The TTY number (for the hearing impaired) is 711.

*Montgomery County is committed to foster the  
letter and spirit of Equal Housing Opportunity.*

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

Overall strategic plan goal levels for year 5 are stable and reasonable given that federal funding levels remain stable and project costs haven't escalated unexpectedly. While funding for public service grants has remained steady, individual grants can serve greatly varying numbers of expected beneficiaries. Projects in Program Year 2020 ranged from a high of 2,700 expected beneficiaries at a free-meal program to a low of just eight for an intensive apprenticeship program, with the average being 1,354. This means that the level of service per person or per dollar varies greatly. Of the 15 public service contracts, none were due to difficulties related to the COVID-19 pandemic.

HOME funds were used for the rehabilitation of 6 affordable rental units. The County uses no HOME funds for homebuyer programs.

The Focused Neighborhood Assistance Program began a Lighting and Site Improvement project in four (4) neighborhoods (Grover's Forge, Center Stage, The Hamptons, Walker's Choice) in the Montgomery Village/South Village community that will benefit 1,205 households through common area improvements, including the installation of new LED lighting and ADA compliant sidewalk. A stormwater drainage basin was also installed to manage surface runoff.

A second project was also started in the Montclair Manor community and will benefit approximately 160 residents. This project will install new LED lighting and site improvements including a new fence.

The Halpine Hamlet Community Room rehabilitation was completed on 12/17/2020 through the support of a \$250,000 CDBG Loan provided in PY19.

CDBG funds were used during Program Year 2020 for housing code inspections. Housing code inspection cases were challenging to follow up on during the Program Year due to COVID-19. Code Enforcement addressed each report on a case-by-case basis. For cases that were classified as emergencies, Code Enforcement staff made the necessary arrangements following CDC guidelines to provide in-person support. Because of Montgomery County policy regarding in-person contact during the epidemic, Code Enforcement was unable to conduct the annual on-site inspections for all units.

ESG funds were used for expenditures for Housing Relocation and Stabilization Services, as well as expenditures for Homeless Assistance under Emergency Shelter Grants programs. 25% of the ESG funds during the reporting period were used Housing Relocation and Stabilization services, while the remaining 75% went to Homeless Assistance.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and**

**explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Affordable Housing in an Inclusive Community	Affordable Housing	CDBG: \$ / HOME: \$	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit	Persons Assisted	0	3095		0	3095

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The three goals of the Five-Year Plan’s Strategic Plan are all high priorities and use CDBG, HOME, and ESG funds to address a wide range of community needs, including housing assistance, public services for low-income residents, and homelessness prevention, rapid re-housing, and emergency shelter services. The County uses no HOME funds for homebuyer programs.

IDIS report PR-23 CDBG Summary of Accomplishments shows that \$4,496,720.56 dollars were disbursed during the program year. Housing and acquisition of land for housing accounted for 19% of this, Public Facilities and Improvements 32%, and Public Services 11%.

The highest priority for the use of HOME funds is the creation/preservation of affordable housing. To this end, all funds were used for this purpose.

All ESG funds were used for activities that addressed the needs of homeless persons, focusing on rapid re-housing activities.

## CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	ESG
White	1	232	0
Black or African American	50	713	0
Asian	0	26	0
American Indian or American Native	0	0	0
Native Hawaiian or Other Pacific Islander	0	0	0
<b>Total</b>	<b>51</b>	<b>971</b>	<b>0</b>
Hispanic	0	119	0
Not Hispanic	51	852	0

Table 2 – Table of assistance to racial and ethnic populations by source of funds

### Narrative

CDBG data from IDIS report PR23 – CDBG Summary of Accomplishments shows that a total of 13,282 persons were served – higher than the total shown above in CR-10. This is due to other racial categories included in PR23, but not included in CR10. For example, there were 4542 “other multi-racial” persons included in PR23. All HOME and CDBG data were pre-populated in the CAPER.

**CR-15 - Resources and Investments 91.520(a)**

**Identify the resources made available**

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	6,022,634	3,393,342
HOME	public - federal	3,021,156	0
ESG	public - federal	417,251	326,134

**Table 3 - Resources Made Available**

**Narrative**

**Identify the geographic distribution and location of investments**

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

**Table 4 – Identify the geographic distribution and location of investments**

**Narrative**

There are no target areas for investment. Most activities are oriented to low-income clients Countywide. Code enforcement activities are conducted countywide; CDBG funds are used for code enforcement activities occurring only within CDBG eligible areas, as determined by HUD. Unfortunately, due to the Pandemic, Inspectors were unable to conduct in-person inspections.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

The County was able to leverage federal funds at a satisfactory rate by using County, State, and private funds. All match requirements for the HOME and ESG programs were more than met by local spending.

Several projects utilizing public land for affordable housing made significant progress during the Plan year: 1) Artspace Silver Springs Lofts, a 68-unit (100% affordable) multifamily project, completed construction and was fully occupied as of May 2021. 2) East County Regional Services Center Site Development - renamed Willow Manor at Fairland Senior Apartments, a 120-unit senior development co-located with County facilities is providing 60 affordable and 61 market units, completed construction in August 2020, and is fully occupied as of August 2021. 3) 4010 Randolph Road, the former site of a County-owned recreation center, will provide 196-units of affordable housing including 27 for homeownership. The project is well underway in the planning stage with an anticipated construction start date of March 2022.

