Applicant: Network Building + Consulting on behalf of Verizon Wireless

Site Name/Location: PEPCO 795419-4179/ 399 Philadelphia Avenue, Takoma Park

Zoning Standard: R-60 **Property Owner:** PEPCO Holdings

Description: This project consists of Verizon Wireless installing (3) 5G 28GHZ antennas along an existing PEPCO owned wood utility pole located within the Maryland State Highway maintained ROW. PEPCO will replace the existing wood pole to accommodate the small cell wireless antenna and equipment. The antennas will be installed per Verizon Wireless 5G standards on top of the pole at a RAD center of 45.7". The Verizon Wireless RF engineer determined that 5G service is specifically needed along Philadelphia Avenue. The 5G antenna will provide 5G coverage to the surrounding area along Philadelphia Avenue and will assist Verizon Wireless in strengthening and establishing a robust 5G network within Montgomery County. The antennas and equipment will be screened to match the pole.

Tower Coordinator Recommendation: Recommended. Recommendation is subject to compliance with all applicable laws.

<https://montgomerycountytfcg.s3.amazonaws.com/Applications/MC2022051806+Application+and+Report.pdf>

Marjorie Williams and Julie Elias summarized the application.

Daryl Braithewaite explained Takoma Park's position on State Highway ROW in relation to the site. She also stated that there is no reason to believe that the community garden would be affected, as that area is city property.

Debbie Spielberg asked a question regarding official findings of State ROW. Daryl Braithewaite explained that Takoma Park received documentation from the State which shows that the site is State Highway ROW.

Debbie Spielberg suggests a survey be done by the City to confirm the site is SHA ROW.

Michelle Grace made a motion to recommend the application on the condition that this is State Highway ROW property. Thomas Williamson seconded the motion and the motion to recommend was unanimously approved.
