

2024 SURVEY RESULTS

MontgomeryCountyMD.gov/VZYA

100% would recommend the program for other high school students

71% strongly recommend the program and 29% would recommend other Montgomery County High School students to participate in the Vision Zero Youth Ambassador program. Three Ambassadors directly mentioned wanting to rejoin the program next year.

For the overall program, 57% rated their experience as “Excellent,” 36% “Great,” and 7% “Average.”

Motivated to make roads safer

100% of the 2024 Vision Zero Youth Ambassadors want to stay involved in Vision Zero with 57% staying “somewhat” involved and 43% “actively” involved.

79% reported having a better understanding of Vision Zero and either see opportunities to help improve (18%) or are “motivated to be part of the solution” (61%).

93% reported being able to explain the Vision Zero goal to others with 7% reporting some new knowledge from the program.

What are Ambassadors saying about the program?

“During my time in the VZYA program I was able to build connections as well as collaborate with my peers about things we are all passionate about. Working towards safety day was so interactive and exciting. The day itself was something unforgettable!”

“Overall I had a great experience. I learned a lot and made new friends.”

“The VZYA program has helped me learn so much about traffic safety. This program will help me spread awareness on the importance of traffic safety around my school and peers. I would recommend this program to anyone who is interested in traffic safety.”

“Being a Vision Zero Youth Ambassador has been an amazing experience. I've learned a lot about traffic safety and how to work with others to make our streets safer. It's been great to see the positive changes we can make, and it's inspired me to keep working towards safer roads for everyone.”

“During my program when I initially heard the task at hand, I did not even think creating an event as large as Safety Day was possible. But the more sessions I attended the more information I gathered and was able to use my knowledge and provide it towards helping a cause that I deeply cared for.”