<b>Fiscal Year Summary – HOME Match</b>	
1. Excess match from prior Federal fiscal year	185,698,897
2. Match contributed during current Federal fiscal year	17,883,654
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	203,582,551
4. Match liability for current Federal fiscal year	110,318
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	203,472,233

**Table 5 – Fiscal Year Summary - HOME Match Report**

Match Contribution for the Federal Fiscal Year								
Project No. or Other ID	Date of Contribution	Cash (non-Federal sources)	Foregone Taxes, Fees, Charges	Appraised Land/Real Property	Required Infrastructure	Site Preparation, Construction Materials, Donated labor	Bond Financing	Total Match

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	217	188
Number of Special-Needs households to be provided affordable housing units	16	0
<b>Total</b>	<b>233</b>	<b>188</b>

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	420
Number of households supported through The Production of New Units	0	188
Number of households supported through Rehab of Existing Units	169	0
Number of households supported through Acquisition of Existing Units	64	0
<b>Total</b>	<b>233</b>	<b>608</b>

Table 12 – Number of Households Supported

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

Montgomery County is a world-class community. The department of Housing and Community Affairs, in collaboration with our local housing authorities, RHE and HOC, and the Department of Health and Human Services, offers affordable housing opportunities and related services and programs to low-income residents. Services include housing vouchers, rental subsidies, eviction prevention measures, education and outreach, conflict resolution, as well as brick and mortar housing. On average, the County invests \$100 million per year on these programs and services. In the aftermath of the great recession

(2009), the County leveraged its relationships with for-profit and non-profit partners, community groups, and representatives of the state, local, and federal government agencies to address this worst-case scenario of diminished resources that threatened to strain service levels. The result was a significant softening of the consequences of this once-in-a-lifetime economic crisis. Since then, the County has re-built high levels of financial reserves, achieving a AAA rating from Wall Street, that can be used in such a worst-case scenario happens again.

Consolidated Plan goals are developed with some flexibility to best meet market conditions and partnering opportunities and to maximize the use of funds. Outcomes reflect adjustments based on per unit costs coming in higher than historical averages for some projects as well as the funding of larger projects.

The Focused Neighborhood Assistance (FNA) program has completed the last of the two construction projects in the Kimberly Place Condominium Community. The project benefited 178 households through common area improvements. Drainage channels were installed as a measure to control above and below-grade stormwater and mitigate stormwater that entered the basement level for some residences. The final touch will be the addition of new grass in the common areas.

In Spring 2021, Montgomery County transferred 1.99 acres of land to Halpine Park Apartments to complement a commitment to No-Net Loss of affordable housing units in future redevelopment. In exchange, any future development will include additional Moderately Priced Dwelling Units (MPDUs), at deeply affordable rents ranging from 30% to 50% of the Area Medium Income (AMI).

On February 26, 2021, DHCA purchased a 64-unit multifamily property in the Colesville area of Silver Spring. The Naples Manor property includes three-bedroom townhomes with full basements and current rents that are affordable under 65% of Area Median Income (AMI). DHCA determined this property represented a significant risk of loss of valuable family-size affordable housing and exercised its right to match the purchase contract of \$16 million. To maintain affordable housing at the property, the County obtained an agreement from Enterprise Community Development to purchase the property from the County at the time of closing and refinance it with long-term affordability financing.

Montgomery County continues to foster and maintain affordable housing through numerous programs. For example, the Moderately Priced Dwelling Unit Program (MPDU), the County's nationally known housing program, continues to ensure that all developments of 20 units or more will contain affordable units. The County focuses HOME funds on projects that serve the lowest income groups possible.

During the reporting period, it was unclear how many homeless persons were moved into affordable housing. This information is typically tracked by HHS, moving forward DHCA can also track this information.

### **Discuss how these outcomes will impact future annual action plans.**

The budget for County fiscal year 2021 (July 1, 2020 – June 30, 2021) provided significant affordable housing funding by allocating \$73.5 million for affordable housing. This included \$43.5 million in the Montgomery Housing Initiative (MHI) Fund, \$22 million in FY21 for the Affordable Housing Acquisition and Preservation CIP project, and \$8 million for the new Affordable Housing Opportunity Fund. The budget for County fiscal year 2022 (July 1, 2021 – June 30, 2022) increased the commitment to the

highest level in history, allocating \$89.1 million, including \$61.1 million in the MHI Fund, \$22 million for the Affordable Housing Acquisition and Preservation CIP Project and \$6 million for the Affordable Housing Opportunity Fund CIP Project. The budget provides additional resources to enhance landlord-tenant outreach, building inspections, tenant protections, and housing code enforcement.

Additionally, the Department has committed to the following Performance Improvement Plan:

- Preserve existing affordable housing through aggressive code enforcement and effective utilization of Housing Acquisition and Rehabilitation dollars
- Increase attention to preserving affordable multifamily rental buildings/ developments
- Establish goals for the addition of affordable housing to County stock and closely monitor progress on achieving those goals
- Continue aggressive push of closing cost assistance program managed by Housing Opportunity Commission (HOC)
- Pursue prompt completion of development on county-owned parcels, i.e., 4010 Randolph Road
- Promote mixed-use development (e.g., the promotion of housing development in non-residential areas)
- Continue the focus on, and coordination of, housing for those with special needs, e.g. homeless, persons with disabilities, seniors, etc.
- Promote the adaptive use of the County’s existing housing stock to reduce demand for new housing: e.g., assist seniors in adapting their homes to meet their needs.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	0	6
Low-income	0	0
Moderate-income	0	0
<b>Total</b>	<b>0</b>	<b>6</b>

**Table 13 – Number of Households Served**

### **Narrative Information**

Unfortunately, the number of people impacted by CDBG, and HOME dollars is difficult to calculate because each activity’s impact varies depending on the type of service being offered. According to the PR03c-Public Services Activities, an average of 309 people were supported by each activity conducted throughout the PY2020. The total number of beneficiaries of public service activities was 13,282.

