Subject: Bill 35-14 Discharge of Bows-Amendments

Hello Everyone,

There is a Bill 35-14 that is scheduled for Public Hearing at 1:30 pm next Tuesday July 15, 2014 that **every County agricultural organization needs to provide support or testimony or both.**

Click on the link below to access the Bill 35-14.

http://www.montgomerycountymd.gov/COUNCIL/Resources/Files/bill/2014/Packets/20140610_5A.pdf

The Bill 35-14 proposes to reduce the safety distance from 150 yards to 100 yards and this will make more properties eligible for bow hunting which will help to reduce deer herds.

The AAC and the APAB will be meeting together next Tuesday evening July 15, 2014 at 7:00 pm to discuss the Discussion Draft Possible Legislation on Pesticides.

Therefore we need to get organized ASAP to show strong farmer support for this Bill.

I will draft a letter from the AAC.

John Z please draft a letter from the APAB.

David Plummer please draft a letter from the MSCD.

Grace I will work with you to draft a letter from the MCFB.

Please make sure your agricultural organization is represented next Tuesday.

Thanks J
