

Fatal Crash Review

Location: Randolph Road and Sherwood Forest Drive
Crash Date: Friday, August 8, 2025
Crash Time: Approximately 8:00 AM
Review Date: September 22, 2025

Concurrence: M. L. Paylor

Date: 2-6-2025

Location and Site Description:

Randolph Road near Sherwood Forest Drive is classified as a boulevard. It is a six-lane, closed-section roadway divided by a concrete median. The crash occurred at the intersection of Randolph Road and Sherwood Forest Drive, where opposing left-turn lanes are provided in each direction. Sight lines for approaching motorists from both left-turn lanes are clear for approximately 500 feet, with no obstructions. Speed limit signs indicating 40 mph are present within 600 to 800 feet along both approaches of Randolph Road to Sherwood Forest Drive. Streetlights are present at the intersection.

Description of Crash:

According to the police crash report, a vehicle attempting to make a U-turn from eastbound Randolph Road collided with a vehicle traveling westbound on Randolph Road. The passenger in the vehicle attempting the U-turn sustained fatal injuries.

Observations:

A field investigation was conducted at the crash location on September 22, 2025. The roadway surface condition, traffic control signs and pavement markings were found to be in good condition. No defects were noted at the time of the crash.

Recommendations:

None