DHCA does not currently track individuals who came out of homelessness because this is data tracked by HHS. DHCA will plan to track this information moving forward.

County residents with disabilities face challenges with finding appropriate housing, therefore Code Enforcement ensures that housing conditions for persons with disabilities are fit for their needs and not substandard. In addition, DHCA manages approximately 40 Public Service Grant Contracts that serve LMI County residents addressing needs ranging from education, medical, housing, workforce development, and much more. With LMI residents paying more than 50% in housing costs, there is a need to support them in other ways.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Continuum of Care continues to utilize a coordinated entry system to reach out to assess the needs of persons experiencing homelessness that is accessible 24/7. Three regional offices provide centralized access & four outreach providers work to engage unsheltered persons. ESG funds also support the operations of the 24/7 Homeless Resource Line (240-907-2688). The Resource Line provides the caller to access services, take information about homeless person location and connect with outreach provider. The CoC's standard outreach procedures focus on engaging individuals and families to refer, link, and provide a "warm" transfer to services and housing providers. The CoC has developed an outreach protocol between local police & outreach providers to promote collaboration. A CoC Outreach Coordinator works with outreach providers in the CoC to centralize and coordinate efforts. DHHS continues to conduct quarterly "census counts" to collect and monitor the number of unsheltered people in the County and identify trends in the data. The CoC has increased the outreach capacity by more than 50% recognizing the need to reach unsheltered individuals. More than 115 "hot spots" identified in the CoC including encampments in the woods, storage bins and 24hr establishments are targeted for outreach. The system is advertised via the County's 311-phone line, DHHS website, community events, & via a "Homeless Services Guide" available at public libraries, recreational centers, & public schools. All providers can serve persons with limited English proficiency & maintain diverse staff.

The VI-SPDAT tool for individuals and families are used to screen, assess & identify housing needs. HMIS generates a by-name report with each household's vulnerability score. Housing Prioritization committees meets bi-weekly to match households to vacancies & meets weekly to discuss system concerns. Case conferencing is also used with the by-name list to ensure the community is tracking, engaging, and connecting all households experiencing homelessness to potential housing options.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The CoC provides emergency shelter to individuals and families experiencing homelessness throughout the jurisdiction. Generally, emergency shelter capacity for adults without children includes 140 year-round beds including 5 designated for victims of domestic violence, 3 designated for Healthcare for the Homeless, and 2 designated for Aging and Disability. During hypothermia season from November 1 to March 31st, capacity expands to 346 beds. Due to the public health emergency are shelter capacity has shifted to allow for social distancing and additionally no hypothermia beds were closed. Currently, the system has capacity for 386 beds, including 100 temporary hotel rooms. Construction of a new shelter facility is underway to bring year-round capacity to approximately 300 beds, with no reduction at the end of hypothermia season. The new facility is scheduled to open in Spring 2022 and will replace

temporary facilities used during the public health emergency. On the day of the 2021 Point in Time count, there was 375 emergency shelter and overflow beds occupied.

Families with minor children are served by three family shelters with the capacity to serve 27 families with additional 14 families able to be served through the County's domestic violence shelter. In addition, DHHS provides overflow shelter via motels to supplement when family shelters are full. During 2021 Point in Time count, a total of 29 families were residing in emergency, overflow shelter, or Domestic Violence shelter.

In addition to providing emergency shelter and transitional housing, the CoC has implemented homeless diversion for both families and singles. Diversion uses empowerment and mediation techniques to assist households with identifying alternative housing solutions outside of emergency shelter. Diversion may include both case management and temporary financial assistance.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

Montgomery County coordinates a network of assistance through the Continuum of Care coordinated entry system that provides emergency financial assistance & case management to help households retain/obtain housing to prevent homelessness. Households with repeated housing instability receive ongoing case management to address barriers contributing to housing instability. Other diversion efforts include mediating family disputes, one-time grants to offset costs to family/friends with whom they can stay, & linkages to mainstream benefits, employment & behavioral health/health resources to reduce risk. DHHS also provides energy assistance to help low-income residents pay their utility costs & operates the County Rental Assistance Program, a shallow rent subsidy program for low-income families, seniors & the disabled. The CoC partners with the Montgomery County Dept of Health and Human Services, public schools, local hospitals, and the Emergency Assistance Coalition to identify those at-risk and prevent homelessness.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The CoC has fully implemented a coordinated entry system (CES) for both single adults and families to minimize length of time homeless. This process involves reviewing all screening, assessments, and program policies to ensure that the system is reducing barriers to households experiencing

homelessness. The CoC seeks to create a “no wrong door” approach by adding non-traditional partners to the CES including places where people experiencing homelessness congregate such as libraries, hospitals, and jails. The enhanced coordinated entry system includes uniform community-wide standards that prioritize persons for housing, including those with the longest time homeless and highest service needs. CES prioritizes households with the greatest vulnerabilities for permanent supportive housing. Veterans and those experiencing chronic homelessness are prioritized over all other populations. The CoC has sustained “functional zero” for Veteran homelessness since December 2016. Since January 2016, the CoC has housed 525 chronically homeless individuals. To date, only 39 individuals are chronically homeless, and all have been assigned to housing placement.

