a wide array of services benefiting lower-income residents.

All annual federal HOME and CDBG funds are used to assist lower-income residents of the county, and each has its own set of regulatory requirements that must be met. For example, HUD requires that County CDBG funds be spent in low-income areas or on activities that directly benefit people with low and moderate incomes. In Montgomery County, a family of four that earns \$95,300 or less meets this threshold.

Providing affordable housing and supportive services for vulnerable populations continues to be a high priority. Key challenges include creating affordable housing sufficient to meet the demand, delivering linguistically and culturally appropriate services to our diverse County residents, and providing special

services to seniors, youth, veterans, the homeless, and persons with disabilities.

**AP-38 Project Summary**  
**Project Summary Information**

1	<b>Project Name</b>	Housing Acquisition and Preservation
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$1,259,353
	<b>Description</b>	Affordable housing activities.
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	An estimated 8 units will be created, preserved, or improved. Neighborhood revitalization activities in low- and moderate-income areas are estimated to benefit approximately 100 households.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Activities include loans to assist in the purchase of existing properties for use as housing affordable to low- and moderate-income residents and funds for housing rehabilitation to enable low- and moderate-income owners of single-family homes and owners of multi-family properties occupied by low- and moderate-income tenants to eliminate code violations and make other necessary improvements, including accessibility, energy conservation, and neighborhood revitalization. Assistance may also be provided for group home acquisition.	
2	<b>Project Name</b>	Group Home Rehabilitation
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$800,000
	<b>Description</b>	Assist nonprofit providers in rehabilitating group homes.
	<b>Target Date</b>	6/30/2025

	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	An estimated 10 to 12 homes will be improved, serving approximately 30 clients.
	<b>Location Description</b>	Countywide.
	<b>Planned Activities</b>	Assist nonprofit providers in rehabilitating group homes occupied by lower-income, special needs persons to eliminate code violations and make other necessary improvements, including accessibility and energy conservation improvements.
<b>3</b>	<b>Project Name</b>	Focused Neighborhood Assistance
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$1,000,000
	<b>Description</b>	Financial and technical assistance, design, and planning for select affordable neighborhoods, to improve the quality of life, safety, and welfare of residents.
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	This project will benefit Eighty-one households.
	<b>Location Description</b>	Countywide.

	<b>Planned Activities</b>	The Focused Neighborhood Assistance (FNA) program includes financial and technical assistance, design, and planning for select affordable neighborhoods, to improve the quality of life, safety, and welfare of residents. For example, construction services for the Wedgewood Drainage and Site Improvement Project are approximately 80% complete and is expected to be finished in FY24. This project will benefit Eighty-one households and correct grading and drainage issues throughout its common areas. In addition, landscaping will be installed in parking islands to deter the placement of bulk trash in these areas. Facility planning is now underway for potentially five additional FNA projects. The Neighborhood Revitalization staff will be meeting with HOA and/or Condominium Association boards and residents to determine the scope of projects for these communities. Design and construction activities will follow.
4	<b>Project Name</b>	Code Enforcement
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$250,000
	<b>Description</b>	Partially cover costs incurred for code enforcement efforts in low- and moderate-income areas.
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Approximately 830 cases/households will be processed.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Funds will be used to partially cover costs incurred for code enforcement efforts in low-and moderate-income areas.	
5	<b>Project Name</b>	Facility Planning
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods

	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$100,000
	<b>Description</b>	Preliminary planning and design for a variety of projects in eligible areas.
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Projects in eligible areas.
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	The funds will be used for preliminary planning and design for a variety of projects in eligible areas for possible inclusion in a future budget.
6	<b>Project Name</b>	Administration - CDBG
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$900,000
	<b>Description</b>	DHCA's staff in planning, administration, and monitoring of the CDBG program
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	N/A
	<b>Location Description</b>	Countywide

	<b>Planned Activities</b>	This will fund DHCA’s staff in planning, administration and monitoring of the CDBG program, including preparation of the Consolidated Plan, staff support for a citizens’ advisory committee, environmental reviews, preparation of contracts, payment processing and auditing, federal reporting and loan servicing.
<b>7</b>	<b>Project Name</b>	Fair Housing Activities
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$20,000
	<b>Description</b>	Activities that serve to affirmatively further fair housing choice
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	An estimated 200 people will benefit.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Funds will be used for activities that serve to affirmatively further fair housing choice. Activities may include sales, rental and lending testing, education/outreach/awareness, training, and research. Activities will be administered by the Office of Human Rights.	
<b>8</b>	<b>Project Name</b>	Contingency
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$50,000
	<b>Description</b>	Cover unanticipated costs for other eligible activities
	<b>Target Date</b>	6/30/2025

	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	The fund will be used to cover unanticipated costs for other eligible activities.
<b>9</b>	<b>Project Name</b>	Arts for the Aging, Inc. - Sustaining Health Equity Through the Participatory Arts
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$35,733
	<b>Description</b>	Sustaining Health Equity Through the Participatory Arts
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 331 older adults.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Improve health equity of low-income seniors through regular arts participation using various platforms and multiple languages. Recruit teaching artists with foreign language skills to better connect with HOC's culturally diverse residents and grow social connections through shared arts experiences, which can improve health and wellness outcomes. Estimated to benefit 331 older adults.	
<b>10</b>	<b>Project Name</b>	Ayuda, Inc. - Domestic Violence & Family Survivors Program
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods

	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$35,000
	<b>Description</b>	Domestic Violence & Family Survivors Program
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 40 people.
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	Increase access to free domestic violence and family law legal services for low-income immigrant survivors of domestic violence, sexual assault, and stalking. The DV/FL Survivors Program will provide trauma informed, culturally and linguistically specific protective order and family law legal services to help survivors rebuild a safe and secure life for themselves and their children. Estimated to benefit 40 people.
<b>11</b>	<b>Project Name</b>	Bethesda African Cemetery Coalition, Inc. - The Bridge That Carried Us Over
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$20,892
	<b>Description</b>	The Bridge That Carried Us Over: Education for the 21st Century
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 50 students.
	<b>Location Description</b>	Countywide

	<b>Planned Activities</b>	Provide Montgomery County students material on the history of chattel slavery in Bethesda, Chevy Chase, and Silver Spring. As well as incorporate students into BACC's internship program. Estimated to benefit 50 students.
<b>12</b>	<b>Project Name</b>	Collegiate Directions, Inc. - Career Mentoring Initiative
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$40,000
	<b>Description</b>	Career Mentoring Initiative
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 210 students.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Support low-income scholars to transition smoothly into the job market after college graduation. Estimated to benefit 210 students.	
<b>13</b>	<b>Project Name</b>	Community Bridges, Inc. - Community Bridges Alumnae Program
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$45,000
	<b>Description</b>	Community Bridges Alumnae Program
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 165 students.

