Presidential General Election

Greetings,

Thank you for your interest in participating as an Election Worker at this important moment in history for the upcoming Presidential Election. Great is the need for trained civic minded election workers. Training is a requirement by Maryland law and allows for the conduct of elections that inspires public confidence and trust in the outcome of the election. Montgomery County is in **urgent need** for our Montgomery County volunteers to serve as EARLY VOTING WORKERS as well as Election Day. Please consider helping in this capacity.

Serving requires completion of your Quiz, Online training and attending a Hands-On training class. The On-line training is new this election. Log in to the EJ Connection, select Training Materials under Resources then selecting Online Training. Training is required for new and returning Election Workers. If you have question, please contact the Recruitment Information line at 240.777.8533.

Please stay healthy and safe during these challenging times! Good luck with your training and know we are counting on you to make this a successful election.