Additional strategies to reduce LOH are a significant increase in the number of Rapid Rehousing units and permanent supportive housing (PSH). This year, the CoC increased by 20 PSH units via participation in the State Medicaid Waiver Program in partnership with the Emergency Housing Vouchers (EHV). The remaining EHV are being used for a move-up strategy that will ultimately open an additional 90 plus slots of PSH within the continuum. Additionally, we have allocated ESG-CV money to support additional Rapid Rehousing slots. We anticipate being able to provide over 120 Rapid Rehousing slots with RESG-CV funds.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Housing Opportunities Commission of Montgomery County (HOC) had a great need to address the unmet needs of its public housing portfolio. Over the last five years, HOC converted public housing units using HUDs Rental Assistance Demonstration (RAD) program at 11 different public housing properties in the County. This effort has ended as of April 2020, with the last Public Housing property conversion, Elizabeth House Apartments in Silver Spring. Under RAD, HOC converted the units to either the project-based rental assistance (PBRA) program or the project-based voucher (PBV) program. HOC continues to provide a high level of service to families and new applicants.

Rockville Housing Enterprises' (RHE) mission is to create and preserve affordable housing in the City of Rockville, Maryland. In 2020 RHE has been able to increase the supply of affordable housing in the City of Rockville by adding 59 affordable units to families at 60% of the Area Median Income through the refinancing of Fireside Park Apartments. RHE is also working to preserve the affordability of 29 of its single-family scattered-site units, through converting those affordable housing assets from public housing to project-based section eight housing. Currently, occupancy rates are above 96% of all available units within RHE's portfolio. The high occupancy rate indicates the continued need for affordable housing in the City of Rockville. Rockville Housing Enterprises manages both public housing and a housing choice voucher program waiting list. The Agency recently purged the public housing waiting list and reopened the public housing waiting list and accept applications for housing in the second quarter of 2021. There are currently over 3,000 families on the housing choice voucher waiting list. This also demonstrates the need that exists for affordable housing in the City of Rockville.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

Although HOC no longer has public housing units, the goal of having a standard of living that is equitable for all residents of Montgomery County has not changed. Such a process involves genuine resident input to ensure that real concerns are addressed and not simply those that the government perceives to be a problem for the County's Public Housing residents. This resident input is gathered through a variety of means. HOC holds multiple town hall meetings with its residents each year, public hearings, public comment periods, and has monthly discussions with HOC's own Resident Advisory Board (RAB). HOC's RAB is comprised of HOC residents from across its affordable housing portfolio. HOC staff continues to review proposed policy changes with its RAB, thereby seeking input from its residents before implementing policies that affect them. The topics discussed at these different resident meetings include property maintenance, adequacy of supportive services, property management, administrative policies, new HOC programming, and general HOC customer service.

Rockville Housing Enterprises encourages public housing residents' participation in management policy decisions. RHE has a Resident Advisory Board that is consulted regularly on property-related issues as

well as policy decisions. The Resident Advisory Board has provided insight into the day-to-day management of the properties including providing input on the parking and towing policies as well as RHE Annual and Five-year plans. During this unique COVID era, RHE has managed to stay in contact and communication with residents through email blasts utilizing constant contact as well as resident meetings held via zoom. RHE continues to work with residents that seek to purchase a home with their voucher as well as working with other available resources to encourage self-sufficiency through homeownership.

**Actions taken to provide assistance to troubled PHAs**

Not applicable.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

Montgomery County continues to identify county-owned sites that can be redeveloped to include housing along with other public facilities and is promoting transit-oriented redevelopment, in conjunction with private developers, in White Flint and Wheaton. New master plan efforts and updated zoning regulations allow for more high-density and mixed-use developments near public transit and in other formally single-use non-residential areas, leading to an increase in future housing supply. Plans in progress include Thrive 2050, a comprehensive 30-year plan for the entire county. Area plans underway include the Ashton Village Center Sector Plan, the Germantown Plan for the Town Sector Zone, and the Shady Grove Minor Master Plan Amendment.

Montgomery County recently consolidated construction inspections being done by the Department of Permitting Services (DPS) and Montgomery County Fire and Rescue Service (MCFRS), and the Montgomery County Planning Board (MCPB) has streamlined how it reviews DPS issued building permits. All three agencies, along with others, have committed to collaborate to make their customer service more business-friendly and make it easier to navigate the development process and obtain building permits. The Wheaton Redevelopment Program includes plans for the co-location of both a new headquarters for the Maryland National Park and Planning Commission (MNCPPC) and the Montgomery County Department of Permitting Services to facilitate this effort. Construction of the new headquarters building is now underway.

As part of Montgomery County's ongoing efforts to provide more paths to homeownership, the County committed \$2 million in the Fiscal Year 2021 to programs providing eligible Maryland first-time homebuyers purchasing a home in Montgomery County a deferred Down Payment and Closing Cost Assistance loan granting up to 40% of the household's qualifying income for a maximum of \$25,000. \$1 million was committed to the Montgomery County Homeownership Assistance Fund "McHAF," an offered as part of the Housing Opportunities Commission of Montgomery County ("HOC") Single Family Mortgage Purchase Program ("MPP") and \$1 million to the Montgomery Homeownership Program as part of the State of Maryland Housing and Community Development Maryland Mortgage Program. Montgomery County aims to reduce housing cost burdens by providing the highest level of affordable housing funding in the County's history by investing \$89.1 million in affordable housing in Fiscal Year 2022. This includes \$61 million in the Montgomery Housing Initiative (MHI) Fund, \$22 million in the Affordable Housing Acquisition and Preservation CIP project, and \$6 million for the new Affordable Housing Opportunity Fund. Additionally, the County provides real estate tax relief of up to \$30.2 million for dedicated affordable housing units. This increases dedicated funding and provide for renovation of distressed housing, the acquisition and preservation of affordable housing units, creation of housing units for special needs residents, services to the "Building Neighborhoods to Call Home" and "Housing First" programs, and creation of mixed-income housing. Since FY08, over \$1 billion has been invested in support of affordable housing.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