	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	Support girls in the Alumnae program from low-income and/or minority backgrounds through costs associated with tailored one-on-one support, workshops, and staff support. Estimated to benefit 165 students.
14	<b>Project Name</b>	Community FarmsShare LLC - Farm to Family Nutrition Access
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$29,965
	<b>Description</b>	Farm-to-Family Nutrition Access
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 6600 clients.
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	Improve health outcomes and reduce food insecurity for low-income Montgomery County residents, reduce food waste and expand SNAP purchases of farm produce. Estimated to benefit 6600 clients.
15	<b>Project Name</b>	Community Reach of Montgomery County, Inc. - Mansfield Kaseman Health Clinic
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$45,000
	<b>Description</b>	Mansfield Kaseman Health Clinic
	<b>Target Date</b>	6/30/2025

	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 800 patients.
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	Cancer Prevention & Screening and Hypertension Management for low-income residents in the Mansfield Kaseman Health Clinic. Estimated to benefit 800 patients.
<b>16</b>	<b>Project Name</b>	Community Reach of Montgomery County, Inc. - REAP
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$33,000
	<b>Description</b>	Rockville Emergency Assistance Program
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 220 people.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Promote self-sufficiency of low-income residents by providing case management follow-up and navigational services to increase application to and utilization of supportive programs, and expand outreach to the target population through the holiday giving program. Estimated to benefit 220 people.	
<b>17</b>	<b>Project Name</b>	EveryMind, Inc. - Case Manager
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods

	<b>Funding</b>	CDBG: \$35,000
	<b>Description</b>	Case Manager: Rep Payee and Friendly Visitor
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to benefit 120 clients.
	<b>Location Description</b>	Countywide
	<b>Planned Activities</b>	Assist low-income residents with specific tasks, such as food pantry deliveries, driving clients to and attending appointments, completing applications and recertifications for various critical entitlements, making referrals, and accessing community resources. Estimated to benefit 120 clients.
<b>18</b>	<b>Project Name</b>	Food and Friends, Inc. - Improving the Lives and Health of the Most Vulnerable
	<b>Target Area</b>	Countywide CDBG-eligible areas
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods

	<b>Description</b>	Single-Family Rehabilitation Program
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Estimated to assist 3 to 4 households, depending on the level and cost of the work.
	<b>Location Description</b>	City of Rockville
	<b>Planned Activities</b>	Assist CDBG-eligible single-family homeowners with home repairs.
<b>33</b>	<b>Project Name</b>	Housing Production and Preservation - HOME
	<b>Target Area</b>	Countywide
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods

	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	HOME: \$2,066,453
	<b>Description</b>	Housing Production and Preservation
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	This is estimated to produce or preserve 14 units.
	<b>Location Description</b>	Countywide.
	<b>Planned Activities</b>	Funds will be used for the construction, acquisition, and/or rehabilitation of housing (both multi- and single-family units). DHCA may work with the private sector, non-profits and/or the Montgomery County Housing Opportunities Commission (HOC) in implementing this program.
<b>34</b>	<b>Project Name</b>	Community Housing Development Organizations Housing Production
	<b>Target Area</b>	Countywide
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	HOME: \$345,000
	<b>Description</b>	CHDOs Housing Production
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	This is estimated to produce or preserve 4 units.
	<b>Location Description</b>	Countywide.

	<b>Planned Activities</b>	The project will fund the housing development activities of CHDOs. This represents the federally mandated fifteen percent of the HOME allocation. Up to 10 percent of this total (\$20,000) may be used for project-specific technical assistance, site control, and seed money loans. It is anticipated that one to three organizations will use these funds for the acquisition, construction, or renovation of rental housing for persons with low incomes.
<b>35</b>	<b>Project Name</b>	CHDO Operating Assistance
	<b>Target Area</b>	Countywide
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	HOME: \$100,000
	<b>Description</b>	CHDO Operating Assistance
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	By regulation, only CHDOs using HOME funds to own, sponsor, or develop affordable housing are eligible for operating support.
	<b>Location Description</b>	Countywide
<b>Planned Activities</b>	Funds will be used to partially cover the administrative costs of qualified CHDOs: Montgomery Housing Partnership (MHP) and Housing Unlimited, Inc. (HUI). MHP will receive \$50,000 and HUI will receive \$50,000.	
<b>36</b>	<b>Project Name</b>	Administration - HOME
	<b>Target Area</b>	Countywide
	<b>Goals Supported</b>	Affordable Housing in an Inclusive Community Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Affordable Housing Healthy and Sustainable Neighborhoods
	<b>Funding</b>	HOME: \$223,495
	<b>Description</b>	Expenses associated with operating the HOME program.

	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	This activity will indirectly benefit income-eligible County residents.
	<b>Location Description</b>	Countywide.
	<b>Planned Activities</b>	The fund will be used to cover the county's expenses associated with operating the HOME Program. Administrative expenses cannot exceed 10% of the entitlement amount.
37	<b>Project Name</b>	ESG - Montgomery County
	<b>Target Area</b>	Countywide
	<b>Goals Supported</b>	Prevent and End Homelessness
	<b>Needs Addressed</b>	Prevent and End Homelessness
	<b>Funding</b>	ESG: \$432,528
	<b>Description</b>	Housing stabilization and relocation services, rental assistance, and shelter services
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Approximately 35 households will move into permanent housing and 35 households will receive rental assistance.
	<b>Location Description</b>	Countywide.

