DESCRIPTION

This project provides for the renovation and expansion of North Four Corners Local Park located near the commercial area of Four Corners in Silver Spring. The park entrance is at 211 Southwood Drive. The approved facility plan recommends the following amenities for the new, undeveloped 6.0 acre parcel: rectangular sports field, 50 space parking area with vehicular access from University Boulevard, a Class I bikeway from University Boulevard to Southwood Avenue, paved loop walkways, a plaza with seating areas and amenities, portable toilets, fencing, landscaping, and storm water management facilities. The existing 7.9 acre park will be renovated to replace the existing field with an open landscaped space with paths, seating areas and a playground. Landscaping and other minor improvements to existing facilities are also provided in this area. The existing parking lot will be expanded in the future, if needed, as a second phase of development, and is not included in the project costs.

ESTIMATED SCHEDULE

Design will commence in FY12 with construction in FY14-15.

COST CHANGE

Increase due to inflation.

JUSTIFICATION

The Four Corners Master Plan, approved December 1996, recommended acquisition of the six-acre park property and expansion of this park for the purpose of providing additional active recreation facilities in the down county area. The 2005 Land Preservation, Parks and Recreation Plan (LPPRP) estimates a need for more than 10 additional soccer fields in the Silver Spring/Takoma Park Team Area. This park is one of a very few vacant areas suitable for field construction and will provide an essential new soccer field for this area. The Montgomery County Planning Board approved the park facility plan on September 22, 2005, and approved an amended plan on January 31, 2008.

OTHER DISCLOSURES