A concerted effort has been made to coordinate with other County agencies and community groups in both the identification of needs and the resources available to meet these needs. The goal, in a time of diminishing resources, is to maximize effectiveness through the elimination of duplication and employment of economies of scale when possible, to serve the largest number of residents possible.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

During the Program Year, the Montgomery County Department of Health and Human Services, through its Childhood Lead Poisoning Prevention Program, continued to:

- Provide case management for children who have blood levels of at least 10 micrograms per deciliter
- Educate and provide outreach to schools, daycare centers, landlords, residents, and the medical community about lead poisoning
- Monitor the incidence of childhood and environmental lead poisoning and lead poisoning hazards
- Comply with the school mandate that all Pre-K, kindergarten, and 1st graders living in identified “at-risk” areas have documentation of lead screening on file at their school
- Promote lead-safe environments for children in Montgomery County, and
- Provide a High-Efficiency Particulate Air (HEPA) vacuum loaner service to County residents to help free homes and apartments of lead dust and hazards associated with lead-based paint.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

This also falls into the category of interagency coordination. DHCA has worked with many agencies including the Department of Health and Human Services and the Housing Opportunities Commission to identify needs and to allocate resources. The public service component of the project list is evidence of the fact that a major priority is to support and, where possible, create self-sufficiency. This is an effort that will not have a satisfactory conclusion until there are no families at or below the poverty level.

Among efforts that help reduce the number of persons living below the poverty level is the Family Self-Sufficiency Program run by the Housing Opportunities Commission (HOC). This program helps Public Housing and Housing Choice Voucher families achieve self-sufficiency and end dependency on welfare assistance over a five to seven-year period. The program serves over 400 families, primarily composed of single female heads of household with an average of two children, who enroll on a voluntary basis and agree to case management services with the goal of improving the head of household’s education, career training, and employment. HOC also offers residents a chance to participate in the HOC ACADEMY, a program that provides adult education and workforce readiness training. As mentioned, the FSS serves HCV families. Therefore, although HOC has completed its Public Housing Conversion, the same opportunities are available to the former PH residents now in the voucher program as they are available to all HCV participants.

### **Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Quarterly leadership forums bring managers and key staff from all County departments together to identify opportunities for collaboration and define priorities. In addition, the County has implemented a planning and appraisal process for senior management stressing results-oriented outcomes and pay-for-performance, with an emphasis on teamwork, cooperation, and collaboration to ensure that departments work together.

Interdepartmental teams have been formed. The key ideas embodied in this program are:

- Neighborhood-based services customized to neighborhood needs
- Partnership with neighborhood leaders and organizations
- Intervention in at-risk neighborhoods
- Nurturing of involvement and leadership from the multi-cultural community, particularly the immigrant community.

Recognized by the National Association of Home Builders for their streamlining work, the Montgomery County Department of Permitting Services credits the launch of the web-based system called eServices as pivotal in the improvement of services. County residents and businesses use “ePermits” and “ePlans” to apply online and electronically submit building and permitting plans to include electrical, deck, new home, and right-of-way permits. Launched in 2014, the system is still providing improvements in efficiency. Montgomery County Executive Ike Leggett announced on November 17, 2016, that the commercial permitting processing time had been reduced over the prior two years from an average of 25 weeks to an average of 12 weeks. Plans are completing initial reviews in 20-30 calendar days and solar permits, which have increased dramatically in volume, have a three to five days turn around.

In 2021 Montgomery County again ranks as the healthiest county in Maryland in the annual County Health Rankings (CHR) for Maryland for Health Outcomes. Healthy Montgomery, the County’s community health improvement process, was launched in June 2009 and brings together health providers, hospitals, insurers, County agencies, and community members. A second Community Health Needs Assessment was recently completed. Co-chaired by County Councilmember George Leventhal and Jackie DeCarlo, executive director of Manna Food, Healthy Montgomery has workgroups focused on such health issues as obesity and behavioral health. The goal is for Healthy Montgomery to continuously update the community’s health status and conduct periodic needs assessments to stay focused on improving health outcomes.

### **Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

DHCA works with many agencies including the Department of Health and Human Services and the

Housing Opportunities Commission to identify needs and to allocate resources. DHCA works with several non-profit organizations providing a variety of social service and housing services, as can be seen in the Action Plan list of projects. The Department also has contracts with housing counseling providers to reach out to those at risk of foreclosure and possibly requiring other services; referrals to appropriate service providers are regularly made. The Montgomery County Continuum of Care process includes wide civic participation and provides a robust forum for coordination between public and private housing and social service agencies.

### **Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The Montgomery County Government's Office of Human Rights enforces the County's Fair Housing law, which is found in Montgomery County Code Chapter 27, Article I, prohibits discrimination in residential and commercial real estate based on age, race, color, religious creed, ancestry, national origin, sex, marital status, physical or mental disability, presence of children, sexual orientation, source of income, and family responsibilities.

The Office of Human Rights has developed a multi-faceted program to promote fair housing. This program includes enforcement of discrimination claims, testing for discrimination in the rental or sale of housing, and compliance with architectural guidelines for the protection of people with disabilities. It also includes educational and community outreach components.