	<b>Planned Activities</b>	<p>Housing Stabilization and Relocation Services – \$88,800 - will be available to assist households experiencing homelessness locate, obtain, and retain housing. Funds will be used for support services including linkages to mainstream services and employment, rent application fees, and security deposits to assist approximately 35 households move into permanent housing. Eligible singles and families include those living in temporary shelter, in a place not meant for human habitation or other places described in Category I of the homeless definition issued by HUD.</p> <p>Rental Assistance - \$237,600 will be used to provide an average of 9 months but up to 24 months of rental assistance to help households rapidly exit homelessness and retain permanent housing. Assistance will be provided to households that meet the criteria for Category I of the homeless definition issued by HUD upon program admission. Approximately 35 households will be served.</p> <p>Shelter Services – \$106,128 will be used to provide shelter services.</p>
<b>38</b>	<b>Project Name</b>	City of Takoma Park
	<b>Target Area</b>	Takoma Park
	<b>Goals Supported</b>	Promote Healthy and Sustainable Neighborhoods
	<b>Needs Addressed</b>	Healthy and Sustainable Neighborhoods
	<b>Funding</b>	CDBG: \$91,000
	<b>Description</b>	Neighborhood improvements as needed in CDBG eligible areas.
	<b>Target Date</b>	6/30/2025
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	This project will serve an estimated 2,000 people.
	<b>Location Description</b>	Takoma Park
	<b>Planned Activities</b>	Neighborhood improvements ranging from sidewalks, roadway, and stormwater treatment infrastructure, to facade and streetscape improvements in Ward 5 of the City of Takoma Park.

## **AP-50 Geographic Distribution – 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

The funds that are allocated to the County are generally available countywide with no priority assigned to geographic regions. Some activities, such as Public Service Grants, will be targeted at neighborhoods with concentrations of low- and moderate-income populations. Most other programs will be available to income-eligible residents.

Some of the public service providers concentrate their outreach in specific parts of the County, particularly those with predominantly low-income and minority residents. For example, the Eastern Montgomery Emergency Assistance Network extends its services to those residing in the following zip codes: 20903, 20904, 20905, 20866, and 20868. These zip codes belong to Silver Spring, Hillandale, Colesville, Cloverly, Sandy Spring, Burtonsville, and Spencerville. Other organizations like Shepherd's Table which provides daily hot meals do their distribution from an Aspen Hill school. Even though some areas have a higher concentration of low-income and minorities, it is important to note that most of the communities are socio-economically diverse. Between 12.7% and 93.4% of residents in Silver Spring, White Oak, Aspen Hill, Fairland, Gaithersburg, and Montgomery Village are in poverty.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Countywide	0
CDBG-eligible areas	94
Rockville	4
Takoma Park	2

**Table 8 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

N/A

### **Discussion**

In order to determine the Geographic Distribution of funds, DHCA assessed the economic breakdown of residents across the County. Most of the communities are multi-income with residents in poverty living alongside residents exceeding 80% AMI. According to the Census quick facts, the majority of residents in poverty reside in Silver Spring, White Oak, Aspen Hill, Fairland, Gaithersburg, and Montgomery Village. Between 12.7% and 93.4% of residents in each of the areas listed were identified as being in poverty. Given the diverse income levels, it is important that the services through the Public Service grant providers be available Countywide. Some of the non-profit organizations concentrate their services in

some of the areas listed above, but they are still able to extend to the rest of the County.

DHCA also consulted Montgomery County Public School FARMS data for this analysis. There are 137 elementary schools, 40 middle schools, and 27 high schools. Of these, 35 (26%) elementary schools and 4 (10%) middle schools have a Title I designation, meaning that at least 40% of the enrolled students come from low-income households and qualify for low or reduced lunch. These schools serve students residing in Montgomery Village, Gaithersburg, Aspen Hill, Glenmont, Wheaton, Hillandale, White Oak, Burtonsville, and Fairland. The schools that serve those in Silver Spring, specifically Hillandale and White Oak have the highest level of low-income students.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

DHCA's Multifamily Housing team works to preserve and produce affordable rental housing for Montgomery County residents. Primarily using resources from the Montgomery County Housing Initiative Fund and the federal HOME program Multifamily Housing provides flexible financing resources to assist in the preservation and production of affordable housing. The Affordable Housing initiatives outlined below are through a combination of funding sources and strategies to maximize resources.

<b>One Year Goals for the Number of Households to be Supported</b>	
Homeless	0
Non-Homeless	1,342
Special-Needs	12
Total	1,354

**Table 9 - One Year Goals for Affordable Housing by Support Requirement**

<b>One Year Goals for the Number of Households Supported Through</b>	
Rental Assistance	1,300
The Production of New Units	18
Rehab of Existing Units	14
Acquisition of Existing Units	10
Total	1,342

**Table 10 - One Year Goals for Affordable Housing by Support Type**

#### Discussion

The FY25 one-year goals for the number of households supported through rental assistance is a result of a memorandum of understanding with the Housing Opportunities Commission, which is funded by HIF funds. Through a similar initiative, there are currently 1177 families assisted under rental agreements. Based on need and projected resources, DHCA projects 1300 households will be assisted through rental agreements in FY25.

DHCA's Multifamily Housing works to preserve and produce affordable rental housing for Montgomery County residents and in FY25 they project the production of 18 new units, the rehabilitation of 14 existing units and the acquisition of 10 units, resulting in the support of 1342 non-homeless households.

Based on the escalating cost of construction materials, the Group Homes rehabilitation program is

projected to support 10 to 12 special-needs households in FY25.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The Housing Opportunities Commission (“HOC”) no longer owns or operates Public Housing (“PH”) units. During Fiscal Years (“FY”) 2014-2020, HOC converted its PH subsidies to Section 8 Project-Based Rental Assistance (“PBRA”) and Project Based Vouchers (“PBV”) through the U.S. Department of Housing and Urban Development (“HUD”) Rental Assistance Demonstration (“RAD”) program. RAD allowed HOC to convert its PH portfolio to more efficient forms of subsidy and to leverage other resources to renovate, construct, and modernize its existing stock, including adding new affordable units. HOC’s PH subsidies have been converted to Section 8 PBRA or PBV. The final RAD construction project, the Leggett (formerly Elizabeth House III), reached substantial completion as of February 2023.

HOC operates the federally funded Housing Choice Voucher (“HCV”) program for the jurisdiction of Montgomery County, Maryland. HOC currently administers 7,770 vouchers, including 860 PBVs. In addition to these PBV subsidies, HOC’s PBV portfolio includes 330 units granted through RAD and the Housing Opportunity Through Modernization Act (“HOTMA”). From 2021 to 2023, HUD awarded HOC 118 additional tenant-based vouchers for specific demographics, primarily to combat homelessness in Montgomery County. HOC takes advantage of every opportunity to provide additional Housing Choice Voucher subsidies to its portfolio.

