

Carmen Ortiz Larsen

Ms. Larsen is an executive and senior business technologist, founder, President and CEO of AQUAS, Incorporated, established in 1990. In this role, she provides executive and operational leadership for a team of technical professionals involved in modernizing and re-imagining public sector information systems and mission critical programs in Federal agencies, state and local governments, and international programs. In 2014 she founded BioEthx.org and BioEthx Café, a program to support medical ethics consultants exchange lessons learned and best practices, and to promote standards in documenting processes and events related to patient ethical concerns and compliance with ethical and legal practices in healthcare investigations. During 2022, she served as an executive business technology consultant for the Federal Reserve Board. She was inducted in the Montgomery County Business Hall of Fame, and has received a number of awards and recognitions. She is a graduate of Leadership Montgomery class of 2004. Ms. Larsen serves as the current President of the Hispanic Chamber of Commerce Montgomery County, and co-hosts the 22 year old Annual Minority Legislative Breakfast. She is a member of the board of directors for non-profit organizations that serve economically challenged youth and the needs of Montgomery County's diverse communities in housing, arts, education, and economic development. Ms. Larsen is a Physics graduate of Georgetown University, and holds certifications in public transit safety, healthcare technologies, international law and clinical ethics. Born of Ecuadorian immigrants in Rome, Italy, she migrated to the United States at age 16, and raised 2 daughters and a nephew in Montgomery County. She is a US Citizen, fluent in Spanish, English, French and Italian.