Under the auspices of the Office of Human Rights, the County has an ongoing Inter-agency Fair Housing Coordinating Group, (IFHCG), which coordinates and monitors the activities of county departments, offices, and agencies to prevent housing discrimination. The IFHCG is comprised of agencies that have housing responsibilities. Members of the group include representatives from the Department of Housing and Community Affairs, the Human Rights Commission, Housing Opportunities Commission, Department of Health and Human Services, the Office of Community Partnerships, Commission on People with Disabilities, Montgomery County Public Schools, Montgomery County Park, and Planning Commission, City of Takoma Park, City of Gaithersburg, and the City of Rockville. Meetings are open to the public, and community advocacy groups and real estate professionals can attend and join in the discussion.

The Human Rights Office hosts at least one fair housing workshop each fiscal year for an audience of housing and real estate professionals, property managers, lenders, landlords, tenants, and the public. Typically, this workshop is presented during April, which is Fair Housing Month, this year the Virtual Fair Housing Summit was held on Tuesday, April 20, 2021.

Each year, the agency sponsors a human rights youth diversity camp for local fifth-grade students, to help them understand people different from themselves, and to explore topics of human and civil rights. Segments include fair housing, equal employment, team building, anti-bullying, civil rights history and personalities, and others. A fair housing poster contest is conducted as part of the youth diversity camp. The contest has taken place for a decade and has become very popular. The posters are judged by members of our Inter-agency Fair Housing Coordinating Group. The winning poster is displayed on

transit buses throughout the County during Fair Housing Month (April), and the winning artist receives a monetary award presented during an assembly at the school where the artist attends.

The Office of Human Rights partners with DHCA and other agencies, providing Fair Housing activities and workshops on Fair Housing laws. The agency provides referrals and assistance through local nonprofits on tenant rights, homeownership foreclosure, scams, and mortgage issues.

In addition, to further identify other challenges County residents face, the County is participating in a region-wide Analysis of Impediments to Fair Housing with other neighboring jurisdictions. The Regional AI participant list includes the District of Columbia, Maryland's Montgomery, City of Gaithersburg and Prince George's Counties, and Virginia's Arlington, Fairfax, Loudoun, and Prince William Counties, as well as the City of Alexandria in Virginia. The Regional AI's completion is set for the first quarter of 2022.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

Montgomery County receives annual allocations from the federal CDBG, HOME, and ESG Programs. Monitoring standards and procedures for each program are described here.

CDBG, CDBG-CV, ESG, and ESG-CV activities are monitored according to program requirements. Sub-recipients and contractors are required to submit periodic progress and financial reports and submit quarterly benefit data reports. DHCA staff maintains regular telephone contact with sub-recipients and contractors.

Staff provides technical assistance at the time contracts are drafted to ensure that all contractors are familiar with and understand program requirements. Topics discussed include income/beneficiary documentation, reporting, files and records management, invoicing for payment, and timely expenditure of funds. In addition, staff members attend events sponsored by the sub-recipients/grantees related to programs that receive funding.

Montgomery County is responsible for ensuring that all HOME program funds are used per the program requirements. The County executes written agreements and performs monitoring of its contractors. The County will monitor all activities assisted with HOME funds to assess compliance with ongoing program requirements.

The County has an internal tracking system for HOME projects that generates requests for information, audits, and benefit data reports according to the schedule of required cyclical inspections.

The County is also subject to review by outside auditors. The current contract calls for programmatic and financial audits to be conducted annually.

Monitorings are conducted each year for all contracts. Additional monitoring may be conducted if there is some concern about a grantee's performance or ability to carry out its contractual duties effectively and efficiently. These monitorings usually take place in the field at the offices of the grantee, although they are sometimes conducted at DHCA if the grantee is known to the monitor and has an excellent performance record. These sessions average one hour in length and include a review of files as well as current procedures/standards as required by HUD. Time is taken for any questions from the grantee as well as for technical assistance as necessary. A monitoring form is completed for each visit and is included in each case file.

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The Consolidated Annual Performance and Evaluation Plan (CAPER) draft are made available to the public for review and comment 15 days before its required submission date to HUD. Notice of availability of the draft for review and comment is posted on the Department's website in the announcements area and on the Department's webpage for the Consolidated Plan / CAPER and Public Service Grants. Notice is also given via email to neighboring jurisdictions and other key County personnel, some of whom include the message on various listservs or outlets. An ad was also placed in the Washington Times newspaper on September 13, 2021. All notices indicate that comments on the draft will be accepted through 4 PM on September 28, 2021. No Comments were received as of the deadline.

The Citizen Participation Plan covering Program Year 2020 is included as an appendix to this document.

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

There were no significant changes in program objectives this year.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

## **CR-50 - HOME 24 CFR 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The County has an internal tracking system for HOME projects that generates requests for information, audits, and benefit data reports according to the schedule of required cyclical inspections.

The County's HOME Regulatory Agreements with property owners/developers restrict the maximum income for low-income tenant households occupying HOME-assisted units to 60% of the area median income throughout the project's period of affordability. The HOME regulations specify the compliance monitoring activities that the County must undertake to ensure compliance with HOME requirements: reporting, property inspections, review of records, and record-keeping. These required monitoring activities provide the framework for the DHCA's monitoring procedures.