Outside its Housing Choice Voucher program, HOC collaborates with Federal, State, Local, and private entities to provide Montgomery County residents with the greatest number of affordable housing opportunities. HOC can accomplish this by leveraging Federal, State, Local, Agency, and private funds to add to, and improve, Montgomery County’s affordable housing stock through the acquisition, production, and preservation of affordable housing units throughout the County.

### **Actions planned during the next year to address the needs to public housing**

Montgomery County Council collaborated with HOC to create a \$100 million revolving Housing Production Fund to produce 6,000 new housing units over 20 years. The fund allows the construction of mixed-income/mixed-use communities with at least 30% of units at affordable rents. The affordable component includes at least 20% of the affordable units to be set at 50% of the Area Median Income and 10% of the units set at or below MPDU income limits of 65% to 70% AMI.

Projects utilizing these funds also take into consideration the need for affordable housing in particular areas, as well as holistic community goals like green space, sustainability, universal design, community-serving retail, transit, and pedestrian infrastructure, and the need for more family-sized units. HOC ownership also provides tenant protections for all residents, including market rent, and allows access to wrap-around services.

- Hillandale Gateway: This property will consist of two buildings, one of 308 units, of which 93 will

be restricted under the LIHTC program. The second will consist of 155 senior units and all these units will be restricted under the LIHTC program. The project also includes a drive-through Starbucks, above-ground parking garage, commercial space, and public and private green space. Early construction started in July 2023 and vertical construction is scheduled to begin in April 2024.

- Garnkirk Farms: The project will include 408 units, 62 two-over-two units, 141 townhomes, 21 single-family detached units, and 184 multifamily units. The multifamily portion will include 128 units restricted under the LIHTC program.
- Metropolitan: HOC is working to finance the renovation of all units and common areas, including all systems and water piping, through a refinance and LIHTC re-syndication. The property has 308 total units, of which, 92 are restricted under the LIHTC program. Thirty-eight of the LIHTC units also have Project Based Voucher subsidies. The main renovations are scheduled to begin in December 2024 following roof and brickwork repairs completed in January 2024.
- Springvale Terrace: Enterprise Community Development and Seabury Resources for Aging have entered a partnership to redevelop the property, to include over 230 affordable senior units as an active adult community. HOC plans to provide Project Based Section 8 rental assistance for up to 48 units by using HUD's Faircloth-to-RAD financing tool. DHCA has committed to providing additional funding from the county's Housing Initiative Fund. Additionally, the property will be financed in part by the Low Income Housing Tax Credit program. Construction is scheduled to begin in December 2024.
- Wheaton Gateway: This is a new construction property, which will consist of three buildings, totaling approximately 770 units. HOC is in the process of procuring pre-construction and construction services and expects to submit a Request for Proposal for the General Contractor in February 2024.
- West Side Shady Grove: This property is in the second phase of construction. Construction is slated to begin in November/December 2024. HOC is currently working through Site Plan Approval and Permit Submission and is scheduled to complete both by July 2024. This property will be funded using the County's Housing Production Fund. The property consists of 413 total units, 124 units will be set at HOC MPDU affordability levels, 10 units will be affordable based on HOC's Workforce Housing.

In addition, HOC is exploring new ways to use local funding to expand the housing subsidies it can offer County Residents. HOC also continuously strives to provide supportive services to its customers, including assessments, information, and referrals. Supportive services also include education programs for youth and health and wellness programs for adults and the elderly.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

HOC is required to establish a Resident Advisory Board, comprised of HOC-assisted individuals. Their role is to assist HOC in developing a Public Housing Agency Plan, and other agency-related matters. The RAB

makes recommendations to the Commissioners and President regarding changes to existing or proposed policies that impact residents and/or HOC Customers and prepares and presents testimony to government groups regarding pending legislation and program changes affecting low- and moderate-income residents.

During July 2023, HOC conducted an official RAB election via electronic voting. 545 households cast their votes across all housing programs. The RAB categories open to candidates included Tenant Based Voucher, Project Based Voucher, Supportive Housing, Project Based Rental Assistance, and Low-Income Housing Tax Credit.

During 2023, HOC developed a Five-Year Strategic Plan. As part of the process, HOC held two virtual town hall meetings and one in-person meeting at the Silver Spring Civic Center during July 2023. HOC believes its residents and members of the public are a valuable source of information for developing its goals and objectives. The updated Strategic Plan is in its final stages of completion.

HOC administers the homeownership programs below:

- Single Family Mortgage Purchase Program: Through the program, the Commission has financed over 12,000 mortgage loans. The MPP provides below-market interest rates for first-time homebuyers purchasing in the County; 30-year fixed rates with zero points; FHA and Conventional Financing available.
- HOC 3% Purchase Assistance Program: The MPP offers down payment and closing cost assistance. A borrower may receive 3% of the purchase price in the form of a 0% secured loan that is required to be repaid only if the loan is repaid in the first 5 years. Since inception, 660 loans totaling \$ 4.7 million have been provided.
- Revolving Closing Cost Assistance Program: The RCCAP program provides closing cost and down payment assistance to first-time homebuyers in the County in the form of a 5% secured loan, up to \$10,000. Since inception, 948 loans totaling \$9.5 million have been provided.
- House Keys 4 Employees (HK4E) Program: The County is a participating employer in the State's HK4E program, which now gives County employees the opportunity to receive even more funds to help with the purchase of a home in the County. Funds can be used for closing costs and/or down payment.
- Montgomery County Homeownership Assistance Fund: The McHAF closing cost program opened on June 3, 2019, and has been funded annually by DHCA. \$1.5 million was allocated in FY24.
- Housing Opportunities Commission Homeownership Program: Since 1987, this program assists HOC residents transition from renting to homeownership. HOC/HOP is open to all residents in HOC-owned or affiliate developments with an annual income of \$40,000 or more. HOC purchases MPDUs from time to time and sells them to HOC residents through the HOC/HOP.
- Housing Choice Voucher Homeownership: This program allows renters with a Housing Choice Voucher to use the voucher for a mortgage payment, rather than rent. The program has a limit of 25 households, with up to three slots designated for households meeting HUD's definition of disabled, and is currently fully utilized. Eligible families must be current HCV program recipients, have a minimum income of \$40,000, and have participated in HOC's Family Self-Sufficiency

program for at least two years.

