WHO WE ARE

"The role of the Performance Review Committee is reviewing and monitoring CoC performance, providing oversight on data collection process, reviewing outcomes to assess progress on ending homelessness, and informing ICH with data analysis to support decision-making. With the federal homeless policy increasingly shifting toward a data driven approach that seeks to demonstrate measurable reductions in the number of people experiencing homelessness, the Performance Review Committee strives to build a robust data collection, analysis and program evaluation capabilities." – Montgomery County Strategic Plan

WHAT WE WANT TO DO

WHAT WE WANT TO DO

- Set goals
  - System wide goals
  - Program-level goals
- Measure
  - Monthly monitoring by our committee
  - Quarterly monitoring by the ICH
- Improve
  - Use performance data to make funding decisions
  - Help poor performers improve
- Report
  - Communicate performance publically

WHY WE WANT TO DO IT: OUR VISION

"Montgomery County Continuum of Care and our partners are engaged in an on-going system transformation process, shifting to a person centered, housing focused, low barrier, data-driven homeless crisis response system. The purpose of this system is to reach our collective goals of reducing disparities and making homelessness rare, brief and non-recurring in Montgomery County. Centering results for the most vulnerable members of our community helps us determine what is working and what gaps still need to be addressed." – Montgomery County Inside Not Outside Initiative Website

WHY WE WANT TO DO IT

- Allows us to communicate a vision for the future
- Guides decision-making and resource allocation to improve outcomes
- Invites new ideas and stimulates innovation to advance goals
- Ensures everyone is working towards common results
- Remember: If you can achieve your goal without changing your behavior, why set a goal at all?