Due to the Pandemic, the County was able to request a waiver for on-site inspections of HOME-assisted Rental Housing properties and the annual inspection of Units Occupied by Recipients of HOME tenant-based rental assistance. The waivers apply to ongoing periodic inspections, on-site reviews to determine a HOME rental project's compliance with rent and income requirements if the project owner is unable to make documentation available electronically, code inspections, and annual Housing Quality Standards inspections and re-inspections. Upon the expiration of the waivers, DHCA will conduct inspections within a 180-day period.

- **Reporting.** Per HOME regulations [24 CFR 92.252(f)(2)], DHCA requires property owners/managers of every HOME-assisted rental project to submit a rent and occupancy report on an annual basis to determine compliance with occupancy and rent requirements. The process of is process is known as "Desk Reviews". In PY 2020, Desk Reviews of 7 projects were completed.
- **Property Inspections.** DHCA conducts on-site inspections of HOME-assisted properties and units to verify that projects are maintained in standard condition and meet applicable housing quality standards and ongoing maintenance requirements. The frequency of required on-site unit inspections must be done every one to three years, based on the size of the property, as specified by the HOME regulations [24 CFR 92.504(d)(1)]. In PY 2020 inspections of HOME rental projects were challenging to complete due to the Pandemic and being short-staffed.
- **Review of Records and Record-Keeping.** In addition to the property inspections that are based on a

one to three-year frequency, the County is required to schedule on-site audits of HOME-assisted rental properties throughout the property's affordability period. DHCA conducts a review of the records and files retained on-site that document the owner's compliance with all HOME requirements, including verification of the data the owner/manager, submits of the annual rent and occupancy report during the Desk Review process. In FY 2020, DHCA was unable to complete on-site audits of HOME rental projects due to the Pandemic and being short-staffed.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)**

All developers and property managers of HOME-assisted housing are required to adopt and implement an affirmative marketing and outreach plan for all properties with HOME assistance. The County conducts ongoing reviews of each housing development's compliance with its plan throughout the year. As part of this review, the County reviews the development's marketing materials to ensure that the appropriate FHEO logos and statements appear. The County also reviews the content and placement of marketing advertisements to ensure that the development is marketed to those minority groups least likely to apply for residence in the development.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

IDIS report PR-27 Status of HOME Grants indicates that Montgomery County received \$0 in Program Income during Program Year 2020 that was committed for projects. Program Income is always used before other funds and all HOME funds are used to support HOME-eligible persons and households earning 80% or less of Area Median Income. However, during PY20 \$290,166 in HOME funds were used to acquire 6 units in Marsh Hollow Pl, Paladin Dr, and Kindly Ct.

**Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)**

The Moderately Priced Dwelling Unit Program (MPDU), the County's nationally known housing program, continues to ensure that all developments of 20 units or more will contain affordable units. Efforts using HOME funds have emphasized approving projects that serve the lowest income groups possible. A concerted effort has been made to preserve existing affordable housing through a code enforcement program that results in the annual rehabilitation of dozens of homes. DHCA's Office of Landlord/Tenant Affairs requires licenses for all rental units and provides dispute mediation. It has published a Landlord/Tenant Handbook which spells out the rights and responsibilities of both landlords and tenants. The Office of Landlord-Tenant Affairs works closely with the Housing Code Enforcement Section to ensure tenants have housing that complies with all applicable County laws. The County continues to use resources from the Montgomery Housing Initiative Fund to support rental assistance programs in DHCA, Health, and Human Services (HHS), and the Housing Opportunities

Commission (HOC). Over 4,500 households were projected to be assisted during the program year 2020. The program year activities were slowed down due to COVID-19. It was challenging to work in conjunction with property management companies because many found it challenging to transition to telework and adjust their processes and procedures to virtual platforms. Due to the circumstances, many of the property management companies found themselves providing more leniency to their tenants following both the County Executive and National policies, guidelines, and protections. For example, rental delinquencies were overlooked to help tenants stay in their homes during a state of emergency. DHCA staff also matched their level of enforcement to the situation and provided flexibility as needed.

All the efforts described above represent a comprehensive effort that is necessary to preserve our affordable housing supply.

### 10. Shelter Utilization

Number of New Units - Rehabbed	0
Number of New Units - Conversion	0
Total Number of bed-nights available	9,266
Total Number of bed-nights provided	9,266
Capacity Utilization	100.00%

Table 24 – Shelter Capacity

### 11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

The CoC has increased the outreach capacity by more than 50% recognizing the need to reach unsheltered individuals. The CoC provides emergency shelter to individuals and families experiencing homelessness throughout the jurisdiction. Generally, emergency shelter capacity for adults without children includes 140 year-round beds including 5 designated for victims of domestic violence, 3 designated for Healthcare for the Homeless, and 2 designated for Aging and Disability. During hypothermia season from November 1 to March 31st, capacity expands to 346 beds. Due to the public health emergency shelter capacity has shifted to allow for social distancing and additionally no hypothermia beds were closed. Currently, the system has capacity for 386 beds, including 100 temporary hotel rooms. Construction of a new shelter facility is underway to bring year-round capacity to approximately 300 beds, with no reduction at the end of hypothermia season. The new facility is scheduled to open in Spring 2022 and will replace temporary facilities used during the public health emergency. On the day of the 2021 Point in Time count, there was 375 emergency shelter and overflow beds occupied.

Families with minor children are served by three family shelters with the capacity to serve 27 families with additional 14 families able to be served through the County’s domestic violence shelter. In addition, DHHS provides overflow shelter via motels to supplement when family shelters are full. During 2021 Point in Time count, a total of 29 families were residing in emergency, overflow shelter, or Domestic Violence shelter.