HOC has also administered the Family Self-Sufficiency program since 1993. HOC provides supportive services, case management, and an escrow account to participating families, to help families achieve economic independence and self-sufficiency. The FSS program is a voluntary program offered to all families participating in the Housing Choice Voucher program.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

This does not apply.

**Discussion**

HOC seeks to offer the greatest possible number of affordable housing opportunities using Federal, State, Local, private, and agency funds, as well as leveraging all possible financing tools. HOC works with Montgomery County Government to ensure the County's residents are receiving maximum benefit from these resources. HOC accomplishes this goal in the form of acquisition, renovation, creation, and preservation of affordable housing units across Montgomery County.

In addition to creating affordable housing, HOC also provides supportive services for its residents, including economic development programs.

HOC's economic development program, HOC Works, seeks to connect low-income individuals with economic opportunities and contract with businesses that share HOC's commitment to bettering the community. Vendors must meet compliance through new hires, training opportunities, and subcontracting to contractors who qualify as HOC Works Business Concerns.

HOC's HOC Academy is an adult education and workforce development program, which promotes self-empowerment, achievement, and upward mobility among residents by connecting them to career training educational services. Through partnerships with Montgomery College and other community organizations, the program offers: tuition assistance and scholarship opportunities; employment and internship opportunities; employment readiness workshops; referrals to English Speakers of Other Languages ("ESOL"), General Education Development ("GED"), and vocational training, referrals to financial aid counseling and Free Application for Federal Student Aid ("FAFSA") application assistance; and referrals for professional clothing.

HOC has administered the federally funded Fatherhood Initiative program since 2015. The program promotes family stability within our communities and is designed to improve families by improving fathers. It serves fathers who are interested in enhancing their skills as fathers and who have children in HOC's affordable housing programs (including applicants on HOC's waitlists). It is a three-week program, which includes parent/dad workshops, financial literacy, and career exploration. Since inception, HOC

has enrolled 1,610 fathers and has since been able to meet its target enrollment numbers.

HOC promotes the deconcentration of poverty by encouraging income mixing by bringing higher-income families into lower-income developments and lower-income families into higher-income developments. HOC seeks to accomplish this in a uniform and non-discriminatory manner. HOC will affirmatively market its housing to all eligible income groups. HOC will not steer lower-income customers toward lower-income development or higher-income customers toward higher-income development.

HOC also seeks to promote diversity by maximizing the procurement of Minority/Female/Disabled businesses through primary contractors and subcontractors.

HUD published the, “Streamlining and Implementation of Economic Growth, Regulatory Relief, and Consumer Protection Action Changes to Family Self-Sufficiency Program”, Final Rule on May 17, 2022. This Final Rule implemented mandatory and discretionary changes to the FSS program and required PHAs to implement the mandates by November 14, 2022. As part of the requirement, RHE was required to update its FSS Action Plan for HUD approval. The FSS Action Plan provides details about operations, program participants, supportive services, as well as the agency’s strategy to help low-income families increase their earned income and eliminate their need for welfare assistance. The updates included the mandatory updates and the discretionary updates to be defined by RHE. RHE implemented policies and procedures considered to be safe harbor or best practices. HUD approved RHE’s updated FSS Action Plan on November 9, 2022.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

**Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Montgomery County Department of Health & Human Services (DHHS) is responsible for the implementation of the Continuum of Care (CoC) strategic plan to end homelessness. The Interagency Commission on Homelessness (ICH), as the governing body of the CoC, has committed to making homelessness rare, brief, and one-time only for all. This work is done by employing specific tactics for each subpopulation, including veterans, chronic homelessness, families with children, youth, seniors, and vulnerable adults. In November 2022 the ICH adopted the goal to end homelessness for all in Montgomery County by December 31, 2025. In order to achieve that, Montgomery County has partnered with Built for Zero to achieve that goal. Through this initiative the CoC is focusing on six areas: youth, families, seniors, vulnerable adults, veterans, and other adult only households.

Montgomery County DHHS is working in partnership with the Collaboration Council for children, youth, and families to establish a plan to end youth homelessness in the County. The youth drop-in center includes access to basic services such as food, laundry, and showers as well as connection to educational and employment services. Recognizing that the needs of youth are unique, the CoC has committed to adapting youth-specific assessment tools, outreach and engagement, and housing interventions to ensure that youth experiencing homelessness are connected to permanent housing as quickly as possible and that interventions are developmentally appropriate. To reach this goal we have established a youth subcommittee of our ICH to focus on these areas and develop a dedicated youth coordinated entry system.

Reducing unsheltered homelessness remains a top priority for the ICH. Street outreach teams have reported an increase in the number of people sleeping outside despite an expansion of shelter availability and street outreach capacity. The CoC has been awarded a new project through the annual Housing and Urban Development (HUD) Continuum of Care competitive Notice of Funding Opportunity (NOFO). This project, Street to Home, is a collaboration between Montgomery County CoC, community partners, Bethesda Cares, Mary's Center and The Coordinating Center to identify those with current or recent unsheltered homelessness. This program provides case management and medical supports and partners with our local Public Housing Authorities, Rockville Housing Enterprises (RHE) and Housing Opportunity Commission (HOC) that will provide vouchers to transition to housing. Additionally, as a local match for this program Montgomery County DHHS will provide 20 local housing subsidies to

expand the project.

Finally, the CoC is one of the few communities nationwide that has committed to the Zero for All Campaign to end homelessness for all populations. Montgomery County has set the goal of ending homelessness for all by December 31, 2025. We are using the Built for Zero model and functional zero analysis. Therefore, our goal by December 2025 is to have no more than 89 individuals experiencing homelessness at any given time. The CoC is setting six-month milestones to make sure we reach that goal.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

Montgomery County operates a coordinated entry system. Emergency shelter is provided 24 hours / 7 days for individuals and families. Access to services and shelters are provided through the outreach providers and Regional Housing Stabilization Services Offices, and the Crisis Center nights and weekends. Help is also provided to those at-risk of homelessness to preserve housing. A common assessment tool is used to screen, assess and refer households to all emergency, transitional and permanent housing programs. The tool screens for household vulnerability and acuity of needs to ensure those most in need are prioritized for housing.

