

Resolution No.: 19-768
Introduced: March 19, 2021
Adopted: March 19, 2021

**COUNTY COUNCIL
FOR MONTGOMERY COUNTY, MARYLAND
SITTING AS THE MONTGOMERY COUNTY BOARD OF HEALTH**

Lead Sponsors: Councilmembers Rice and Riemer

Subject: First Amended Board of Health Regulation to prevent the spread of COVID-19 in the County

Background

1. Lawrence J. Hogan, the Governor of the State of Maryland declared a state of emergency and catastrophic health emergency on March 5, 2020, and renewed on March 17, 2020, April 10, 2020, May 6, 2020, June 3, 2020, July 1, 2020, July 31, 2020, August 10, 2020, September 8, 2020, October 6, 2020, October 29, 2020, November 25, 2020, December 23, 2020, January 21, 2021, and on February 19, 2021 to control and prevent the spread of SARS-CoV-2 also known as COVID-19 within the state and both the state of emergency and catastrophic health emergency still exist in Maryland.
2. The effects of COVID-19 require that local officials be vigilant in advising all individuals in Montgomery County, Maryland of measures they can take to protect health, safety, and welfare.
3. There are multiple COVID-19 variants with the three primary variants being the United Kingdom variant (known as B.1.1.7) which may be associated with an increased risk of death, the South Africa variant (known as B.1.351); and the Brazil variant (known as P.1).
4. The potential consequences of emerging variants include the ability to: spread more quickly in people; cause milder or more severe disease in people; evade detection by specific diagnostic tests; decreased susceptibility to therapeutic agents such as monoclonal antibodies; and further delay or possibly evade natural or vaccine induced immunity.
5. Montgomery County is the only jurisdiction in Maryland with confirmed cases of all three primary variants.
6. It is imperative to control the community spread of COVID-19 to avoid further mutations which give rise to new variants until such time as a sufficient portion of the population of Montgomery County is inoculated against COVID-19.

7. To date only 11.8% of the population of Montgomery County has been vaccinated for COVID-19.
8. COVID-19 in Montgomery County has caused disease in Montgomery County which thus far has claimed the lives of more than 1400 Montgomery County residents.
9. The currently known and available scientific evidence and best practices support continued limitations on large gatherings, increased use of face coverings, and continued social distancing to prevent exposures and transmissions and further mutations.
10. To reduce the threat to human health caused by transmission of COVID-19 and to protect and save lives, it is necessary and reasonable that individuals in Montgomery County continue to engage in social distancing, use of face coverings, and refrain from congregating in large groups.
11. It continues to be necessary to control and direct the occupancy and use of buildings and premises, as well as places of amusement and assembly within Montgomery County.
12. Due to Montgomery County's large population and the amount of interstate travel between the District of Columbia and the Commonwealth of Virginia, disease can spread faster.
13. On March 9, Director of the National Institute of Allergy & Infectious Diseases at the NIH and Chief Medical Advisor for COVID-19 to President Biden, Dr. Anthony Fauci, told the Montgomery County Council "Now is the time to keep our foot on the accelerator with regard to adherence to public health measures, such as masking, physical distancing, and other measures that we know work to protect people from the SARS CoV-2 virus, while we are ramping up efforts to vaccinate as many people as we can as quickly as possible."
14. On March 1, CDC Director Rochelle Walensky said, "Please hear me clearly. At this level of cases with variants spreading, we stand to completely lose the hard-earned ground we have gained. These variants are a very real threat to our people and to our progress. Now is not the time to relax the critical safeguards that we know could stop the spread of COVID-19 in our communities, not when we are so close."
15. Both County Health Officer, Dr. Travis Gayles, and County Director of Emergency Management, Dr. Earl Stoddard, recommended a progressive, staged relaxation of restrictions so officials can disaggregate the data and assess the impact of the relaxation of the restrictions in other jurisdictions before deciding what is safest for the residents of Montgomery County.
16. Pursuant to Md. Code Ann. Local Government §10-328(b) a county may provide for the prevention of contagious diseases in the County.
17. A local Board of Health may, pursuant to Md. Code Ann. Health Gen. §3-202(d), adopt and enforce rules and regulations on any cause of disease in the County.

18. Pursuant to Montgomery County Code 2-65, the County Council is and may act as the County Board of Health.
19. The Council, sitting as the Board of Health, adopted a Board of Health Regulation in Resolution No. 19-760 on March 12, 2021. This Board of Health Regulation would amend Resolution No. 19-760.
20. Rule 4(d) of the Council's Rules of Procedure provide that before the Board of Health adopts a regulation, the Council President must advertise a public hearing in a newspaper circulated throughout the County at least 15 days before the hearing and notify the governing body or chief executive officer of each municipality in the County at least 15 days before the hearing. Rule 4(d) allows the President to waive these notice provisions if a public health emergency requires immediate action. The Council President has waived these notice requirements because of the public health emergency caused by COVID-19.
21. The County Council, sitting as the Board of Health, finds after hearing the testimony and other evidence in the record of the public hearing that this public health regulation is necessary to protect the health of County residents.

Action

The County Council for Montgomery County, Maryland, sitting as the County Board of Health, finds that this is an emergency and approves the following regulation amending the regulation adopted by Resolution No. 19-760:

1 1. Definitions.

- 2 a. “Face Covering” means a covering that fully covers a person’s nose, mouth, and
3 chin and is secured to the person’s head, including cloth face coverings, scarves,
