Revenue Challenges

FY17 audited actuals below FY17 estimates for the following major taxes:
  - **Income Tax:** -$19.8 million
  - **Transfer and Recordation Taxes:** -$1.4 million
  - **Energy Tax:** -$9.7 million
  - **Property Tax:** -$5.4 million

November 2017 Tax Revenue forecast was much lower than expected – forecast has been revised downward for FY18 and FY19 by a total of $180.9 million.

Income Tax Uncertainty

- **MD State Comptroller v. Wynne** - Projections assume losses of $14.2 million in FY19 and $28.5 million in FY20 and $142.3 million between FY19-FY24
- FY18 income tax projections are $78.8 million below the FY18 budget
- FY19 income tax projections are $54.3 million below Finance’s March 2017 estimate
- Impact of Federal Tax law changes

Next revenue update - Late February
High structural cost increases for:

- Debt Service, Reserves, Retiree Health Insurance
- Maintenance-of-Effort requirement for MCPS and College

Cost pressure is actually higher because other factors must be accounted for including:

- Labor agreements – ongoing negotiations with the Fraternal Order of Police
- Cost increases for group insurance, workers compensation, and general inflation
- Operating cost of new facilities and infrastructure

Actions taken to Close the Gap in Prior Years

1. Withheld steps and general wage adjustments
2. Required increased employee contributions to retirement and health benefit plans
3. Maintained MCPS at Maintenance of Effort (MOE) level or below for six years
4. Reduced the number of employees by over 1000 (or 10%) and maintained a lower per capita employee ratio (still below the FY 06 level)
5. Slowed the rate of growth in expenditures from double digit annual percentage growth prior to FY 08, to an average of 2.7 percent over the last 10 years.

Operating Budget

County Budget is divided into two parts

**Tax Supported**

*Excludes* grants and services supported by fees and charges (non-tax supported funds)

**Non-Tax Supported**

Funds are *self-sustaining* and generally not subject to fluctuations in tax receipts

Total Non-Tax Supported Funds: $674.6 million

Grants:
$222.9 million

Self-Supporting funds:
$451.7 million
The budget is balanced when projected resources are equal to projected uses, including funding reserves to the policy level.
Selected Fiscal Assumptions: Resources

- Property tax revenues are projected at the Charter Limit
- Other tax revenues and user fees are projected at their current rates
- Level (flat) funding of existing intergovernmental aid formulas, which could change after the Governor releases the State budget
- Latest revenue estimate: Net decrease in anticipated County revenues of $180.9 million ($94.9 million in FY18 and $86.0 million in FY19) compared to estimates assumed at the time the FY18 budget was approved

*By law, the greater of 50% of excess revenue or 0.5% of revenues must be allocated to the reserves*
Under these assumptions, total agency expenditures must be reduced 4.8% to produce a balanced budget in FY19.

Because of State law requiring a certain level of funding for MCPS and Montgomery College, County Government and Park and Planning could sustain reductions of nearly 11.7%.
