# STANDARDS

## What are the Level I & Level II Standards for Building Professionals?

For All Ages & Stages of Life

### Level I (VISITable) and Level II (LIVEable) Accessibility Standards for Property Tax Credit

Accessibility Standards for Level I (VISITable) homes and Level II (LIVEable) homes include design elements such as a no-step entrance, and slightly wider interior doors. These elements make it easier and safer to bring in a baby stroller, move enlarged furniture, and accommodate people living with temporary or permanent disabilities as well as friends or relatives with mobility limitations.

#### The 4 design elements required to meet Level I (VISITable) Accessibility Standards

**Property Tax Credit** — runs with property — Up to \$3000 less other subsidy including school impact tax credit. Maximum credit to be applied in any tax year is \$2000 and excess credit carries over.

**Applicability** — Expenditures in excess of \$500. Incurred within 12 months of application.

**Program annual limit** — \$500,000

- School Impact Tax Credit** —
- 5% of the single family houses in project – \$500/ Level I house.
  - 10% of the single family houses in project – \$1,000/ Level I house.
  - 25% of the single family houses in project – \$1,500/ Level I house.
  - 30% of the single family houses in project – \$2,000/ Level I house.

*Applies only where there is no bonus density for Design for Life units.*

**Type of residence ownership** — Attached or detached single family.
