Subject: Community Concerns
Local Map Amendment H-149
Glenmont Forest Apartments Rezoning

As the elected representatives of more than 550 residents in the Staff-Defined Neighborhood (Figure 2, Montgomery Planning Staff Report) directly across from the proposed redevelopment, the leadership of our community has learned that any detrimental effects on the surrounding area must be considered in determining compatibility. Existing uses in the neighborhood must be considered in reaching these required findings. Each of the residents listed below wishes to be identified as a party of record in the official record of this case. We also wish to go on the official record in opposition to Local Map Amendment H-149 for three primary reasons related to compatibility and public interest: transportation, storm water management and schools.

Respectfully submitted,

Vicki Vergagni, President
Board of Directors
Glen Waye Gardens Condominium Association

Jonathan Robbins, Vice President
Dorothy J. Hunt, Secretary
Elizabeth Tangvatchrin, Treasurer
Djonggi Lubis, At-Large