The CoC utilizes a centralized shelter intake and diversion program for adult-only households and households with minor children with a goal of reducing inflow to homelessness. All households seeking emergency shelter will be assessed for diversion as an attempt to resolve their housing emergency without the need to enter the homeless continuum. Monthly diversion training is offered to CoC staff to ensure that all staff are up-to-date on best practices and continue to have time to role play scenarios.

Additionally, the CoC meets regularly to identify vacancies, prioritize persons for housing, and facilitate referrals. DHHS will monitor outcomes to assure that persons are placed based on need. The system will be advertised via the County's 311 phone line, DHHS website, community events, and training for service providers.

### **Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Continuum of Care is continuing to work to reduce length of stay in homelessness. The CoC uses a coordinated housing referral process to refer, prioritize and match participants to CoC housing. Length

of Stay is one factor considered when prioritizing.

Individuals and families experiencing homelessness have access to case management services to help link them to services and housing resources. Housing Locators will work with adults and families in shelter and those unsheltered to identify housing options and help them move more quickly into permanent housing. In addition, MCDHHS has developed an intensive integrated team process that brings together participants with multiple service needs and serious housing barriers with service providers.

Homeless providers will assist participants to develop independent living skills, increase income and access services to reduce returns to homelessness. Those exiting homelessness who are unable to maintain housing on their own will be linked to Permanent Supportive Housing, subsidized housing, or family/friends with whom they can live. Homelessness prevention assistance including financial assistance and case management will be provided to those who are at risk of returning to homelessness. Program participants with multiple service needs and significant housing instability will be referred to MCDHHS to participate in an intensive integrated teaming that brings to together the participant with service providers to identify needed supports.

Returns to homelessness will be tracked at the client and the program level. At the client level, the common assessment tool documents housing history and will identify those with a prior spell of homelessness. In addition, the CoC's open HMIS system will be used to verify previous spells within the CoC.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

Montgomery County coordinates a system of emergency assistance to prevent homelessness. Financial assistance will be available from the Department of Health & Human Services as well as from Emergency Assistance Coalition providers for rental/utility assistance. At-risk households with a history of housing instability will receive case management to address barriers and link to mainstream resources such as SNAP, TANF, SSI and mainstream rental assistance programs. Montgomery County provides energy assistance to help low-income residents pay their utility costs and operates the County Rental Assistance Program, a shallow rent subsidy program for households that are exiting homelessness or at imminent risk of becoming homeless and have a household member that is 55+ or disabled.

To ensure households with the greatest risk of homelessness are prioritized for assistance, the CoC developed a Homeless Prevention Index that uses local data on community-level predictors of

homelessness to identify census tracts with the greatest need. As of February 2023, more than 19,000 households have been provided rent relief, with over \$115.7 million distributed. The CoC has already set aside some ARPA funds and local funds to ensure that eviction prevention and relocation grants will continue.

Montgomery County Child Welfare Services has implemented local discharge planning policies that prohibit the discharge of foster care youth into homelessness. To prepare for discharge, youth will receive independent living skills training. Semi-independent living is open to youth aged 16-21 who are in school or working. As discharge nears, an individualized exit plan will be developed for each youth.

Through the Health Care for the Homeless (HCH) program, Montgomery County developed discharge protocols in collaboration with local hospitals within the CoC (no state hospitals are located within the CoC) to prevent the routine discharge of patients into homelessness. Hospital staff will contact HCH nurses for each patient who reports he/she has nowhere to return and will identify an appropriate discharge option. CoC permanent supportive housing will also be considered for persons who were hospitalized for less than 90 days and were homeless prior to admission. Additionally, the CoC has opened a medical respite facility which can provide short term respite care for individuals being discharged from the hospital when placement in congregate shelter would inhibit their recovery.

Montgomery County DHHS develops and implements discharge policies through its Local Behavioral Health Agency (LBHA). Prior to discharge, the inpatient hospital social worker/treatment provider must complete an assessment and develop an aftercare plan to address all mental health, substance abuse, co-occurring disorder, housing, health, and vocational needs. LBHA will assure that clients are linked to community-based treatment and supportive services, as well as housing.

The Montgomery County Department of Criminal Justice and Department of Health & Human Services (DHHS) have developed a comprehensive system that prepares returning citizens for release to reduce recidivism by assuring stable housing, and psychiatric stability. Work begins at the correction center where the Community Re-Entry program and Projects for Assistance to Transition from Homelessness program assess needs and make referrals to treatment and housing options. The Pre-Release Center will work with returning citizens prior to release.

## **Discussion**

The six-month milestones developed by the CoC are divided among six working groups. The youth working group will work towards having a fully operational Coordinated Entry System for Youth by June 2023. The families working group will work towards having an average length of time from identification to move-in of 45 days by June 2024. The seniors working group will work towards decreasing the number of seniors entering homelessness each month by 50% (from 6 to 3) by June 2024. The vulnerable adults working group will work towards having an average length of time from assigned to housed of 45 days by June 2024. The veterans working group will work towards having no more than 7 veterans experiencing homelessness (down from 10) by June 2024. The other adult-only households

working group will work towards housing 350 individuals by June 2024.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

The lack of land available for development can serve as a barrier to the creation of affordable housing. With approximately 85% percent of land in Montgomery County constrained for development, developers now face the challenges of assembling parcels, creating infill developments, and building higher-density projects.

Since the County's last Consolidated Plan (2015-2019), the County Council has adopted a new zoning code to modernize antiquated regulations of the past and to clarify and encourage infill and mixed-use development (Zoning Ordinance, Chapter 59 of the Montgomery County Code). This has removed a major barrier to new housing investment.

Likewise, the development review process has been streamlined and permitted more efficiency, both issues present in the previous Consolidated Plan.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

Montgomery County continues to identify county-owned sites that can be redeveloped to include housing along with other public facilities and is promoting transit-oriented redevelopment, in conjunction with private developers. New master plan efforts and updated zoning regulations allow for more high-density and mixed-use developments near public transit and in other formally single-use non-residential areas, leading to an increase in future housing supply.

