### **VERIFICATION OF VOTE COUNT**

At the time of certification on July 1, 2020, Election Director Jurgensen explained that staff conducted several post-election verifications and audits. Staff manually added the Voting Results Reports from each ballot scanner at the Election Day vote centers and compared the manually added totals with the totals produced by the election database for those precincts. The Director reported that all of the numbers matched.

Director Jurgensen explained that a similar verification was performed on each ballot scanner used on the canvassing day randomly selected by the Board of Canvassers for the vote by mail canvass. Staff manually added the Voting Results Reports printed from each ballot scanner used on the canvassing day randomly selected by the Board of Canvassers for the vote by mail canvass and compared the manually added totals to a report printed from the election database for the vote by mail canvass. The Director confirmed that all of the numbers matched.

The Director and IT Manager presented the Board of Canvassers with the verification results and the Clear Ballot Report. The Board of Canvassers reviewed the results.

For the vote centers, staff explained that staff compared the number of signed voter authority cards for each ballot scanner against the number of ballots cast. The Election Director confirmed that all of the numbers matched.

Staff explained that staff reviewed a sample of accepted vote by mail ballots to determine if the ballots were timely received. Staff also reviewed a sample of rejected vote by mail ballots to determine if the ballots were untimely received or were rejected for another valid reason. The Director confirmed that all of the numbers matched.

Margaret Jurgensen explained that post-election audits were performed on all vote centers and select vote by mail and provisional ballots.

### **POST ELECTION AUDITS**

For the vote centers, Ms. Jurgensen explained that staff compared the number of signed voter authority cards for each ballot scanner against the number of

ballots cast. The staff confirmed that all of the numbers matched.

The Election Director explained that a sample of accepted provisional ballots were reviewed to determine whether the provisional voter was registered to vote at the time of the election, voted the ballot for the precinct in which the voter resides, and all other applicable criteria were met. A sample of partially accepted provisional ballots was also reviewed to confirm that a voter was registered to vote at the time of the election, did not vote the ballot for the precinct in which the voter resides, and all other applicable criteria were met. Staff also reviewed a sample of rejected provisional ballots to confirm that the voter was not registered to vote at the time of the election or the voter's ballot was rejected for another valid reason. Director confirmed that all of the numbers matched

The Election Director explained that all ballot images from Election Day and canvasses through June 2, 2020 were sent to a third-party for re-tabulation. The vendor produces reports comparing precinct-level results from the voting system against the precinct-level results from the re-tabulation, and these reports show any differences between the two sets of results. The Director showed the reports and confirmed that any differences between the two sets of results were less than 0.5%, the threshold for additional auditing.

### **CERTIFICATION OF ELECTION RESULTS**

The Director explained that the post-election verifications and audits had discrepancies that were less than the vote margin of any contest on the ballot in that precinct and presented the Board of Canvassers with the election results. The Board of Canvassers reviewed the election results.

Ms. Khozeimeh moved to certify the 2020 Primary Election. The motion was seconded by Ms. Phillips and passed unanimously.

The Board authorized the signatures of the Certification documents and to release the information to the public. Staff presented the canvass sheets to the Board of Canvassers Chair and Secretary for their signatures.

### **NEXT BOARD OF CANVASSERS' MEETING**

As additional ballots were received, the Board of Canvassers convened to reject untimely ballots. The Board of canvassers convened and rejected untimely ballots at its meetings on July 29, 2020, August 17, 2020 and September 21, 2020. If additional untimely ballots are received, the Board of Canvassers will convene to reject them.
