RE: Important Information—Price Adjustments

Dear Ms. Williams,

At Comcast, we are committed to delivering the products and services that matter most to our customers in Montgomery County, as well as exciting experiences they won't find anywhere else. We are also focused on making our Xfinity network stronger in order to meet our customers' current needs and future demands.

As we continue to invest in our network, products, and services, the cost of doing business rises. While we absorb some of these costs, these increases can affect service pricing. As a result, starting December 20, 2024, prices for certain services and fees will be changing. Please see the enclosed Customer Notices for more information.

We are also making changes to the format of our bills. Beginning on December 10, 2024, customer bills will show the total price for video packages—including service charges and programming-related fees (such as Broadcast TV and/or Regional Sports Fees, if applicable) which used to appear separately. This way, customers will see the total cost of video services all in one place. We also will continue to itemize certain fees so that customers can also see a breakdown of those costs.

Customers will begin to receive notice of these changes within their bill statements starting November 20, 2024. We know you may have questions about these changes. If I can be of any further assistance, please contact me at (410) 960-1566.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Mulhall", is written over a light blue horizontal line.