As the first update to the General Plan in nearly 60 years, Thrive Montgomery 2050 offers a clear path forward: to create places where we can increase accessible housing, improve transit, and strengthen businesses together in equitable, sustainable ways. The comprehensive 30-year plan for the entire county was approved by the Planning Board on April 8, 2021, and approved by the Montgomery County Council on October 25, 2022.

Area plans underway include the Ashton Village Center Sector Plan, the Germantown Plan for the Town Sector Zone, and the Shady Grove Minor Master Plan Amendment. The Ashton Village Center Sector Plan established an advisory committee called the Implementation Advisory Committee. The advisory group is staffed by the Planning Department and composed of representatives from various constituencies interested in the successful implementation of the Plan. The group meets the third Tuesday of every month and when needed via Microsoft Teams since June 2022. Similarly, the 2021

Sector Plan Amendment to the Shady Grove Minor Master Plan recommended the continuation of the Implementation Advisory Committee. The Committee is responsible for advising the Planning Board on development activities in the Sector Plan area. The committee meets quarterly since June 2022. In October 2021 the County Council approved Zoning Text Amendment and Sectional Map Amendment to amend the zoning map as recommended for the Germantown Plan for the Town Sector Zone.

**Discussion:**

The County is one of the participating jurisdictions in the development and outreach of the Regional Analysis of Impediments to Fair Housing Choice alongside neighboring areas in the Washington, DC region. Through research, data collection, as well as stakeholder and resident meetings, it was determined that most of the housing challenges faced locally overlap across the participating jurisdictions, and a combined study of the region's housing would produce the most useful and accurate evaluation.

The current analysis assessed progress made toward past goals and identified the County's success in changing and strengthening the Moderately Priced Dwelling Unit program to address some of the challenges faced in accessing fair housing. The changes include:

- Increased incentives and requirements for developers of affordable residential units
- More permits for accessory dwelling units and high-density and mixed-use development near public transit
- Made it easier for businesses to get permits and work with the county's Department of Planning Services and the Planning Board during the development

The Analysis also identified goals and strategies to affirmatively further fair housing in Montgomery County. The current draft includes the following goals:

- Preserve and produce income-restricted units with Housing Initiative Fund, HOME, and CDBG loans
- Prioritize this development on county-owned land to ensure the availability of Moderately Priced Dwelling Units for first-time homebuyers with moderate household incomes
- Leverage Community Reinvestment Act loans
- Reform zoning and land use policies to expand fair housing choice
- Protect the housing rights of individuals in protected groups
- Expand access to public transportation

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

Montgomery County has identified a number of actions that will address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

### **Actions planned to address obstacles to meeting underserved needs**

One of the primary obstacles to meeting the underserved needs of residents is the availability of funding. While the County actively seeks additional funding opportunities and will continue to do so, its ability to address underserved needs depends largely on the availability of additional resources.

### **Actions planned to foster and maintain affordable housing**

- Support a portion of the development costs of nonprofit housing developers to acquire or construct affordable housing.
- Assist in the purchase of existing properties for use as housing affordable to low- and moderate-income residents.
- Provide funds for housing rehabilitation to enable owners of multi-family properties occupied by low- and moderate-income tenants to eliminate code violations and make other necessary improvements, including accessibility and energy conservation improvements.
- Preserve Special Needs group home housing through necessary modifications and updates on units.

### **Actions planned to reduce lead-based paint hazards**

The Montgomery County Department of Health and Human Services, through its Childhood Lead Poisoning Prevention Program, will continue to:

- Provide case management for children who have blood levels of at least 10 micrograms per deciliter
- Educate and provide outreach to schools, daycare centers, landlords, residents, and the medical community about lead poisoning
- Monitor the incidence of childhood and environmental lead poisoning and lead poisoning hazards
- Comply with the school mandate that all Pre-K, kindergarten, and 1st graders living in identified “at-risk” areas have documentation of lead screening on file at their school
- Promote lead-safe environments for children in Montgomery County, and
- Provide a High-Efficiency Particulate Air (HEPA) vacuum loaner service to County residents to help free homes and apartments of lead dust and hazards associated with lead-based paint.

DHCA will continue to ensure that all rental dwelling units built prior to January 1, 1978, demonstrate

full compliance with all of the requirements of the Maryland Department of the Environment (MDE) Lead Poisoning Prevention Program before it issues or renews a Rental Facility License.

The Housing Opportunities Commission (HOC) will continue to have every household sign a lead-based paint addendum to their housing lease, making them aware of the hazards of lead-based paint and providing them with additional resources on the subject. Also, for all properties constructed before 1978, HOC secures a limited-lead free certificate, from the County, at unit turnover (if the unit has not already been certified as lead-free).

Rockville Housing Enterprises (RHE) will continue to secure a limited-lead-free certificate, from the County, at unit turnover (if the unit has not been certified as lead-free), as well as provide residents with information on the hazards of lead-based paint. RHE will pursue lead-free certificates for all public housing units through abatement activities.

### **Actions planned to reduce the number of poverty-level families**

All activities described in this Action Plan are designed with poverty reduction in mind. Programs to prevent and end homelessness help bring people and households out of poverty and into self-sufficiency. Rental assistance helps stabilize households and allows them to build savings, gain skills, and engage in other positive behaviors associated with a rise out of poverty. Public Service grants that provide households homelessness prevention services, such as the Rockville Emergency Assistance program provided by Community Reach of Montgomery County which promotes self-sufficiency and the grant to the Latino Economic Development Center to provide education and comprehensive case management to avoid evictions.

### **Actions planned to develop institutional structure**

To overcome the gap of not finding housing for persons with high housing barriers, the county provides assistance through “housing locators,” who work with area landlords to identify ways to help persons gain acceptance into units and through working in partnership with homeless providers to create additional units.

To address the gap of lack of housing for persons living in nursing homes who could otherwise reside in the community, staff from the Housing Opportunities Commission, the Department of Housing & Community Affairs, DHHS, the Interagency Commission on Homelessness and others, continue to work to identify additional funding sources to provide affordable housing for this special needs population.

To address the gap of insufficient supply of affordable units, the County is actively working to preserve the existing, regulated affordable housing stock. Additionally, the County has completed a Rental Housing Study (MNCPPC and DHCA) in 2017 that identifies the county’s rental housing needs and offers a wide range of recommended approaches to meeting them, including changes to current policies and programs to help guarantee long-term affordability of rental housing. Policymakers and implementing

agencies continue to use the results of this study to guide efforts to expand opportunities for affordable housing.

