

Election Worker News
Montgomery County Board of Elections
December 2022

We want to thank everyone who worked the General Election in November. We recognize and appreciate your commitment to making sure the electoral process works and that every voter has an opportunity to vote. The Board of Elections depends on the community volunteers to conduct elections and they cannot happen without you.

What's next! The recruitment team is working on payroll for the Election Workers. Those who selected to receive the service stipend for their volunteer service, will receive their stipend checks no later than six weeks after Election Day. The service stipend checks will be mailed to your address of record. The high school students who chose to receive SSL hours in lieu of the stipend can expect the SSL forms to be emailed in mid to late December. The SSL coordinator will forward the SSL forms directly to you via email.

Once payroll is complete the recruitment office will wrap up the 2022 Election Cycle and begin to prepare for the 2024 Presidential Election Cycle. This includes a variety of task such as evaluating our current Program to identify areas of success, areas of improvement, and reviewing all the feedback we have received from the election worker community from both elections.

Concluding the 2022 Election Cycle also means saying farewell to our Election Worker Recruiters. Most of our Recruiters come to the Board of Elections as temporary staff and have been with us since January 2022. The recruitment team has worked tirelessly to recruit volunteers to serve as Election Workers. We appreciate all the hard work and dedication. Best wishes on all your future endeavors.

**There are two permanent team members in office if you require assistance*