In addition to providing emergency shelter and transitional housing, the CoC has implemented homeless diversion for both families and singles. Diversion uses empowerment and mediation techniques to assist households with identifying alternative housing solutions outside of emergency shelter. Diversion may include both case management and temporary financial assistance.

## Note

The U.S. Department of Housing and Urban Development (HUD) now requires all jurisdictions to draft and submit Consolidated Annual Performance and Evaluation Reports (CAPER) via the internet. This document, not including the cover page and selected details, such as this note, is the product of an export to Microsoft Word from the online submission software, for the purpose of making the Plan accessible to the public. It is the first such CAPER to be developed and submitted online. The information is highly organized and designed to meet all federal requirements as well as produce more standardized plans across jurisdictions. It also allows for more automated data capture by HUD and therefore more robust analysis and reporting of activities for all geographies and jurisdictions.

The CAPER is intended to automatically tie into the appropriate Consolidated Plan data; however, some of that connection was not made or was prone to errors. HUD has provided direction on how to address known flaws, generally by compiling information found in local sources and / or submitted to HUD through its Integrated Disbursement and Information System (IDIS) and then entering it into this Word document. There may also be some minor undetected flaws such as the formatting of exported text. Staff have attempted to correct these errors in the draft. After the draft review period, all of the information in this document will be submitted electronically via the online CAPER screens provided by HUD.

### ESG information from IDIS

CAPER reporting includes funds used from fiscal year:

2020

### Project types carried out during the program year

Enter the number of each type of projects funded through ESG during this program year:

Street Outreach	0
Emergency Shelter	1
Transitional Housing (grandfathered under ES)	0
Day Shelter (funded under ES)	0
Rapid Re-Housing	1
Homelessness Prevention	0

### DM's Additional Information

#### HMIS

#### Comparable Database

Are 100% of the project(s) funded through ESG, which are allowed to use HMIS, entering data into HMIS?	Yes
Have all of the projects entered data into Sage via a CSV - CAPER Report upload?	Yes
Are 100% of the project(s) funded through ESG, which are allowed to use a comparable database, entering data into the comparable database?	Yes
Have all of the projects entered data into Sage via a CSV - CAPER Report upload?	Yes

**PGM Year:** 2019  
**Project:** 0001 - Housing Acquisition and Preservation  
**IDIS Activity:** 3127 - Housing Acquisition and Preservation (BG8002)  
**Status:** Completed 10/28/2020 2:15:57 PM  
**Location:** 1401 Rockville Pike Rockville, MD 20852-1428  
**Objective:** Provide decent affordable housing  
**Outcome:** Affordability  
**Matrix Code:** Acquisition of Real Property (01) **National Objective:** LMH

**Activity to prevent, prepare for, and respond to Coronavirus:** No

**Initial Funding Date:** 01/09/2020

**Description:**

Funds will be used for affordable housing activities. Eligible activities include loans to assist in the purchase of existing properties for use as housing affordable to low- and moderate-income residents and funds for housing rehabilitation to enable low and moderate income owners of single-family homes and owners of multi-family properties occupied by low- and moderate-income tenants to eliminate code violations and make other necessary improvements, including accessibility and energy conservation improvements.

**Matrix Code:** Rehab; Multi-Unit Residential (14B) **National Objective:** LMH

**Activity to prevent, prepare for, and respond to Coronavirus:** No

**Initial Funding Date:** 04/21/2021

**Description:**

Funds will be used for affordable housing activities. Eligible activities include loans to assist in the purchase of existing properties for use as housing affordable to low- and moderate-income residents and funds for housing rehabilitation to enable low and moderate income owners of single-family homes and owners of multi-family properties occupied by low- and moderate-income tenants to eliminate code violations and make other necessary improvements, including accessibility and energy conservation improvements.

**Financing**

	Fund Type	Grant Year	Grant	Funded Amount	Drawn In Program Year	Drawn Thru Program Year
CDBG	EN	2020	B20UW240001	\$1,112,567.00	\$412,373.75	\$412,373.75
<b>Total</b>	<b>Total</b>			<b>\$1,112,567.00</b>	<b>\$412,373.75</b>	<b>\$412,373.75</b>

**Proposed Accomplishments**

Housing Units : 74

**PGM Year:** 2020  
**Project:** 0003 - Focused Neighborhood Assistance  
**IDIS Activity:** 3340 - Focused Neighborhood Assistance  
**Status:** Open  
**Location:** 1401 Rockville Pike Rockville, MD 20852-1428  
**Objective:** Create suitable living environments  
**Outcome:** Availability/accessibility  
**Matrix Code:** Street Improvements (03K) **National Objective:** LMA

**Activity to prevent, prepare for, and respond to Coronavirus:** No

**Initial Funding Date:** 04/16/2021

**Description:**

The Focused Neighborhood Assistance (FNA) program provides financial and technical assistance to select affordable neighborhoods to improve the quality of life, safety and welfare of residents. Construction services will be underway for the Grover Forge, Center Stage, Walker's Choice and The Hamptons neighborhoods of Montgomery Village during FY21. Additional construction activities will be underway in FY21 for the Montclair Manor community in Silver Spring. All of these communities will benefit from site improvements and new lighting throughout their neighborhoods. Construction projects will still be active for physical improvements in The Kimberly Place Condominiums. DHCA anticipates 78 households will directly benefit from home improvements in Kimberly Place. Approximately 735 households will benefit from common area improvements.

**Financing**

	Fund Type	Grant Year	Grant	Funded Amount	Drawn In Program Year	Drawn Thru Program Year