In March 2022, the Montgomery County Council unanimously enacted amendments to Prevailing Wage Requirements 35-21, Construction Contracts. The goal of the amendment is to expand the prevailing wage requirements to include additional construction-related jobs and for construction projects financed by the County to match the State’s lower prevailing wage threshold limit. The legislation passed with an amendment to apply prevailing wage rates to certain construction contracts that receive a payment in lieu of taxes (PILOTs), but it also provides an exemption for affordable housing projects owned by the Housing Opportunities Commission, nonprofit developers who provide reduced rental units or accept rental assistance. The Government Operations and Fiscal Policy (GO) Committee approved the following amendments:

- Lower the prevailing wage threshold limit from \$500,000 to \$250,000, or apply the State’s prevailing wage threshold to construction contracts, or whichever dollar threshold is lower;
- Expand the scope of construction to include rehabbing, repaving, pavement milling, and mechanical systems service contract.
- Define the types of “mechanical systems service contract” that should receive prevailing wage rates, i.e. HVAC, refrigeration, electrical, plumbing, and elevator systems;
- Adopt the federal prevailing wage threshold of \$2,500 or more for mechanical systems service contracts

### **Actions planned to enhance coordination between public and private housing and social service agencies**

In 2014 the Interagency Commission on Homelessness (ICH) was established by the County to act on behalf of County residents experiencing homelessness and to provide advice, counsel, and recommendations to the County Executive and County Council. The Commission’s responsibilities involve matters influencing the provision of services, County government policies and procedures, development and implementation of State and Federal laws, and other issues affecting the lives, rights, and welfare of people experiencing homelessness in Montgomery County. The Montgomery Continuum of Care (CoC) is the U.S. Department of Housing and Urban Development (HUD) recognized body responsible for community planning to prevent and end homelessness in Montgomery County. It is a public-private partnership that includes County and other government agencies, non-profit service providers, landlords, and others who have a role in the County’s housing market. The CoC is required to have a formal governance structure to guide its activities, including the designation of a Governing Board. The CoC has designated the ICH as the Governing Board of the Montgomery County CoC. The ICH has a broad representation of public and private housing and social service agencies and it, and its several subcommittees, will meet regularly and also hold open public meetings to enhance coordination

and public involvement.

**Discussion:**

# Program Specific Requirements

## AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

### Introduction:

Projects planned with CDBG, HOME, and ESG funds are all listed in section AP-35 Projects of the Annual Action Plan.

### Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	500,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
<b>Total Program Income:</b>	<b>500,000</b>

### Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	90.00%

### HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is

as follows:

DCHA effectively uses HOME investments alongside private and public resources including but not limited to the following: bank loans, tax-exempt and taxable bond debt from state and local governments, land contributions from local government and private resources, developer equity investments through private resources, and the sale of Low-Income Housing Tax Credits and Payments in Lieu of Taxes from the county and local governments. Other resources include The Montgomery County Housing Initiative Fund (HIF), developer investments, and state funds. Montgomery County HIF funds are used for HOME funds matching and usually exceed a 25% match.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The County uses no HOME funds for owner-housing programs. HOME funds are reserved and used for the construction, acquisition, and/or rehabilitation of both multi-family and single-family units.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

All DHCA projects that receive HOME financing and have HOME units are governed by a regulatory agreement which specifies the requirements of the HOME financing and the term of compliance. The regulatory agreement remains in effect during any resale or re-capitalization of the property. If the requirements of the regulatory agreement are violated the developer is in default and subject to the appropriate actions including recapture/repayment of the HOME investment.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

Montgomery County does not use HOME funds to refinance existing debt. After a rehabilitation project is completed, the property's value is assessed through the developer's appraisal resources.

5. If applicable to a planned HOME TBRA activity, a description of the preference for persons with special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(l)(2)(vii)).

The action plan does not include a planned HOME TBRA activity.

6. If applicable to a planned HOME TBRA activity, a description of how the preference for a specific category of individuals with disabilities (e.g. persons with HIV/AIDS or chronic mental illness) will

narrow the gap in benefits and the preference is needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2)(ii) and 91.220(l)(2)(vii)).

The action plan does not include a planned HOME TBRA activity.

7. If applicable, a description of any preference or limitation for rental housing projects. (See 24 CFR 92.253(d)(3) and CFR 91.220(l)(2)(vii)). Note: Preferences cannot be administered in a manner that limits the opportunities of persons on any basis prohibited by the laws listed under 24 CFR 5.105(a).

The rental housing projects will follow 24 CFR 92.253, CFR 91.220, and 24 CFR 5.105.

### **Emergency Solutions Grant (ESG) Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

See Appendix for the ESG written guidelines.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Emergency shelter is available 24/7 for homeless families and single adults at designated sites throughout the CoC and are assessed for diversion and shelter placement. Families and single adults at-risk of homelessness can also apply for assistance. At-risk households are assessed for emergency financial assistance and are linked to needed mainstream resources.

DHHS monitors emergency shelter availability and placement. The CoC adopted its Coordinated Entry Systems (CES) Policy and Procedures in January 2018. Through Coordinated Entry, any household is assessed utilizing standard screening tools that indicate vulnerability and needs. All providers meet regularly to review the CES by name list for adult singles and families with minor children. Households are matched with the appropriate permanent housing option that best meets their needs. Prioritization of households are made for those most vulnerable.

Common assessment tools are used to screen, assess and refer households to all emergency, transitional and permanent housing programs. The tools cover housing history, financial/social supports, health status, service needs and barriers to housing. Providers enter the assessment into HMIS to promote coordination.

The system is advertised via the County's 311 phone line, DHHS website, community events, and training for service providers.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Montgomery County administers ESG funds directly and does not make sub-awards.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The Interagency Commission on Homelessness (ICH), which is the CoC Governing board, is required to have at least one homeless or formerly homeless person as a board member. In addition, the ICH has a People's Committee comprised entirely of people with lived experience. This committee is involved in decisions related to CoC policies and program funding.

5. Describe performance standards for evaluating ESG.

Performance standards for Rapid Re-Housing are aligned with the CoC standards and include percent of participants increasing income while in permanent housing and percent of recipients maintained in permanent housing.

No ESG funds will be used for planning and administration expenses.
