NOTICE OF ROAD CLOSURE KINGS VALLEY DRIVE

April 13, 2020

Dear Resident:

This letter is to inform you of the upcoming temporary closure of Kings Valley Drive. This is an emergency closure aimed at addressing public safety. The Montgomery County Department of Transportation (MCDOT) Division of Transportation Engineering (DTE) will be managing the project. Work will consist of the removal of the existing, large corrugated metal pipe beneath the roadway that has reached the end of its life cycle. MCDOT engineers are currently working to design a new drainage system for the location. A portion of the roadway will be excavated in conjunction with these repairs; this area of the roadway will be resurfaced following completion of the project.

The work will be performed under contract by D & F Construction Co., Inc., MCDOT anticipates this closure taking place in the coming days. At this time, there is no timeframe for reopening the road. MCDOT apologizes for any inconvenience that this project may cause. Your patience and understanding are appreciated during this important construction activity.

The county right-of-way near your residence may be disturbed by the planned project improvements. The nearby area will be backfilled and graded with topsoil, grass seed, and straw following the completion of the project as disturbed areas within the county right-of-way will be restored as appropriate.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dial 3-1-1.

MCDOT thanks you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.
